

Spring 2025

SCHEDULE OF CLASSES

January 13 - May 22

Registration begins November 4

Enroll online at www.chaffey.edu

VISION STATEMENT

*Chaffey College:
Improving lives through education.*

MISSION STATEMENT

Chaffey College improves lives and our communities through education with a steadfast commitment to equity and innovation to empower our diverse students who learn and thrive through excellent career, transfer, and workforce education programs that advance economic and social mobility for all.

Chaffey College Governing Board

Immediate Past President

Corah Miller
CCSG President / Student Trustee

PRESIDENT'S WELCOME

Welcome to Chaffey College!

Whether you are pursuing a degree, certificate, or planning to transfer to a four-year college, thank you for trusting Chaffey College to help you reach your goals. You will find an abundance of in-person, hybrid, and online courses to fit your needs, along with plenty of staff to support you along the way.

We are always finding more ways to make classes more accessible to our students, whether it's through partnerships with school districts to provide high school students with dual enrollment courses or creating classes to fit your busy schedule. In fall 2024, we rolled out 246 course sections taking place at night, a 114 percent increase from the previous fall. These classes are a great option for students who work day jobs and need more flexibility to reach their academic goals.

Chaffey College has talented and engaged faculty that believe deeply in student success. Our faculty are student-centered and experts in their respective disciplines. Chaffey offers students quality resources to help them achieve their academic goals. Students receive excellent academic support from our Success Center Network, which includes our Student Success Centers, Supplemental Instruction, and our Library. Coming this spring, students will have the opportunity to actively participate in our Academic and Career Communities (ACC) Career Interest Workshops. These workshops will help students make informed decisions on their career aspirations.

Construction projects are continuing on our campuses, so you will see crews, fencing, and heavy equipment everywhere. We appreciate your patience while we work to improve Chaffey College for you. You are here at Chaffey during an exciting time with the recent opening of the Instructional Building on the Chino campus and renovated swimming pool on the Rancho Cucamonga campus. Also on the Rancho campus, we are making progress on creating new student spaces for engagement and learning in the MACC building and the new Library Learning Commons.

Our campuses are rich with activity every week, from fun events in the quad to rich arts exhibitions in the Wignall Museum and Theatre Arts and exciting athletics competitions at home and away. I encourage you to take advantage of these offerings and to make the most of your time here at Chaffey College.

Enjoy your time with us, Panthers!

Sincerely,

Henry D. Shannon, Ph.D.
Superintendent/President

Becoming a Panther

Who is eligible to attend?

- All high school graduates.
- Anyone who has a Certificate of Proficiency or G.E.D.
- High school students who meet specific requirements – see section on High School Dual Enrollment in this schedule for more information.
- International students who meet specific admission requirements – these students must contact the International Student Office or check the program’s webpage for guidance on beginning the application process. See section on International Students in this schedule for more information.

Who must apply?

- **New students:** those who have never attended Chaffey College.
- **Returning students:** those who have not attended for two or more regular semesters.

Who must submit transcripts?

Official transcripts from colleges or universities previously attended must be submitted to the Admissions and Records Office for the following:

- Students who plan to complete a degree or certificate at Chaffey College, and/or transfer to a four-year college or university.
- Veterans receiving educational benefits.
- Students needing to show completion of course prerequisites.
- Students who have earned an associate’s degree or higher who want exemption from placement.

Official high school transcripts must be submitted for the following students:

- Students who plan to apply for the radiologic technology, registered nursing, and vocational nursing programs.
- Private and home school high school students enrolling for the first time through High School Dual Enrollment.
- Students seeking language other than English certification for Intersegmental General Education for transfer to the University of California (IGETC).
- Students who plan to use high school courses to clear course prerequisites.
- Students seeking to use high school math courses to meet AA / AS degree mathematics competency requirement.

Students With Limitations

Students with learning, physical, psychological, or other health limitations are encouraged to contact [Disability Programs and Services online](#), at (909) 652-6379, or dps.staff@chaffey.edu for assistance.

Step 1

Apply for Admission

Please allow 2 weeks to complete the Chaffey College Matriculation Process (steps 1-5). You must complete these steps to receive the best possible registration date.

1. Go to www.chaffey.edu
2. Click on the “Prospective Students” link at the top of the page.
3. Click on “Apply Now”
4. Create an Account
5. Complete the Application

Be sure to click the submit button.

Check your email for an immediate confirmation receipt (if you do not receive it, go back and finish the application). You will receive a confirmation of registration email within 24 hours.

The registration email includes:

- Your Chaffey ID number
 - MyChaffey Portal log-in instructions
 - Links to the Schedule of Classes
 - Additional critical registration information
6. International students must complete a secondary application through the International Student Center. Visit the [International Student Center webpage](#) online, call (909) 652-6195, or email international@chaffey.edu for more information.

How to earn a prioritized registration date

The Student Success Act was passed to help California Community College students successfully complete their educational goals in a timely manner. Following these steps can help new and returning students reach these goals:

1. Submit your application to Chaffey
2. Complete online Chaffey College orientation
3. Complete the placement process
4. Create a Counselor approved Student Education Plan

REGISTRATION STATUS

You may check your registration date and the registration steps you have completed through the [MyChaffey Portal](#).

Your registration date will be available approximately two weeks prior to the start of registration.

MyChaffey

<http://my.chaffey.edu/>

MyChaffey online services are typically available year-round, 24 hours a day, 7 days a week.

Step 2

Apply for Financial Aid

1. Complete the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov using the Chaffey College Federal School Code **001163**. Dreamers, AB 540 and DACA students: complete the CA Dream Act Application online at <https://dream.csac.ca.gov>. First-time, full-time students who are California residents or AB 540 may be eligible to receive the Chaffey College Panther Promise. Panther Promise provides the first two years of **FREE TUITION** to all first-time, full-time (enrolled in 12 units) college students. For eligibility requirements and to apply, visit the [Panther Promise webpage](#).
2. You must have a current Admissions application on file with the Admissions and Records Department. Applications are submitted online. Make sure your correct Social Security Number is listed on the application.
3. Once the Financial Aid Office receives your information from the U.S. Department of Education or the California Student Aid Commission, you will receive an email from the Financial Aid Office indicating if awards are available, or if additional documentation is needed to complete your file. Your Financial Aid status is available via the Financial Aid – Student Self-Service Portal.

To view a list of required documents/Actions and any additional documentation you are required to complete, follow these steps:
 - Log onto the [MyChaffey Portal](#)
 - Click on Financial Aid Self Service link under the Financial Aid menu
 - Review your checklist for required documents and/or My Awards
4. Your Financial Aid will be reviewed for eligibility and you will be notified by email of your award(s). If you are eligible for the California College Promise Grant (CCPG - formerly BOGFW), this will automatically be applied after your FAFSA or Dream Act application is received. Once eligibility has been determined, and you have been awarded a Federal Pell Grant, or any other type of aid, it will be automatically accepted in the award letter. For more information on the CCPG and types of Grants, please refer to the Financial Aid section in this Schedule of Classes.

Do you need assistance with your financial aid application? Attend a financial aid FAFSA/Dream Act application workshop. Workshop times and locations are available [on our website](#).

FINANCIAL AID OFFICE ASSISTANCE

QLess

The Financial Aid Office is available to serve you online through QLess. Complete an online form at one of the links below and receive updates via text and an email with a link to meet a staff member through Zoom online.

[Rancho](#) • [Chino](#) • [Fontana](#)

Financial Aid staff are available to assist over Zoom Mondays and Thursdays 7:00am-7:00pm, Tuesdays and Wednesdays 7:30am-4:30pm, and Fridays 7:30am-4:00pm.

To contact Financial Aid after business hours, email financialaid@chaffey.edu with your name and Chaffey ID.

Step 3

Complete College Orientation and Placement

Orientation is a presentation about Chaffey College and the programs and services available to enrolled students. All new and returning students must complete the Chaffey College Orientation in order to receive the best possible registration date. Orientation prepares you to be a successful student at Chaffey College. It includes information about the college, the multiple measures placement, the education plan, and important information about policies and procedures.

New and returning students are required to complete the Chaffey College Orientation after submitting the application. The English and math placement process is now combined with the Chaffey College application. Once Orientation is completed, students will be immediately directed to review or retake their placement. The Chaffey College Orientation is available online via Self-Service.

[STUDENT ORIENTATION ONLINE](#) • [PLACEMENT](#)

Step 4

Create an Education Plan

The next step in the enrollment process is very important; it includes creating an educational plan. It assists you in taking the appropriate classes to meet your education goal.

Together with a Counselor you will discuss the courses needed to achieve your goal.

To complete an Education Plan

Schedule an appointment through [ConexED](#)

- Read and agree to the Informed Consent Statement
- Click on the Student Login Portal button
- Enter your Chaffey ID and password
- Schedule an appointment that works best for your availability
- Complete the Intake Form
- Click on “Schedule Appointment”

If you have transcripts from another college, please submit official transcripts to the Admissions and Records Office. A request for transcript evaluation is needed. The form is available [online](#). Once you have received a confirmation email that your transcript evaluation has been completed, schedule an online appointment. Follow the instructions above for how to make an online counseling appointment through ConexED. See Official Evaluation of Credit Completed at Other Schools in this Schedule for more information.

In order to receive the best possible registration date, you must complete an Education Plan. We recommend completing Steps 1-3 before scheduling an appointment with a counselor.

For more information, visit the [Academic and Career Counseling Department online](#) or contact counseling@chaffey.edu. [Watch this tutorial](#) to learn how to schedule an online counseling appointment.

Step 5

Register for Classes

To Register

Once you have completed Steps 1 through 4 you will receive a date and time to register. Your registration date and time will be available on the MyChaffey Portal approximately two weeks prior to the start of the registration period. We encourage you to register as soon as possible on or after the assigned registration time; the longer the wait, the more difficult it is to get the classes you need.

Visit this link for a variety of video tutorials covering course registration, paying for classes, accessing your Panther email, navigating MyChaffey, counseling services, and more.

Maximum Unit Load

You may enroll in a maximum of 18 units in fall and spring semesters, and 12 units in the summer session. Counselor permission is required through a Unit Overload request to exceed the maximum unit load allowed.

Multiple Enrollments

You may not enroll in more than one section of any course that is not repeatable at the same time.

Time Conflicts

You may not enroll in sections that have time conflicts with other sections, or courses that meet at the same time.

High School Dual Enrollment

High School students may register online. Submission of a completed Dual Enrollment Agreement is required in order to receive a registration appointment. For more information about enrollment and registration processes, visit the [High School Dual Enrollment webpage](#) online.

■ Wait List Information

- You may place yourself on a wait list for a class that is closed, provided the option to wait list is available and the wait list is not already full.
- If a seat becomes available, you will automatically be registered based on your rank on the wait list, as long as you do not have a restriction or conflict preventing registration.
- You will be contacted through your personal email if you are automatically registered.

Wait List Restrictions and Disclaimers

You may wait list for only one section of a specific course.

- Time conflicts are not checked systematically for overlapping sections when a student is wait listed.
- Professors have the discretion to approve registration by issuing Add Authorizations to students on the first day of instruction.
- You may not enroll in and wait list in different sections of the same course at the same time. Enrollment in a course will drop you from the wait listed section.
- The wait list will remain active until instruction begins. If you have not been registered from the wait list prior to the first day of instruction, you can contact the instructor to request Add Authorization.

Add Authorization and Late Registration

Once the semester begins, all students are required to have an Add Authorization for all open and closed classes. The Add Authorization is issued by the instructor and must be used before it expires on the last day to add. The Admissions and Records Office cannot extend the deadline to add classes.

The last day to add classes is as follows:

- Full-Term January 27
- Fast Track I January 17
- Early 14-Week January 17
- 14-Week February 7
- Fast Track II March 28

For more information, check your account summary through the MyChaffey Portal, the Schedule of Classes, or contact the Admissions and Records Office [online through QLess](#) during business hours.

Add Authorizations for Online (Distance Education) Classes:

To add an online class after registration closes, or after the class start date has passed, email the class instructor promptly. The email should include the following information: your full name, Chaffey ID number, position on waitlist (if applicable), and the name and section number of the course.

Faculty email addresses can be located on the Chaffey College [Employee Directory webpage](#).

Once you have received an Add Authorization from an instructor, be sure to register as soon as possible via the "Self-Service (Registration)" link in the [MyChaffey Portal](#). If you experience issues with registration, review this [video tutorial](#) on registering for classes after a class has started, or contact Admissions and Records.

Step 6

Pay Enrollment Fees

All fees are approved by the State of California and are subject to change without advance notice. For a current list of all enrollment fees, visit the [Cashier's Office webpage](#).

Enrollment Fee

CA Resident\$46 per unit
Non-CA Resident U.S. Citizen
and Non-U.S. Citizen.....\$460 per unit
(\$406 per unit, plus \$46 per unit enrollment fee, plus
\$8 Capital Outlay charge)

College Services Fee (optional)

- \$8.00 (Fall/Spring); \$5.00 (Summer)

Health Services Fee*

This fee funds the Student Health Services Program. Certain laboratory tests and medications may require an additional fee.

Non-California College Promise Grant (CCPG)
• \$21.00 (Fall/Spring); \$18.00 (Summer)
California College Promise Grant (CCPG)** (A)
• \$10.50 (Fall/Spring); \$9.00 (Summer)
California College Promise Grant (CCPG)** (B)
• \$21.00 (Fall/Spring); \$18.00 (Summer)
California College Promise Grant (CCPG)** (C)
• \$21.00 (Fall/Spring); \$18.00 (Summer)

Materials Fee Variable
Some classes require a materials usage fee. The charge is noted under the appropriate class at the end of the description. Material fees must be paid at registration, and are not subject to waiver.

Parking Fee

Parking permits are required on the Chino (College Park location only), Fontana, and Rancho Cucamonga campuses. Permits can be ordered through the [MyChaffey Portal](#) by selecting the "Parking Permit" link under the Shortcuts panel.

Auto Parking Permit (including CCPG eligible):
• \$30.00 (Fall/Spring); \$15.00 (Summer)
Motorcycle Parking Permit:
• \$10.00 (Fall/Spring); \$10.00 (Summer)

NSF/Chargeback/Stop Payment Fee\$25.00
(Only cash, money order, or cashier's check accepted to clear these fees)

Student Representation Fee*** (optional)...\$2.00

Technology Fee

- \$8.00 (Fall/Spring); \$5.00 (Summer)

Transportation Fee

To be eligible for ridership services from Omnitrans, students must possess their own current, valid Chaffey ID card, must remain registered in classes for the duration of the current academic term, and must have paid the transportation fee for the current academic term. Students who withdraw from classes during a term are no longer eligible for services at the point of withdrawal.

Registered in fewer than 6 units:

- \$8.00 (Fall/Spring); \$5.00 (Summer)

Registered in 6 units or more:

- \$9.00 (Fall/Spring); \$6.00 (Summer)

*Pursuant to section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Fee waived. Applications for waiver are available in the Student Health Services office.

**California College Promise Grant (CCPG - formerly BOG Fee Waiver)

*** The \$2 Student Representation Fee (AB 1504) is used by the Associated Students of Chaffey College and the Student Senate of California Community Colleges to advocate and lobby for legislative issues that affect and benefit community colleges and community college students both at the state and federal level.

For information related to the waiver of enrollment fees, contact the Financial Aid Office at financialaid@chaffey.edu or (909) 652-6199.

Methods of Payment

1. Pay Online

Online payments can be made through the [MyChaffey Portal](#). Visa, MasterCard, Discover, and American Express are accepted. Split payments cannot be processed online.

2. Pay Using NBS Tuition Payment Plan: <https://mycollegepaymentplan.com/chaffey/>

3. Pay by U.S. Mail

We accept personal checks or money orders payable to Chaffey College. Please write your student ID number in the memo section of your check. Chaffey College is not liable for mail lost or delayed by the postal service. Mail payments to:

Chaffey College
Cashier's Office
5885 Haven Avenue
Rancho Cucamonga, CA 91737

4. Bank Wire

Log onto the [MyChaffey Portal](#), click on the "Make a Payment" link at the center of the screen under Widgets, and select Bank Wire. The exact payment amount must be initiated. Once the bank wire payment is submitted, submit confirmation via email to cashier.staff@chaffey.edu to avoid being dropped from classes.

5. Third Party/Sponsor Paid

All vouchers and paperwork must be submitted via email to cashier.staff@chaffey.edu prior to the student's payment deadline.

Verification of Payment

Once payment is made, we recommend you print out your receipt for your records.

NBS Tuition Payment Plan: <https://mycollegepaymentplan.com/chaffey/>

Pay for tuition and fees over time. Tuition payment plans break down your tuition balance into affordable monthly payments. There's no interest, payment options are flexible, setup fees are affordable, and it's easy to enroll.

FACTS Payment Methods:

- Automatic bank payment (ACH)
- Credit card/debit card

Cost to Participate:

- \$25 enrollment fee per semester (ACH & credit card)
- \$2 enrollment fee for an immediate full payment
- \$30 returned payment fee if a payment is returned

Simple Steps to Enroll in the Payment Plan (*a new payment plan must be set up for each semester*):

- Go to <https://mycollegepaymentplan.com/chaffey/>.
- Select "Enroll Today" located at the top of the screen.

NOTE: All down payments and enrollment fees are processed immediately. NBS scheduled payments are processed on the 5th of each month. You must have a minimum balance of \$100 to enroll in the payment plan.

If an invalid account number is supplied or any monthly payment is returned by the supplied bank *prior to the start of the term*, the payment plan with NBS will be terminated and the student's classes may be dropped.

If an invalid account number is supplied or any monthly payment is returned by the supplied bank *once the term begins*, the payment plan with NBS will be terminated and there will be a hold placed on the student's record until the balance is cleared in full.

If there are any changes made to the student's Chaffey College account including but not limited to adding and/or dropping classes, obtaining the California College Promise Grant (CCPG), or updating residency status, the student must adjust their payment balance by visiting <https://mycollegepaymentplan.com/chaffey/> and selecting "Enroll Today" located at the top of the screen. If the student has any questions regarding their agreement, they may email the Chaffey College Cashier's Office at cashier.staff@chaffey.edu.

Payment is due at the time of registration. As the student, you are responsible for dropping classes by the stated deadlines. If you register for a class and later change your mind, it is your responsibility to drop the class. You may be responsible for some or all of the fees for dropped courses as per the Refund Policy. If you are a Financial Aid recipient, your award will not cover all of your fees. You are responsible to submit payment for any balance due. An outstanding balance will result in a Hold placed on your account.

Methods of payment include Visa, MasterCard, American Express, Discover, Check or Money Order payable to Chaffey College (include Chaffey ID number).

Financial Holds

Students with financial holds for past due fees will not be able to access the following services (title 5, section 59410):

- Grades
- Diplomas
- Registration Privileges
- Chaffey Student ID

Financial Aid Students

The California College Promise Grant (CCPG) (formerly BOGFW) does not cover all fees for registration. Students who receive the CCPG must pay the remaining fees by the first day of instruction. If payment is not received, a financial hold will be placed on the student's account. For questions regarding your financial aid award, contact the Financial Aid Office [online through QLess](#) during business hours.

Returned Payments

Returned payments due to insufficient funds, invalid account number entry or stopping payment on a check or credit card transaction does NOT constitute withdrawal from classes and will result in a \$25 charge and a financial block on the student's account.

Fee Collection by the Franchise Tax Board

Failure to pay any outstanding balance will result in the student's name being submitted to the Franchise Tax Board for collection of any balance owed to Chaffey College.

Unofficial Withdrawal from Classes

A student will be charged fees for classes he/she is enrolled in, even if the student does not attend any class meetings. It is the student's responsibility to ensure all classes are dropped by the refund deadline to avoid being charged.

Refund Policy for Credit Amounts Less Than \$20

Refunds for credit amounts less than \$20 are not automatic and must be initiated by the student:

- A refund request for a credit amount less than \$20 must be received by the Cashier's Office by the last day of the term.
- To request a refund, the student must send an email to cashier.staff@chaffey.edu.
- For security reasons, the following information is required:
 - Student's full name
 - Chaffey ID Number
 - Refund credit amount
- When all the required information is received, the Cashier's Office will begin the refund process. Refunds will be processed within 45 business days.

Automatic Refund Process

Refunds will still be processed automatically for the following:

- Credit amounts of \$20 or more
- Classes canceled by the college
- California College Promise Grant (CCPG) reimbursements (No refund request required).

Automatic refunds will be processed after the last day to add full term classes. Processing may take up to 45 business days to complete. Students will receive a refund in the form of original payment, excluding cash. Cash payments will be refunded as a check. Students who were enrolled in the NBS payment plan and are due a refund will receive a check in the mail. To ensure prompt delivery, students must verify the correct address information is on the [MyChaffey Portal](#).

Eligibility Requirement for Refunds

A student is eligible for a refund if classes are dropped by the published refund deadline. Refund deadlines vary and are easily located by logging into the [MyChaffey Portal](#), selecting the Registration widget, and choosing “Info.”

To be eligible for a refund, classes must be dropped within the first two weeks of instruction for full-term classes, and before the 10% point of any short-term class. The following fees are subject to refund if classes are dropped before the deadline: enrollment, health, materials, college services, transportation, student representation, technology, and non-resident tuition.

Refund for Parking Permits

To receive a parking refund, the request must be submitted on or before the appropriate refund deadline date. Refund requests may be submitted via the [Parking Permit Refund Request form](#) online.

Refund for Canceled Classes

If the district cancels a class, all fees will be refunded automatically. A refund request is not required.

Financial Aid California College Promise Grant (CCPG) Account Re-Bill/Reimbursement

Students who paid for classes prior to receiving a California College Promise Grant (formerly BOGFW) will receive a refund within 45 business days after the CCPG is processed. The CCPG must be processed and posted to the student's account by the last day of the current term. For information related to the waiver of enrollment fees, contact the Financial Aid Office at financialaid@chaffey.edu. For questions regarding refunds, contact the Cashier's Office at cashier.staff@chaffey.edu.

College Services Fee

The College Services Fee is budgeted by the Chaffey College Student Government (CCSG) to provide a range of opportunities, activities, and services to support and engage the students at Chaffey College. CCSG allocates the funds to benefit the students and foster the spirit of excellence and commitment to learning in all areas of the institution. This includes supporting: book grants, scholarships, lectures, cultural events, festivals, field trips, retreats, conferences, student clubs, the class gift and much, much more. Students who wish to be exempt from paying the College Services fee may submit a [Student Opt Out Request form](#) prior to the refund deadline for the applicable term.

Health Services Fee

This fee funds the Student Health Services program and is used to assist currently enrolled students in achieving and maintaining optimum physical health. In addition to in-person services at the Rancho Campus Health Clinic, 24/7 telemedicine for medical and mental health is provided. There is no copay for visits, and lab tests are available at a low cost. The clinic also provides affordable TB tests, immunizations, physicals for certain programs, and referrals. Pursuant to section 76355 of the Education Code, students who can provide documentation of active membership in a religious organization that relies exclusively on prayer for healing may request to have the Health Services Fee waived. Applications for waiver are available in the Student Health Services office. CCPG-eligible students will be responsible for all or a portion of the Health Services Fee as listed on the [Tuition and Fees webpage](#).

Student Representation Fee

The \$2 Student Representation fee is used by the Chaffey College Student Government and the Student Senate of California Community Colleges to advocate and lobby for legislative issues that affect and benefit community colleges and community college students both at the state and federal level. Students who wish to be exempt from paying the Student Representation fee may submit a [Student Opt Out Request form](#) prior to the refund deadline for the applicable term.

Technology Fee

The Chaffey College technology fee directly supports the cost of providing student access to college technology. This fee is optional and will be used, for example, to help ensure student computer labs are equipped with current hardware and software and to provide high-speed wireless access and connectivity to the internet. The technology fee is \$8.00 per semester in the fall and spring and \$5.00 in the summer and will only be used for student-related technology. Students who wish to be exempt from paying the Technology fee may submit a [Student Opt Out Request form](#) prior to the refund deadline for the applicable term.

Transportation Fee

All students enrolled in credit courses during the fall, spring, and summer semesters are subject to the fee. The transportation fee allows students to ride all of Omnitrans' fixed route bus services at no charge during the semester by using their Student ID card.

High school partnership students and students enrolled in zero-unit classes may opt to pay the transportation fee separately to take advantage of ridership services by submitting a [Transportation Fee Opt-In form](#).

Ridership is valid as long as active enrollment is maintained. Privileges will end immediately if classes are dropped.

■ Payment Chart Spring 2025

If you register for a class on the following date:	Full payment is due by:
Monday, November 4, 2024	Thursday, November 7, 2024
Tuesday, November 5, 2024	Friday, November 8, 2024
Wednesday, November 6, 2024	Saturday, November 9, 2024
Thursday, November 7, 2024	Sunday, November 10, 2024
Friday, November 8, 2024	Monday, November 11, 2024

Wednesday, March 19, 2025	Saturday, March 22, 2025
Thursday, March 20, 2025 - Sunday, March 23, 2025	Sunday, March 23, 2025

If you register less than 3 days prior to class starting, payment is due the day before class begins.

All payments must be made within 3 calendar days (including holidays and weekends) from the date of registration. Partial payments are not accepted; all fees must be paid in full. Failure to pay will result in all classes dropped. Full-term, Fast Track, and 14-Week classes are included in the payment chart. Once the term has started, we strongly recommend to pay immediately to avoid any financial restrictions.

Methods of Payment

Visa, MasterCard, American Express, Discover, Payment Plan, or mail in a cashier's check or money order payable to Chaffey College (include Chaffey ID number).

Step 7

Attend First Class Meeting

Attendance

It is your responsibility to make sure that you are officially enrolled in the class. Regular attendance at all class meetings is expected, and if you are unable to attend a class, promptly notify your instructor. You may not continue attending the class if you are not enrolled.

Dropping Classes

You can drop classes through the “Self-Service (Registration)” link in the [MyChaffey Portal](#). Drop deadlines differ for each class and can be found on your registration receipt. It is your responsibility to ensure your classes are officially dropped, as simply not attending does not count as a formal drop.

Students who drop classes prior to the date census rosters are due will receive no entry on their academic records. Course drops processed after the census deadline and on or before 61% of the course will receive a “W” grade on the permanent record. Drops cannot be processed by a student or an instructor after 61% of the course has elapsed. Failure to drop a course may result in an “F” or “FW” grade on the student’s record. Students are responsible for payment of fees; see Step 6 for more information on the refund policy.

It is important that every student attend the first class meeting. Students who do not attend may lose their seats to other students who are in attendance, even if enrolled in the class.

■ Obtain Your Textbooks

The Chaffey College Campus Store

The Campus Store is dedicated to supporting the mission of the College, academic programs, and student life by providing a wide range of services including new, used, rental, and digital textbooks, supplies, art kits, food items, apparel, electronics, uniforms, and much more. Campus Store proceeds stay with the college and benefit Chaffey students.

Visit the [Campus Store online](#) for current and extended hours of operation, textbook availability and price comparisons, textbook buyback information, and more.

Grants and Scholarships

Chaffey College offers many grants and scholarships to help with purchasing materials from the Chaffey College Campus Store. Please be sure to check your Chaffey College issued Panther email for more information on book grants, scholarships and other CCSG events.

Textbook Reserves

Some textbooks are available on reserve for short-term checkout at campus libraries. Check online at the [Library's website](#) or contact one of the Chaffey College Library locations for more information.

**Textbooks • Merchandise • Apparel
Food, Snacks & Beverages
Electronics • Supplies**

■ Obtain Your Parking Permit

Are parking permits required?

Parking permits are required on the Rancho and Fontana Campuses, as well as the Chino Campus located on College Park. Permits are not required at the Chino Education Center on Central Avenue or the Chino Information Technology Center on Seventh Street.

What hours are parking permits required?

Monday - Friday: 7:00am-11:00pm.
Saturday: 7:00am-3:00pm.
Sunday: No permit required.

How much do parking permits cost?

Fall and Spring: \$30 (Auto); \$10 (Motorcycle)
Summer: \$15 (Auto); \$10 (Motorcycle)

Frequently Asked Questions

Where can I purchase a parking permit?

You can order a parking permit through the [MyChaffey Portal](#) by selecting the “Parking Permit” link under the Shortcuts panel.

How can I get a parking permit refund?

To receive a parking refund, the request must be submitted on or before the appropriate refund deadline date. Refund requests may be submitted via the [Parking Permit Refund Request form](#) online.

Can I park wherever I want with my parking permit?

No. Parking permits allow students to park in student spaces. Students are not permitted to park in any stall marked Staff, Visitor, or Reserved. No parking is allowed in any area that does not have a clearly marked parking stall.

Can I park in metered stalls with my parking permit?

Only if you pay the required meter fee. Any person parked in a metered stall must pay the correct fee, even with a valid parking decal. Metered stalls cost \$0.25 for every 15 minutes with a limit of one hour.

What if I only have one or two classes a week and I don't want to purchase a parking permit?

You can purchase a daily parking permit from dispensing machines located in parking lots throughout the campus. One hour permits are \$1.00 and full day permits are \$4.00.

I ride a motorcycle. Do I have to buy a parking permit?

For the fall and spring semesters, motorcycle permits cost \$10.

What if I drive a different car or just forget my permit?

You may obtain a temporary one day permit at the Campus Police Office with proper identification.

Why is parking so difficult on the Rancho Campus?

The first few weeks of a new semester are always the busiest. Try using alternate transportation such as carpooling or taking the bus. You can also try parking lots at the east or south end of the campus. Having a parking permit does not guarantee a parking space close to your destination and it is your responsibility to find legal parking.

For more information on parking regulations, please refer to the “Parking and Traffic Rules and Regulations” brochure available at the Campus Police office or [online](#), or contact Campus Police at (909) 652-6632.

■ Ensure Your Success

Student Success Centers

Chaffey's virtual and in-person student Success Centers provide free tutoring, workshops, conversation groups, and focused learning activities. Functioning as an "extension of the classroom," the Success Centers strategically design curriculum for every stage of the learning process.

For hours and more information, visit the [Success Center webpage](#).

Rancho Campus Success Center

Room BEB-101 • (909) 652-6452

Fontana Campus Success Center

Room FNFC-122 • (909) 652-7430

Chino Campus Success Center

Room CHMB-145 • (909) 652-8150

Supplemental Instruction

Supplemental Instruction (SI) is a series of weekly study sessions facilitated by a trained student leader. Attendance is voluntary and open to anyone enrolled in the selected courses. The study sessions help students improve understanding of course material, develop study strategies, and prepare for tests. For more information, visit the [Supplemental Instruction webpage](#) or call (909) 652-6468.

Disability Programs and Services

The Disability Programs and Services (DPS) office provides a variety of services to support student success in the classroom. Services vary based on the nature and severity of the disability. For more information, visit [Disability Programs and Services online](#) or call (909) 652-6379. Some example services include:

Counseling for Students with Disabilities

Classroom Services

- Note taking software
- Sign language interpreters
- Assistance with test taking

Adapted Technology Services

- Assistive Technology Lab
- Text recording and e-text
- Text and print enlarging
- Text brailing
- Computer-assisted reading and writing

Mobility Services

- Courtesy trams
- Campus orientation

Library

The Chaffey College Library has branches at the Rancho, Chino, and Fontana sites. Visit the [Library online](#) or call (909) 652-6800 for current hours.

The Chaffey College Library provides access to over two dozen databases that include magazines, newspapers, journals, and encyclopedias in full-text format. These are available 24/7 via the Library homepage to current students, staff, and faculty at Chaffey College.

A valid Chaffey ID card in good condition is required for check-out of items, including reserve materials. Please consult our website or contact us for more information regarding our services and resources.

■ Cómo Empezar en Chaffey College

¿Quién es apto para asistir a Chaffey College?

Todos los graduados de la escuela secundaria, cualquier persona que tenga un certificado de aptitud o prueba de desarrollo educativo general (General Educational Development Test, GED), y cualquier persona que tenga al menos 18 años de edad pueden beneficiarse de un curso de estudio en Chaffey College.

¿Cómo solicito la admisión?

Complete una solicitud visitando www.chaffey.edu y seleccionando el enlace "Prospective Students" (Futuros estudiantes) en la parte superior de la página. Después, seleccione "Apply to Chaffey College" (Aplicar a Chaffey College) para crear una cuenta y comenzar su solicitud. La solicitud es gratuita.

¿Cuánto cuestan las clases?

Los costes de matrícula se cobran por unidad. Una clase típica es de 3 o 4 unidades.

- Residentes de California: \$46 por unidad.
- Ciudadanos de EE. UU. y no residentes en California: \$388 por unidad.

También hay una cuota de Servicios Médicos que cuesta \$21 en otoño y primavera, y \$18 en verano. Las cuotas de estacionamiento son de \$55 en otoño y primavera y de \$25 en verano, y son obligatorias en los campus de Chino (solo en College Park), Fontana y Rancho Cucamonga. En caso de que las cuotas y los permisos de estacionamiento no sean requeridos para el período, los estudiantes serán notificados a través de su correo electrónico Panther emitido por Chaffey College. Además, hay costes asociados a la compra de libros y materiales, que varían según la clase. Para obtener una lista actualizada de todas las cuotas de la matrícula, visite la página web de la [Oficina de Caja](#).

¿Puedo obtener ayuda para cubrir los costes de las clases y otros gastos?

La oficina de ayuda financiera administra una serie de programas diseñados para ayudar a los estudiantes con recursos limitados a hacer frente a sus gastos educativos, incluida la "Beca Promesa Universitaria de California" (California College Promise Grant, CCPG; antes conocida como BOGFW) que exime de los gastos de matrícula, subsidios, becas y estudio de trabajo federal. Para ser considerado para cualquiera de estos programas, es necesario completar la [Solicitud Gratuita de Ayuda Federal para Estudiantes \(Free Application for Federal Student Aid, FAFSA\)](#), o la [Solicitud Dream Act de California \(California Dream Act Application, CADAA\)](#). Asegúrese de incluir el código institucional de Chaffey, **001163**, en su FAFSA.

¿Cómo puedo saber qué ofrece la escuela para planificar mi educación?

Asista a una orientación. La orientación incluye información sobre el colegio y sus programas y servicios, la colocación de medidas múltiples, el plan de educación e información importante sobre políticas y procedimientos. La orientación está disponible en línea a través del [Departamento de Consejería](#), o llamando al (909) 652-6200 para inscribirse en una sesión. Debe completar la orientación y un plan educativo para recibir la mejor fecha de inscripción posible.

¿Cómo puedo inscribirme en las clases que quiero?

Puede inscribirse en las clases en la fecha de inscripción asignada o después de ella utilizando la inscripción en línea en <https://my.chaffey.edu/>. También puede inscribirse en persona en cualquiera de los campus de Chaffey College.

¿Qué debo hacer después de inscribirme?

1. Pagar las cuotas de matrícula. Al inscribirse, los pagos en línea se pueden hacer a través del portal MyChaffey. También se aceptan pagos en persona o por correo. Los métodos de pago aceptados incluyen tarjeta de crédito (VISA, MasterCard, Discover y American Express), efectivo, cheque o giro postal.
2. Conseguir sus libros de texto. Los libros de texto pueden comprarse o solicitarse a préstamo en las librerías del campus, o a través de la [Tienda del campus en línea](#).
3. Asistir a las clases. Es importante que todos los estudiantes asistan a la primera reunión de clase. Los estudiantes que no asistan pueden perder su plaza en favor de otros estudiantes que sí asistan, aunque estén matriculados en la clase.

¿Qué otros servicios están a disposición de los estudiantes?

Hay muchos servicios disponibles para los estudiantes de Chaffey College. Algunos que están disponibles incluyen:

Asesoramiento académico

Los estudiantes disponen de asesores durante todo el año para ayudarlos a alcanzar sus objetivos académicos. Los asesores pueden diseñar un plan educativo para los estudiantes que los ayude a elegir el programa de estudios y las clases adecuadas para alcanzar sus objetivos. Para hacer una cita con un consejero, visite el [Departamento de consejería en línea](#) o llame al (909) 652-6200.

Programas y Servicios de Igualdad de Oportunidades (Equal Opportunity Programs and Services, EOPS)

EOPS es un programa financiado por el estado que les ofrece servicios de apoyo a estudiantes económicamente desfavorecidos que no han tenido éxito en la escuela secundaria o en la universidad. Los estudiantes que reúnen los requisitos disfrutan de una serie de servicios, como vales para libros, asesoramiento académico, pases de autobús y matrícula prioritaria. Visite [EOPS en línea](#) o llame al (909) 652-6349 para obtener más información.

Servicios médicos estudiantiles

Los servicios de salud estudiantiles están diseñados para ayudar a los estudiantes a lograr y mantener una salud física, mental y emocional óptima mediante la prestación de atención médica de calidad a un costo razonable. Cada semestre, la cuota de servicios de salud les permite a todos los estudiantes matriculados en la actualidad tener acceso a un médico, una enfermera con formación avanzada o un consejero matrimonial y familiar sin coste alguno. Todos los estudiantes tienen a su disposición diversos servicios, algunos de los cuales pueden ser de pago. Además de los servicios en persona que se prestan de lunes a viernes en la clínica de salud del campus de Rancho, se ofrece telemedicina médica y de salud mental las 24 horas del día, los 7 días de la semana. Para obtener más información, visite [Servicios médicos estudiantiles en línea](#) o llame al (909) 652-6331.

¿Cuáles son mis derechos ante la ley?

AB 540 Exención de Matrícula para No Residentes: un estudiante que califica para la exención de matrícula de no residente no tendrá que pagar la cuota de matrícula de no residente. Hay criterios específicos que deben cumplirse para una exención. Una lista de criterios y documentación requerida junto con una solicitud se puede encontrar en línea a través de la [Página Web de Admisiones](#), o se puede obtener a través de la oficina de Admisiones y Registros.

Política de Prevención del Acoso Sexual

Es la política del distrito del Colegio Comunitaria de Chaffey proporcionarles a todos los estudiantes y empleados un ambiente educativo, de empleo y de negocios libre de toda forma de acoso, explotación, intimidación o avances sexuales no deseados, solicitudes de favores sexuales y otras conductas o comunicaciones verbales, visuales o físicas de naturaleza sexual como se definen y de otra manera prohibidas por la Ley de Empleo y Vivienda Justa de California, el Código de Educación de California y las normas, los reglamentos, los estatutos y las leyes estatales y federales que prohíben el acoso sexual y las represalias.

El distrito se opone firmemente al acoso sexual y prohíbe expresamente el acoso sexual de sus estudiantes y empleados por parte de profesores, gerentes, personal, estudiantes o miembros del público en general. El colegio tomará cualquier acción apropiada para prevenir, corregir y, cuando sea necesario, disciplinar el comportamiento inapropiado.

El acoso sexual deberá reportarse de inmediato al oficial de cumplimiento del distrito, Tomeika Carter, Coordinadora del Título IX, Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737, teléfono (909) 652-6536, correo electrónico tomeika.carter@chaffey.edu o a cualquier decano, director o gerente para su reporte inmediato al oficial de cumplimiento del distrito, o su designado. Se harán todos los esfuerzos para asegurar que se mantenga la confidencialidad.

Declaración de Igualdad de Oportunidades/No Discriminación y Prohibición de Acoso

El distrito del Colegio Comunitaria de Chaffey se compromete a proporcionar igualdad de oportunidades educativas y de empleo. El distrito afirma su compromiso con las políticas que incluyen un trato justo y equitativo de los estudiantes y empleados, prohíbe la discriminación en su admisión, el acceso, el tratamiento en los programas, las actividades de la universidad, la solicitud y el tratamiento en el empleo de la universidad sobre la base de raza, religión, color, sexo (incluidos el género, la identidad de género, la expresión de género, el embarazo, y la lactancia materna), orientación sexual, origen nacional, ascendencia, estado civil, edad, afección médica, características genéticas o información, militar y condición de veterano, discapacidad física o mental o la percepción de que una persona tiene una o más de estas características percibidas, o sobre la base de la asociación con una persona o grupo con una o más de estas características reales o percibidas.

De acuerdo con las regulaciones del Título IX, el distrito ofrece igualdad de oportunidades académicas, ocupacionales y extracurriculares sin importar el sexo/género del individuo. La oficial de cumplimiento del Título IX, Tomeika Carter, puede contactarse al (909) 652-6536 o por correo electrónico a tomeika.carter@chaffey.edu, o en 5885 Haven Avenue, Rancho Cucamonga 91737. El distrito, autorizado bajo la ley federal a matricular estudiantes no inmigrantes y extranjeros, y, de acuerdo con las regulaciones del título 5, afirma que la falta de conocimiento del idioma inglés no será una barrera para la admisión y participación en los programas del distrito.

Las personas que buscan información o resolución de presuntos actos de discriminación ilegal, represalias o acoso se dirigen a ponerse en contacto con el oficial de cumplimiento del distrito, Tomeika Carter, Coordinadora del Título IX, Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737-3002; teléfono (909) 652-6536 o correo electrónico tomeika.carter@chaffey.edu.

Special Student Classifications

High School Dual Enrollment

High school students may enroll at Chaffey College through Dual Enrollment to pursue advanced scholastic or vocational education [Education Code 48800(a)]. All high school, private, and home-schooled students attending Chaffey for the first time must complete an online application, the Dual Enrollment Agreement, and Waiver of Liability Form (if applicable). Private and home-schooled students must provide official high school transcripts showing their most recent grade level. Continued enrollment in subsequent semesters will only require the Dual Enrollment Agreement and Waiver of Liability, if applicable.

Students who attend a local district high school should submit the electronic Dual Enrollment Form. This form will be automatically routed directly to the high school and returned to Chaffey Admissions and Records once approved. Students eligible to submit the electronic form do not need to submit the additional Waiver of Liability Form. NOTE: If a high school is not listed in the drop-down menu on the form then the student will need to submit a PDF Agreement and Waiver of Liability Form.

Students who attend a private school or are home-schooled must submit the PDF version of the Dual Enrollment Agreement and the Waiver of Liability Form, available online. The student will be responsible for obtaining the required signatures from the principal/designee of the high school to approve the requested course. Home-schooled students must also submit a valid Home School Affidavit from the California Department of Education.

High school students are eligible to enroll in any approved courses except those that are remedial in nature (courses numbered 500-599) or KINACT (PE activity) courses. Students may enroll in KINLEC lecture courses with permission from the high school. Select seniors may be eligible to enroll in KINTM team courses if recruited by a Chaffey coach. An official letter from the coach will be required at time of registration.

Students may take up to 11 units in fall and spring semesters, and 6 units in summer, from the list of approved courses on the Dual Enrollment Agreement for that term.

Enrollment, health, and college service fees are waived for Dual Enrollment students. Other costs (e.g., materials fees, transportation, technology, and student representation fees, books, and parking) must be paid by the student. Students enrolling in 12 or more units in a semester will lose special-admit status and will be responsible for payment of all assessed fees. Students residing out of state will be responsible for payment of all assessed fees, including nonresident and capital outlay fees.

CTE Career Transitions

High school/ROP students who attend Career Technical Education (CTE) courses articulated with Chaffey College may be able to earn advanced placement or college credit. For additional information contact your counselor or career technician or email act.staff@chaffey.edu.

For more information about Dual Enrollment, visit the [Dual Enrollment webpage](#). For information on placement, orientation, and counseling, visit the [Academic and Career Counseling Department webpage](#).

Puente Project

An outgrowth of the Puente Project founded in 1981 at Chabot College in Hayward, the Puente Project is designed to provide individual assistance to students interested in transferring to four-year colleges and universities. Puente students are provided with intensive English instruction, focused personal counseling, introductory tours of UC and Cal State campuses, and helpful personal mentoring. Every element is an essential part of the Puente experience.

Prospective students must be eligible for English 1A at the time of application, and must write an essay describing their academic and career goals, and how participation in Puente would assist their success. Applications and essays are evaluated by the Puente program faculty, who select 30 students each year for participation in the program.

For more information about the program, visit the [Puente Project webpage](#).

Veterans

Active Duty Service Members Prior to Enrollment

You are required to speak with your Educational Services Officer (ESO) or counselor within your military service prior to enrolling at our institution. The ESO and related staff can assist in providing information and options regarding furthering your education. After meeting with your ESO or related counselor, Chaffey College is happy to further discuss educational pathways, enrollment options, and related information.

VA Education Benefits

All veterans and eligible dependents who wish to receive VA Education Benefits while attending Chaffey College are required to meet with the Veteran Certifying Official to begin the process. Official transcripts of all previous college coursework must be submitted to the college for evaluation. Completing new student orientation and the placement process is required. For more information on veterans' benefits, please visit the [Veteran Services webpage](#). Veterans interested in using the Post 911 GI Bill[®], please contact the Department of Veterans Affairs at (888) 442-4551 or visit the GI Bill[®] website at www.gibill.va.gov for more information.

Veterans are welcome to visit our Veterans Resource Center at the Rancho Cucamonga campus in AD-125.

The Veterans Administration (VA) specifies a minimum load for educational benefits (these apply to full-term classes only; see Veterans Certifying Official for information regarding short-term classes). Please note: the unit ranges noted below are for non-Chapter 33 benefits:

Status	Fall & Spring	Summer
Full-time	12 or more units	Unit Requirements
Three-fourth time	9-11.5 units	Contact the
One-half time	6-8.5 units	Veterans Resource
Less than half-time	Less than 6 units	Center

Before the semester begins, students are allowed 3 calendar days (including weekends and holidays) from the date of registration to submit full payment. If payment is not received within the 3 calendar days, students will be dropped for non-payment. For payment deadlines, please refer to the Payment Chart in this Schedule of Classes.

Students with veteran benefits including active duty or dependent eligible for VA Chapter Benefits 31 and 33 will have their fees deferred while being certified by the VA and the Veteran Services office and no late fees shall be incurred. The veteran, active duty or dependent eligible for chapter benefits 31 and 33 will need to provide a Certificate of Eligibility, a Statement of Benefits, or VA Authorization Notification form either before or during the first semester of benefits. Please see [38 USC 3679\(e\)](#) for complete details.

Veterans and active duty service members are eligible for priority registration. Students requesting priority registration must submit a DD214 Member-4 copy showing type of discharge or an active military ID as proof of service. Students are not required to use Veterans Education benefits to receive priority registration. You may submit your military documentation to the Veterans Resource Center at the Rancho Cucamonga campus or the Admissions and Records Office at the Chino and Fontana campuses. For more information, please visit the [Veteran Services webpage](#).

Academic Matters

Auditing Courses

Auditing may be permitted on a space available basis, solely at the discretion of the instructor. Once audit enrollment is completed, no student will be permitted to change his/her enrollment to receive credit. Conversely, a student is not permitted to change his/her enrollment from credit to audit. No course credit or grade is received for an audited class, nor does the college maintain any attendance or transcript records. Priority in class enrollment shall be given to students desiring to take the course for credit; therefore, enrollment for audit purposes will not be permitted until the class has met at least once. The instructor's approval is required to audit a class. If a

student is participating only in the class(es) being audited, that student can obtain a photo ID card and will have access to labs and Success Centers at all locations, but will not have access to the library book check-outs or online library resources. High school students are not eligible to audit courses. The cost to audit a course is \$15.00 per unit. For additional information, contact Admissions and Records at (909) 652-6600 or admissions@chaffey.edu.

Change of Address/Phone Number

It is the student's responsibility to maintain a current email address, physical address, and telephone number(s) in the [MyChaffey Portal](#). Changes can be made online in the portal via the Address Change link or in person in the Admissions and Records Office at any Chaffey campus. For additional information, please contact the Admissions and Records Office at (909) 652-6600 or admissions@chaffey.edu.

Credit by Examination

A student may challenge certain courses for Credit by Examination. Applications are available in the Admissions and Records Office. Grading is on a pass/fail basis only, there is a \$25 per test fee that must be paid in advance, and the student must certify that they have not previously attempted examination for credit in the course. Additional criteria must also be met; those criteria can be found in the college catalog, which can be accessed by visiting www.chaffey.edu.

Enrollment Verification Requests

Enrollment Verification forms can be presented to health insurance agencies, housing authorities, consumer product companies, banks, etc. to provide evidence of official enrollment at Chaffey College.

Enrollment Verification Request forms are available in the MyChaffey Portal under Student Records and Information Forms.

Students providing their own form for verifications may submit the form along with the Chaffey College Enrollment Verification Request form. Students may request up to two enrollment verifications at no charge. Subsequent verifications are \$5.00 each.

Grading

Letter Grading: Plus and Minus Symbols

Effective Fall Semester 2002, plus and minus symbols have the following point values attached:

A+	4.0 points	C+	2.3 points
A	4.0 points	C	2.0 points
A-	3.7 points	D+	1.3 points
B+	3.3 points	D	1.0 points
B	3.0 points	D-	0.7 points
B-	2.7 points	F	0 points

Pass/No Pass Grading

Courses that are Pass/No Pass Only or provide students the option of selecting Pass/No Pass in lieu of a letter grade are so designated in the schedule description. Courses without such information are letter grade only. Pass/No Pass must be elected before the last day to add for the session.

Petitions for Grade Changes

Students have two (2) years following the semester in which a questioned grade was recorded to request a change of grade. A petition is required to change a failing grade to W, EW, or to remove grades. To dispute an assigned grade, contact the instructor or appropriate department coordinator. Grades are no longer subject to change after the two-year limit.

Access to Grades

Students may access grade information for the term just completed by visiting the [MyChaffey Portal](#). Please allow 10 business days after the last day of instruction for processing.

Degrees and Certificates

The deadline to apply for spring degrees and certificates is February 7.

To participate in the May 2025 commencement ceremony, you must receive your degree or certificate in summer 2024, fall 2024, or spring 2025.

Apply for graduation online by logging onto [MyChaffey Portal](#). For graduation verification and application assistance contact the Academic and Career Counseling Department at (909) 652-6200 or counseling@chaffey.edu.

Degree candidates must complete 60 degree-applicable semester units with a minimum 2.0 degree applicable cumulative grade point average (GPA), and must meet all graduation requirements as stated in the Chaffey College Catalog. Students with a cumulative 3.5 GPA or above in degree applicable units will graduate with honors. The GPA for honors at commencement is computed after the fall semester grades are recorded on the transcript.

Non-Traditional Credit

Students may be eligible to receive college credit by passing a written examination or demonstrating proficiency via another approved method that shows mastery of a course's objectives. Approved testing methods include Credit for Prior Learning, College Level Examination Program (CLEP), College Entrance Examination Board Advanced Placement (AP) and International Baccalaureate (IB) tests. Unit credit is recognized for AP tests in which a score of 3, 4, or 5 is awarded; more information is available in the Academic and Career Counseling Office. Refer to the [college catalog](#) for more nontraditional credit information.

Transcripts

Chaffey College has appointed Parchment as the designated agent for processing and sending official transcripts on behalf of Chaffey College. The PDF transcript that is produced using this service contains the identical information as the printed transcript and can be certified as unaltered by uploading the file to the company's website that is provided during the delivery process. Parchment has been granted the authority to deliver all such electronic transcript requests on behalf of Chaffey College and respond to any inquiries regarding the transactions. Students will be given an option to select the PDF transcript or the standard printed transcript during the ordering process.

To order a transcript, visit [Chaffey's Parchment order form](#) online.

Unofficial Transcripts

For a printout of unofficial transcripts, go to the [MyChaffey Portal](#), click the "Self-Service" link under the Shortcuts panel, then click on Academics and select Unofficial Transcript from the drop-down menu.

Unit Evaluation

A unit evaluation determines the total number of degree applicable units that Chaffey College will accept. It is **not** a course-by-course evaluation and **does not** clear prerequisites. Students who submit transcripts prior to enrolling at Chaffey will need to submit a Unit Evaluation Request Form once enrollment has been completed. The only students who require an immediate unit evaluation are veterans and those who are applying to the ADN and RT programs. If you are a veteran or are applying to the ADN or RT program and need a unit evaluation, please contact the Admissions and Records Office at (909) 652-6600 or admissions@chaffey.edu for details. The evaluation will be completed in approximately 10 business days from the date the Unit Evaluation Request form is received in the Admissions and Records Office. Health Science evaluations will be expedited only during the application period for the program.

Students who are not part of the above-mentioned groups may request a unit evaluation beginning the fourth week of the fall or spring semester. For summer, Unit Evaluation Requests will be accepted throughout the duration of the term. The process may take 4-6 weeks, depending on workload. Contact the Admissions and Records Office at (909) 652-6600 or admissions@chaffey.edu for more details.

Official Evaluation of Credit Completed at Other Schools

Students who have completed coursework at other institutions and wish to obtain a degree or certificate from Chaffey College or transfer to a CSU or UC, may request an official evaluation through the Academic and Career Counseling Department. To have your general education coursework from another college evaluated:

1. Submit official transcripts from other schools to Admissions and Records electronically, by mail, or in person;
2. Allow a minimum of 10 business days for the transcripts to be received and processed at Chaffey College;
3. Complete the [Request for Transcript Evaluation form](#).
4. The evaluation is a two-step process. You will receive two separate emails once each part is completed.
5. After receiving a confirmation email that your transcripts have been evaluated, log into Cranium Café to book an [online appointment](#) with a counselor.

Transcript Evaluation Services for Foreign Transcripts

Chaffey College accepts the following Transcript Evaluation Services for foreign transcripts:

- Academic and Professional International Evaluations, Inc. (APIE)
- Academic Credentials Evaluation Institute (ACEI)
- American Education Research Corporation (AERC)
- Educational Credential Evaluators, Inc.
- Educational Records Evaluation Service (ERES)
- International Education Research Foundation, Inc. (IERF)
- SpanTran: The Evaluation Company
- World Education Services, Inc. (WES)

Note: Credits from an evaluation service are counted as earned credits only. Grade point averages from foreign institutions are not included on the Chaffey academic transcript. For specific information, contact the Admissions and Records Office.

Limitations on Enrollment Prerequisites and Enforcement

When a course has a prerequisite, it means that a student must possess a certain body of knowledge to be successful in the course. The preexisting knowledge may be a skill, an ability, a placement preparation score, or successful completion of a course. Completion of a prerequisite course requires a grade of C or better, CR (credit) or P (pass). A grade of "C-" is not acceptable for completion of a prerequisite/corequisite course.

When a course has a corequisite, it means that the student is required to take a course at the same time as another course. Knowing the information presented in the corequisite is considered necessary for the student to be successful in the course.

Chaffey's registration process allows for automated prerequisite/corequisite checking. Students attempting to enroll in the computer-checked courses will be blocked from registration if they do not meet the specified prerequisites. Students are responsible for meeting prerequisites as stated in the schedule of classes and college catalog. See a counselor for assistance in determining eligibility for a specific class.

Any student who has completed prerequisite and/or corequisite courses at another college or in high school must submit official transcripts to the Admissions and Records Office. A Request for Prerequisite/Corequisite Clearance form must be completed and submitted to the Academic and Career Counseling Department. The student will be unable to register for specific courses if prerequisites are not met. The student will receive notification by email or mail within a week upon processing.

Students who are enrolled in the prerequisite course at Chaffey at the time of their registration will be permitted to enroll in the subsequent course. Students who do not pass the prerequisite course with at least a grade of C or do not complete the prerequisite course will be dropped prior to the start of classes by the Admissions & Records Office.

Any student planning to clear a math prerequisite for a math course by using their high school transcript must complete a clearance form. See prerequisite/corequisite clearance instructions for more details.

Prerequisite/Corequisite Clearance:

Prerequisites for courses will be enforced according to college policy. Students have the right to challenge prerequisites on the following grounds:

1. A prerequisite for a course necessary for graduation, transfer, or a certificate is not offered and the unavailability of that prerequisite poses a hardship.
2. The prerequisite has not been validated.
3. The student has the knowledge or ability to succeed in the course despite not meeting the prerequisite.
4. The prerequisite is discriminatory or being applied in a discriminatory manner.

The student must provide appropriate documentation when filing a clearance. Documentation may include, but is not limited to, high school or college transcripts, additional test results, work experience, or writing sample. Prior enrollment in the course does not exempt a student from the current prerequisite of that course. Students challenging a prerequisite must submit a [Prerequisite/Corequisite Clearance form](#). The form must be submitted ideally up to one week prior to the beginning of each term.

Prerequisite/Corequisite Clearance Process:

1. It is advised that you meet with a counselor to assess whether you will benefit from the clearance process.
2. Complete the Prerequisite/Corequisite Clearance form linked below and attach documentation to establish your right to challenge this prerequisite/ corequisite request. Examples of documentation include official high school and/or college transcripts, international transcripts, certificates, test scores, etc. All official transcripts must be on file with Admissions and Records.
 - a) Identify the course in which you wish to register and the prerequisite/corequisite you wish to challenge.
 - b) If you are attempting to use high school coursework to meet a course prerequisite, submit your high school transcript to Admissions and Records in order to verify the coursework completed.
3. Register during the registration period. (Refer to class schedule for the last day to add.)
4. The department coordinator will resolve the clearance within five (5) business days.
5. For approved clearance decisions, you will be notified by email and you will be allowed to remain in the class.
6. For denied clearance decisions, you will be notified by both phone and mail, the Academic and Career Counseling Department designee will remove the prerequisite/corequisite course entered on your record, the Admissions Office will drop you from the class, and the Cashier's Office will process your refund.
7. If you wish to appeal the denied decision, you may do so by contacting the Dean in the school/department for the prerequisite you have challenged.

The [Prerequisite/Corequisite Clearance form](#) is available online. Additional information is available through the [Counseling Department webpage](#). Questions should be directed to counseling@chaffey.edu or by joining the [Counseling Staff Support Lobby online](#).

Corequisites

When a course has a corequisite, it means that a student is required to take a course at the same time as another course. Knowing the information presented in the corequisite course is considered necessary for a student to be successful in the course. Students wishing to challenge a corequisite should follow the same procedure for challenging a prerequisite.

Limitation on Enrollment

A limitation on enrollment is a non-course requirement for entry into a course or educational program, without which a student will not be permitted to remain in the selected course or program. These requirements are frequently (but not always) driven by health and safety regulations and/or mandates by outside accrediting/licensing agencies.

Advisory

An advisory is a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or educational program. Since an advisory is not required, students will not be blocked from enrolling in a class if they do not meet the conditions of the advisory.

Student Rights, Responsibilities and Exemptions

Students Rights and Responsibilities

Students are entitled to certain rights under matriculation procedures. These rights include: being informed of any district investigations of complaints challenging matriculation regulations; being provided alternative services according to language or disability needs; and filing a complaint of unlawful discrimination if they feel the placement process, orientation, counseling or any other matriculation procedure is being applied in a discriminatory manner.

Matriculation requirements also include certain student responsibilities. Upon admission to the college, students must express a broad educational goal and provide transcripts from previous college work. They must complete the placement process and orientation prior to registering for classes and must develop a comprehensive Student Education Plan (SEP) with a counselor within their first six months at Chaffey. Students are responsible for attending class, completing their assignments and coursework, and maintaining progress toward their educational goal.

Exemptions and Refusal

Students may be exempt from matriculation services if they:

- Have earned an associate degree or higher (diploma or transcripts required), or
- Have completed certain coursework at another college (transcripts required), or
- Will enroll in one course only, with no intention of earning a degree at Chaffey, or
- Will enroll in performance/activity courses only.

Students have the right to refuse matriculation services and choose not to participate in the placement process, orientation, and/or counseling. A student wishing to be exempt from these services based on one of the above criteria or wishing to decline participation must contact the Counseling Department to complete the necessary documentation. Students concurrently enrolled in high school and participating in High School Dual Enrollment are not eligible for exemptions and cannot refuse matriculation services. Students refusing services and concurrently enrolled high school students are not eligible for priority registration.

Photo ID Cards

All enrolled students are eligible for a Chaffey College photo ID card. Photo ID cards are required for use of labs, library, and other services. Students must be currently enrolled and have paid all outstanding fees in order to receive a Photo ID or reprint. Photo IDs are issued while you wait in the Admissions and Records Offices at the Rancho, Chino, or Fontana campuses.

Photo IDs may now be requested online through the Student ID form on the MyChaffey Portal. Students may upload a personal photo to the order form and request the ID card be picked up or sent by U.S. mail.

Photo ID Re-Print Policy

Re-prints are available at no cost on Thursdays only during regular business hours. There is an \$8 rush fee for reprints processed on any day other than Thursday.

In person

- Complete a Photo ID request form.
- Show proof of government-issued photo ID.
- Pay all fees due to the college.

Online

- Pay all fees due to the college.
- Complete the Photo ID request form on the [MyChaffey Portal](#).
- Select Pick Up Mail option, then Submit.
- The photo on file will be used to create the duplicate card. If an alternate photo is submitted it will be used only if Admissions and Records determines there has been a significant change in the student's appearance.

Note: All picture submitted for Photo ID purposes must adhere to the guidelines outlined above. Admissions and Records reserves the right to reject any photo that is inappropriate or does not meet the above standards.

Proxy Transactions and Identification Requirements

A student who is unable to initiate a transaction may designate an appointed person to complete the transaction by submitting a Proxy Transaction Form. Proxy forms are available in the Admissions and Records Office.

The Proxy Transaction form must include all of the following: student's full name, Chaffey ID number, and date of birth; name of the appointed person; a description of the transaction needed; signature of the student; and a copy of the student's picture identification with a signature. (Ed Code 76243)

The appointed person will be required to provide photographic identification before the transaction can be completed. With the exception of transcripts and enrollment verifications, Admissions and Records will mail a copy of the requested transaction directly to the student; a copy will not be released to the appointed person.

Release of Information

Students who wish to make their information available to parents or other designated individuals may file a Release of Information Form with the Admissions & Records Office. The authorization is valid until revoked in writing and covers only the educational records specified by the student. This form is for educational records protected under FERPA and is not valid for medical or other records protected under HIPAA or other privacy laws.

Registration Date Assignment

Registration priority will be assigned in the following order:

1. Students who have completed orientation, the placement process, and an education plan, and are enrolled in and receiving services from an eligible priority group as defined by Education Code 66025 and title 5, section 58108.
2. Students who have completed orientation, the placement process, and an education plan. Continuing and returning students must also be in good academic standing.
3. Students who fail to meet one or more eligibility requirements.
4. Students who have completed more than 100 units.
5. High school students.

Course Repetition

Repetition of courses is allowed in certain circumstances (title 5, 55040-55046, 58161, 58161.7 and Chaffey College Board Policy).

Course Repetition in a Non-Repeatable Course

1. Students who received a satisfactory grade ("A", "B", "C", "CR", or "P") may not normally repeat the course. Exceptions exist for significant lapse of time, extenuating circumstances, and legally-mandated training requirements as a condition of continued paid or volunteer employment (see exceptions below for details). Such exceptions require a petition, available from the Admissions and Records Office.
2. Students who have received an incomplete grade ("I") may not repeat the course. Required coursework must be completed within one year, or the "I" grade will default to an alternate grade indicated by the instructor (usually substandard).
3. Students who have received an In-Progress grade ("IP") must repeat the course by enrolling in it in the subsequent term (excluding summer). Coursework must be completed in that semester or the "IP" grade will default to an alternate grade indicated by the instructor (usually substandard). "IP" grades are issued for open-entry classes that extend past the end of the term or team-sports that have seasons that overlap semesters. The IP grade issued in the first semester will remain on the student's transcript and the course grade will be recorded in the subsequent term.
4. Students who have received an unsatisfactory grade ("D", "F", "FW", "NC", or "NP") or have withdrawn

from the course (“W”) may repeat the course once. If unsuccessful in the second attempt, the student must file a Petition for Substandard Grade (3rd Attempt) to be considered for a third attempt at the course.

Petitions are available in the MyChaffey Portal under Academic Progress Forms. To be considered for a fourth attempt, contact the Admissions and Records Office regarding an extenuating circumstances petition. The academic dean over the subject area being petitioned evaluates and approves/denies each petition on a case-by-case basis. The Admissions and Records Office reserves the right to deny a petition that does not meet the standards set by title 5 of the California Code of regulations.

5. Students who have withdrawn for verified military service - military withdrawal (“MW”), or petitioned for an excused withdrawal (“EW”), may repeat courses from which they have withdrawn. The MW and EW grades do not affect GPA, nor do they count toward the permitted number of repetitions. The college’s course repetition policy concerning military withdrawal may be different from that of the Veterans Administration. Students receiving Veterans’ educational benefits should check with the Veterans Certifying Official in the Veteran’s Resource Center before repeating any course.

Course Repetition in a Repeatable Course

Only courses involving Intercollegiate Academic or Athletic competition are repeatable (title 5, section 55041). These courses are identified as repeatable in their description and may be taken a maximum of four times (repeated three times).

1. All attempts at a repeatable course count in the limitation on repeats, including any that result in an unsatisfactory grade (“D”, “F”, “FW”, “NC” and “NP”) or a withdrawal annotation (“W”) on the student’s permanent record.
2. When a repeatable course is taken and a substandard grade (“D”, “F”, “FW”, “NC”, and “NP”) is earned, a student may elect to have the satisfactory grade earned in the first subsequent repeat of the course alleviate the substandard grade. Forms for this election are available in the Admissions and Records Office.

Exceptions to Repetition Restrictions:

Significant Lapse of Time: A student may petition to repeat a course that is not designated as repeatable and in which he or she has received a satisfactory grade (“A”, “B”, “C”, “CR”, or “P”) when:

1. there has been a significant lapse of time of no less than 36 months since that grade was obtained, **and**
2. the district has properly established a recency prerequisite for a course or program, or another institution of higher education to which the student

seeks to transfer has established a recency requirement which the student will not be able to satisfy without the course in question (title 5, section 55043).

Extenuating circumstance: A student may petition to repeat a course in which the previous grade is, at least in part, the result of extenuating circumstances (verified cases of accidents, illness, or other circumstances beyond the control of the student) (title 5, section 55043).

Legally-Mandated Training Requirement: A student may petition to repeat a course in which a satisfactory grade was previously earned and such repetition is necessary due to a change in industry licensure standards such that repetition of the course is necessary for employment or licensure.

Residency Determination

Residency status for tuition purposes is determined at the time of application. Students determined to be non-resident at the time of application are notified by email with instructions to complete a [Residency Questionnaire](#) (title 5, sections 54012, 54045.5). Upon review of the questionnaire by Admissions and Records staff, students will be informed of any additional documentation required to be submitted.

Resident: A person not precluded from establishing residence in California who has resided in California for at least one year and one day prior to the first day of instruction for the term. Any person who has lived in California for less than two (2) years must clearly demonstrate the following:

- Intent to make California his/her permanent residence (title 5, section 54024)
- Physical presence in California for at least one year and one day immediately prior to the first day of instruction for the term. (title 5, section 54022)

Physical presence within the state solely for educational purposes does not constitute establishing California residence regardless of the length of that presence.

Non-Resident: (a) a citizen or permanent resident of the United States but a resident of California for less than one year on the day before the first day of instruction for the term; (b) a person who is neither a citizen nor permanent resident of the United States.

Persons who are not citizens or permanent residents of the United States who wish to enroll at Chaffey College should contact the Admissions and Records Office for further information.

Reclassification of Residency: Students who have been classified as non-residents are not automatically reclassified as residents. A student seeking reclassification as a resident must meet the requirements for intent,

physical presence, and financial independence in accordance with Education Code section 68044. Residency regulations clearly state that the burden of proof of residence rests upon the applicant or student. To verify your residency status, please contact the Admissions and Records Office at (909) 652-6600 or online through QLess during business hours.

AB 540 Non-Resident Tuition Exemption Request: A student who qualifies for the Non-Resident Tuition Exemption will not have to pay the non-resident tuition fee. The qualifications for the waiver are stated below.

A student other than a non-immigrant alien within the meaning of paragraph (15) of subsection (a) of Section 1101 of Title 8 of the United States Code, who meets all of the following requirements shall be exempt from paying nonresident tuition at Chaffey College:

Requirement 1: Attendance at California schools.

Two paths (Education Code 68130.5(a)(1)):

1. Total attendance (or attainment of credits earned) in California equivalent to three or more years of full-time attendance at California high schools, California high schools established by the State Board of Education, California adult schools (established by a county office of education, a unified school district or high school district, or the Department of Corrections and Rehabilitation), campuses of the California Community Colleges, or a combination of these; or
2. Three or more years of full-time California high school coursework, and a total of three or more years of attendance in California elementary schools, California secondary schools, or a California elementary and secondary school.

Full-time attendance at a California community college means either 12 units of credit per semester (or quarter equivalent per year) or a minimum of 420 class hours per year (or semester or quarter equivalent per year) in non-credit courses authorized by Education Code 84757. Attendance in credit courses at a California community college counted towards this requirement shall not exceed a total of two years of full-time attendance (Education Code 68130.5, subds. (a)(1)(C)(i), (a)(1)(C)(ii)). Full-time attendance at a California adult school means a minimum of 420 class hours of attendance for each school year in classes or courses authorized by Education Code 41976, or Penal Codes 2053 or 2054.2 (Education Code 68130.5(a)(1)(C)(i)).

Requirement 2: Completion of a course of study.

This requirement may be met in any of the following ways:

- Graduation from a California high school or equivalent.
- Attainment of an associate degree from a California community college.

- Fulfillment of the minimum transfer requirements established for the University of California or the California State University for students transferring from a California community college (Education Code 68130.5(a)(2)).

Requirement 3: Registration.

Requires registration as an entering student at, or current enrollment at, an accredited institution of higher education in California (Education Code 68130.5(a)(3)).

Requirement 4: Affidavit of student without lawful immigration status.

Students without lawful immigration status must file an affidavit with their college or university stating that the student has either filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so (Education Code 68130.5(a)(4)).

A student who meets the qualifications for the Non-Resident Tuition Exemption Request is not a resident of the state of California until he or she meets physical presence and intent requirements as stated in the "Residency Determination" section above. Therefore, students may not be eligible for any federal or state supported financial aid. There are two types of non-resident students: a non-resident U.S. citizen and a non-resident alien (or non-citizen). Non-resident U.S. citizens may not be eligible for state supported financial aid. A nonresident alien may be eligible for state financial aid. Contact the Financial Aid Office for more information at (909) 652-6199 or financialaid@chaffey.edu.

Special Immigrant Visas: Education Code section 68075.6 grants an immediate nonresident tuition fee exemption to eligible Special Immigrant Visa (SIV) holders and refugee students who settled in California upon entering the United States. This exemption is granted for one year from the date the student settled in California upon entering the United States.

The exemption applies to the following:

- Iraqi citizens or nationals (and their spouses and children) who were employed by or on behalf of the United States Government in Iraq (Pub. L. No. 110-181, section 1244)
- Afghan and Iraqi translators (and their spouses and children) who worked directly with the United States Armed Forces (Pub. L. No. 109-163, section 1059)
- Afghanistan nationals who were employed by or on behalf of the U.S. government or in the International Security Assistance Force (ISAF) in Afghanistan (Pub. L. No. 111-8, section 602)
- Refugee students admitted to the United States under section 1157 of Title 8 of the United States Code

Student Services

Academic and Career Counseling

Throughout the year, Counselors are available in person and online to assist students in developing an education plan that outlines the courses and services necessary to achieve their goals. Students may meet with a counselor by chat, drop-in, or appointment via the online [Counseling webpage](#). Students who plan to transfer to a four-year college or university are strongly encouraged to consult with a counselor on a regular basis regarding requirements for general education, major preparation, and grade and unit requirements. In addition, students should also connect with the Transfer Center as early as possible for important dates and deadlines.

Course Evaluation of External Transcripts

Students who have completed course work at other institutions and wish to obtain a degree or certificate from Chaffey College or transfer to a CSU or UC must request an official evaluation of their transcript(s) by completing the [Transcript Evaluation Request Form](#).

Student Planning

Student Planning is an online tool that will facilitate the way you plan, schedule and register for your classes based on your active Program of Study/Major at Chaffey. With Student Planning, you can review all courses you have completed and that are in-progress at Chaffey, show which requirements (general education, and/or major preparation) you have completed, and indicate which requirements are remaining. This will allow you to plan and register for the correct classes for future terms and get you to your educational goal efficiently. Log in to the [MyChaffey Portal](#) to access your education plan.

Athletics

Chaffey Community College participates in the following sports:

Men: Football, Basketball, Swimming & Diving, Baseball, Cross Country, Soccer, and Water Polo

Women: Volleyball, Basketball, Swimming & Diving, Softball, Cross Country, Soccer, and Water Polo

Twelve units of course work are required for participation. See the [Chaffey Panthers webpage](#) and make an appointment with an [Athletic Counselor](#) for eligibility requirements.

CalWORKs Programs for Parents

CalWORKs (California Work Opportunity Responsibility to Kids) Program for Parents is a program that supports students who receive public assistance (cash aid) while attending Chaffey College. Program staff are here to help students succeed in their educational and career goals through services such as: developing a comprehensive educational plan, priority registration, CalWORKs Work Study and job placement, work readiness support, personal and professional development

workshops, assistance with completing county documentation related to their education, advocacy for their continued education and success, referrals for additional academic support, and many more services. The office for the CalWORKs Program for Parents is located in the Administration building, Room 190. For more information visit the CalWORKs webpage or call (909) 652-6045.

Career Services and Student Employment Office

Chaffey College is committed to expanding opportunities to help students and alumni reach their career goals. Career Services offers student employment services, assessments, and other career planning resources. In-person services are not currently available while the office undergoes relocation. To reach Career Services, visit [Career Services online](#), email careercenter@chaffey.edu, or call (909) 652-6511.

The Student Employment Office manages Chaffey's online career services portal and offers a variety of employer services to local organizations including job announcements and on-campus recruiting opportunities. This office also serves as the personnel office for all on-campus student positions and provides assistance with employment requirements, new hire processes, employment verifications, and training. While in-person services are temporarily unavailable the Student Employment Office can be reached via email at careercenter@chaffey.edu, or during normal business hours at (909) 652-6511.

Student Employment Program Eligibility Requirements

Chaffey College is a learning-centered environment where student success is highly valued, supported, and assessed. As such, the Student Employment Office monitors the academic success of current student employees and enforces the following procedures:

To apply for student employee positions, new and returning students must be actively enrolled in at least 6 units for fall and spring semesters or 3 units for summer sessions. Active enrollment means actively attending and participating in classes. Applicants must also have a cumulative GPA of at least 2.0 at the time of application.

While employed, student employees must maintain enrollment in at least 6 units during fall and spring semesters (summer enrollment is not required for continuing students) and a cumulative GPA of at least 2.0. Failure to maintain the required enrollment and/or GPA requirement will result in termination of the student employee's position.

Center for Culture and Social Justice (CCSJ)

The Center for Culture and Social Justice (CCSJ) is a culturally conscious safe-haven dedicated to cultivating socially responsive leaders. Unwaveringly committed to fostering solidarity and amplifying the student voice, the CCSJ will evolve with the needs of our student population, always seeking to empower, inspire, and encircle the Panther community. You can find our upcoming programs and events on the [Center for Culture and Social Justice webpage](#).

Disability Programs and Services (DPS)

Disability Programs and Services (DPS) is a state funded program designed to assist those students with physical, psychological, or learning disabilities. Services are offered to help students circumvent their functional limitations and become active, productive members of the college community. The program emphasizes independence and self-reliance while providing the support necessary for individuals to achieve their goals. The program is open to any student who has a verifiable physical, psychological, or learning developmental disability, either temporary or permanent, which causes educational limitations.

DPS is located in Campus Center East (CCE), Room 100 on the Rancho Campus. Limited services are available at both the Chino and Fontana Campuses. For more information, please call (909) 652-6379 or visit the [DPS webpage](#).

EOPS, CARE, & NextUp

Extended Opportunity Programs & Services (EOPS) is a state funded counseling program that provides "over and above" academic, personal and financial support to qualified community college students whose educational and socioeconomic backgrounds might prevent them from successfully attending college. Services provided are specifically designed for under-represented students with the ultimate goal being completion of a certificate program, an associate degree, and/or transfer to a four-year university.

Cooperative Agencies Resources for Education (CARE) is a program that provides additional educational counseling support to meet the unique needs of single parents. CARE is open to students who are eligible for EOPS, are single parents, and receive TANF/CalWORKs assistance.

NextUp, formerly known as CAFYES (Cooperating Agencies Foster Youth Educational Support), is a supplemental component of EOPS. NextUp identifies and addresses barriers that current and former foster youth face. NextUp supports the health and well-being of current and former foster youth students and their academic success by providing extra "over and above" specialized services. The program offers eligible current and former foster youth support and services that may include assistance with books, supplies, transportation, technology, and housing

referrals. Students interested in joining or learning more about foster youth related services may complete the [Unified Foster Youth Services Application](#).

For locations, hours, and more information about these programs, visit the [EOPS webpage](#), email eops@chaffey.edu, or call (909) 652-6349.

Financial Aid

The Financial Aid Office administers a number of programs funded by federal, state and private sources designed to help students with limited resources meet their educational expenses. Awards may come from one or more or any combination of grants, scholarships, or federal work study. All students may be eligible for some form of assistance based on their financial need and may apply for aid by filing a Free Application for Federal Student Aid (FAFSA).

How and When to Apply

Students must apply or reapply every year for financial aid by completing the Free Application for Federal Student Aid (FAFSA) which is available online at www.fafsa.gov. Students who are not eligible for the FAFSA application and meet the AB 540 residency requirements may complete the [California Dream Act Application \(CADAA\)](#) online. Students can apply for financial aid as early as **October 1** for the new academic year. The ideal time to apply is between **October 1** and **March 2** to ensure your application is processed in a timely manner in preparation for summer, fall, and spring terms. The priority deadline to apply is **March 2**; however, you can still apply after this date. Filing after the priority deadline may make students ineligible for certain types of aid. If you are planning on attending Chaffey College, you will need to indicate Chaffey College's school code of **001163** on your FAFSA.

When submitting the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application (CADAA) for the 2024-2025 Award Year, which includes summer 2024, fall 2024, and spring 2025, students (and parents, if dependent) are able to use prior-prior year income data (2022 tax year).

The 2024-2025 application is available beginning October 1, 2023. Complete the 2024-2025 FAFSA/Dream application by March 2, 2024, to meet the California state grant application deadline. Students (and parents, if dependent) will be able to use prior-prior year income data (2022 tax year).

When completing the FAFSA, use your FSA ID to electronically sign the online FAFSA. Dependent students will have a parent apply for their own FSA ID number. Parents will need to sign the FAFSA until the student is 24 years of age or no longer considered a dependent student. Students that complete a Dream Act application can apply for a PIN number to sign the application through the Dream Act Application website.

Fee Waivers

There are several ways for students to reduce their college fees. Visit the college's [Types of Financial Aid webpage](#) for more information.

California College Promise Grant (CCPG) (Formerly BOGFW)

The majority of Chaffey College students are eligible for the CCPG Grant, which is available to California residents and AB 540 students who meet specific income eligibility requirements. The CCPG waives mandatory enrollment cost per unit. There are no minimum or maximum unit requirements. If you qualify for the Promise Grant your per-unit enrollment fees are waived and you will be responsible for a portion of the Student Health fees, all other fees, and any materials fees which apply. The CCPG is valid for the entire academic year beginning with the summer term and ending with the following spring semester. The best way to determine your eligibility for the Promise Grant is to complete the FAFSA or California Dream Application (only for AB 540 students).

CCPG Policy

Under State regulations, once you have qualified for the CCPG, it is important to ensure that you meet the academic and progress standards to avoid losing the fee waiver. Students must:

- Maintain a cumulative GPA of 2.0
- Successfully complete at least 50% of all units attempted

Students will lose eligibility for the CCPG if they are on academic probation for two consecutive primary terms (fall and spring semesters are primary terms). Loss of eligibility will become effective at the first registration opportunity after such determination is made. Students with extenuating circumstances will have the opportunity to appeal the loss of the CCPG.

Students will lose eligibility for the California Promise Grant if they are on academic probation for two consecutive primary terms (fall and spring semesters are primary terms). Loss of eligibility will become effective at the first registration opportunity after such determination is made.

Students with extenuating circumstances will have the opportunity to appeal the loss of the California Promise Grant (Formerly BOGFW).

Federal Pell Grants

Federal Pell Grants are need-based and awarded to every undergraduate student who qualifies. In most cases, these grants DO NOT need to be paid back. These grants may be used for tuition, fees, books, transportation, and living expenses. Initial awards are estimated based on the results of the FAFSA. Estimates will change if any criteria used to determine your eligibility, such as major, degree status, satisfactory academic progress, income or family information changes. Actual payment will not be determined until your file is completed and enrollment

status is verified. The amount of the Pell Grant disbursed is based on your Expected Family Contribution and enrollment status. You may even receive a Pell Grant if you attend school less than half-time provided you are otherwise eligible.

Students are only eligible to receive a Pell Grant for 6 years (12 fulltime semesters). This includes all semesters the Pell Grant has been received during a student's educational lifetime. Students can view their current Pell Grant usage online at the [U.S. Department of Education's Federal Student Aid website](#) using the FSA ID to access grant history.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The Federal Supplemental Educational Opportunity Grant is a need-based federal grant available to undergraduate students with the highest need. Priority is given to Pell Grant recipients with a zero Expected Family Contribution (EFC) who meet the priority filing deadline (March 2).

Federal Work Study (FWS)

Federal Work Study is a need-based federally funded part-time employment program, which allows eligible students to earn money to help pay for educational expenses. Students may work up to 20 hours per week and earn a monthly paycheck. Federal Work Study awards are determined by financial need and are available to students enrolled in six (6) units or more per semester. FWS job listings are available online in [Student Employment](#) for eligible FWS students and are filled on a first-come, first-serve basis.

Cal Grants

Cal Grants are state funds awarded in addition to the Federal Pell Grant. Cal Grant recipients are selected by the California Student Aid Commission (CSAC). To apply for the Cal Grant program, you must meet the requirements for the federal Pell Grants, submit the FAFSA and a Cal Grant GPA Verification form to CSAC by March 2nd (priority deadline). If you do not meet the March 2nd priority filing deadline, you may have a second chance to compete for a Cal Grant by filing the FAFSA and GPA Verification form by September 2nd.

Cal Grant B provides low-income students with a living allowance and assistance with tuition and fees.

Cal Grant C assists students with tuition and training costs for technical, occupational, vocational or career training programs. Funding is available for up to two years, depending upon the length of the program. To qualify, you must enroll in an occupational, technical or vocational program that is at least four months long at a California Community College. To find out more information visit the [California Student Aid Commission website](#).

Panther Promise

Chaffey College's Panther Promise provides the first two years of **FREE** tuition to all first-time full-time (enrolled in 12 units) college students. For eligibility requirements and to apply visit the [Panther Promise webpage](#).

Chafee Grant

The California Chafee Grant Program awards up to \$5,000 annually to eligible foster youth and former foster youth between the ages of 16 and 22 years to use for college courses or vocational school training. The Financial Aid Office disburses Chafee Grant in accordance with the regulatory statutes of this program. For more information visit the [Chafee Grant website](#).

Student Success Completion Grant (SSCG)

The Student Success Completion Grant is a new California Community College financial aid program for students who receive a Cal Grant B or Cal Grant C and who are enrolled at least full time (12+ units). The SSCG provides additional financial assistance to students attending at least 12 to 15 units per semester (24 to 30 plus units per academic year). Students will be automatically reviewed for eligibility for the SSCG. Students can receive \$1,298 annually (\$649 per semester) for eligible students who enroll and attend 12 through 14.99 units per term and a maximum of \$4,000 annually (\$2,000 per semester) for eligible students who enroll and attend 15 units or more per term. Eligibility criteria includes:

- Must be a Cal Grant B or C recipient that received a full-time Cal Grant payment
- Must be enrolled full-time (12 units or more)
- Must be meeting Federal Satisfactory Academic Progress (SAP) standards
- Must have unmet need to receive the SSCG

Student with Dependent Children Grant

Students attending a UC, CSU, or CCC who have dependent children, receiving more than half of their support from you and who are under the age of 18, may be eligible to receive an access award of up to \$6,000 for eligible Cal Grant B or up to \$4,000 for eligible Cal Grant C recipients. The award amounts will be prorated to be consistent with the students' enrollment status: full-time, three-quarter-time, half-time.

Scholarships

Scholarships are usually, but not always, based on a combination of need and merit. Some scholarships are based on your major, community service, educational goals, or other criteria. It is free money that does not need to be paid back. Scholarship applications are available at the [Chaffey College Foundation Office](#) and through the [Office of Student Life](#).

Important Facts

In the event that a financial aid applicant at Chaffey College enrolls in coursework and then completely withdraws from all coursework may be subject to repayment of Federal

Financial Aid funds. In this case, a student will be billed for the amount of aid that must be repaid, and holds will be placed on your record until the overpayment is resolved. If you have a reduction in units after receiving a disbursement, you may enter into an over award status which will result in financial assistance funds having to be repaid.

Foundation

Each year the Chaffey College Foundation awards scholarships to deserving students. The Chaffey College Foundation facilitates a variety of scholarship awards including merit-based, discipline/major, academic, co-curricular activities and community service; for which students are able to apply during the first two weeks of the fall and spring semesters. For more information and to access the scholarship application visit the [Foundation webpage](#), email foundation@chaffey.edu, or call (909) 652-6545.

GPS (Guiding Panthers To Success) Centers

The GPS Centers support student planning and achievement by providing new and returning students with registration assistance, development of an Educational Plan, unit load planning, navigation, and utilization of [MyChaffey Portal](#), progress checks, campus resources, and many other services. The Centers are staffed by Counseling faculty and Success Guides. Virtual walk-in services are available Monday-Friday and can be accessed online through the [Guiding Panthers to Success Centers Lobby](#). For more information visit the [GPS webpage](#).

Independent Scholars Program

Independent Scholars Program is a Counseling support program aimed at providing unique and personalized educational services to current and former Foster Youth (this includes Chaffey College students who are currently in Foster Care as well as those who are emancipated Foster Youth and who are 24 years of age or younger). Program participants are eligible to receive priority registration, assistance in purchasing books and supplies, individual counseling support, mentoring, referrals to community and campus resources, and much more. Students may visit the [Independent Scholars webpage](#) for further information.

International Student Center

An international student (F-1 visa) is defined as a student who has entered the United States temporarily and solely for the purpose of study and has a permanent residence in another country that he or she has no intention of abandoning. Individuals on a B-1/B-2 Visitor's Visa may not enroll in classes at Chaffey College. In addition, prospective students holding visas such as J-1, H-4, or F-2 may obtain information from the International Student Center. A variety of services are provided to international students, including academic guidance, F-1 Visa/Immigration information, career development, housing homestay referrals, and other services to meet the unique needs of international students in adjusting to college life in the United States.

The International Student Center staff warmly welcomes high school, transfer and new international students from all over the globe. For office hours and more information visit the [International Student Center webpage](#), email international@chaffey.edu, or call (909) 652-6195.

Library

The Chaffey College Library has branches at the Chino, Fontana, and Rancho Cucamonga campuses. Visit the [Library website](#) for current hours. The Library provides access to over two dozen databases that include magazine, newspaper, journal and encyclopedias in full-text format. These are available 24/7 via the Chaffey College Library homepage to current students, staff, and faculty at Chaffey College. A valid Chaffey ID in good condition is required to check-out items, including reserve materials. Please consult our website or contact us for more information regarding our services and resources.

Placement

[California Assembly Bill \(AB\) 705](#) gives students the opportunity to enroll directly in transfer-level math and English courses. We are confident that our students can succeed in these courses, and additional support is provided to assist with completion through our [Success Centers](#).

The placement process is a free, computerized placement tool that uses multiple measures, such as high school performance information, to place a student in math and English courses. The math and English placement process is a part of the application process. All new students will be placed in math and English after applying to Chaffey and can review or retake the placement via [Self-Service online](#). Language prerequisite challenge exams are administered after the student has met with a counselor to determine if the student will benefit from the challenge process. For guidance in choosing an ESL course, students should visit a counselor or the [ESL webpage](#) for information about each level. Further information about the placement process can be found on the [Orientation and Placement webpage](#).

Student Life

The Office of Student Life is the place students go to get help and to get involved. We are committed to complementing the academic curriculum in the development of the whole student within a diverse campus community by offering opportunities and services to support, engage, and empower our students to get the most out of their time at Chaffey. We are always happy to help in any way we can!

The Office of Student Life is located in Campus Center East (CCE-124) on the Rancho Campus. The office publishes the annual student handbook in the fall term and oversees student elections. The office supports student government and all other student organizations and oversees a student lounge. Students interested in getting involved on campus are invited to visit the office or study and relax between classes in the lounge.

Chaffey College Student Government (CCSG)

Chaffey College Student Government is the college student government. CCSG is supported by students and is for the benefit of students. The College Services Fee of \$8.00 per semester (\$5.00 for summer session) funds CCSG sponsored programs and activities, including scholarships (please check your Chaffey College issued Panther email for information; scholarships are awarded in the spring term), annual book grants, lectures, cultural events, service projects for students and community, giveaways, the textbook rental program that is administered in the Chaffey College Campus Store, and more. The College Services Fee is an optional fee endorsed by CCSG annually and is approved by the college Governing Board. Individuals who wish to learn more about the College Services Fee, including its benefits to students and service to the community may contact CCSG for more information. Students who wish to be exempt from paying the College Services Fee may contact the Cashier's Office at cashier.staff@chaffey.edu on or before the appropriate refund deadline for the current term. If you would like more information about CCSG, visit the [Student Government webpage](#).

Student Health Services

Student Health Services is dedicated to assisting students achieve and maintain optimal physical, mental, and emotional health, by providing quality healthcare at a reasonable cost. The Health Fee charged each semester entitles all currently enrolled students to be seen by a doctor, nurse practitioner, nurse, or psychological counselor, free of charge. A variety of services are available to students; some services may require a fee. A nurse is on staff at the Rancho Campus Monday through Friday to answer questions.

Student Health Service clinics are located at the Rancho and Chino campuses. The Student Health Services clinic on the Rancho Campus is located in MACC-202; call (909) 652-6331 for appointments. The Student Health Services clinic on the Chino Campus is located in CHMB-105; call (909) 652-8190 for appointments. For information about the Student Health Services clinic on the Chino Campus, call (909) 652-6331.

Transfer Center

The Transfer Center provides information and resources to help students continue their education after Chaffey College. The center maintains a library of college catalogs and reference materials, provides access to the internet and specialized software programs for college research and applications, hosts college representatives for individual appointments with students, sponsors transfer-related workshops, and schedules campus visits and college fairs. All services are free and available to any Chaffey student. The Transfer Center welcomes the opportunity to assist students considering transfer to four-year colleges. The

center is located in SSA-120 on the Rancho Campus. For more information and office hours, visit the [Transfer Center webpage](#).

Umoja

Umoja is a community and critical resource dedicated to enhancing the cultural and educational experiences of African American and other students. Participants have the opportunity to enroll in Umoja Learning Community courses, in addition to receiving a variety of tools and resources that will assist them in navigating the Chaffey College campus and completing their goals. Through Leadership development, mentoring, counseling, and Umoja Practices, students are connected to strategies and activities that promote achievement, self-esteem and cultural understanding. The Umoja Program promotes student success for all students through a curriculum that is responsive to the legacy of the African and African American diasporas. The Umoja Program promotes student success for all students through a curriculum that is responsive to the legacy of the African and African American diasporas. For more information visit the [Umoja webpage](#) or email brent.mclaren@chaffey.edu.

College Policies

Policies, procedures, and regulations are subject to change. Visit the [Policies and Procedures webpage](#) for the most current information.

Academic Freedom

The District is committed to academic freedom, but recognizes that academic freedom does not allow sexual harassment or any other form of unlawful harassment or discrimination. The lecture, content, and discourse that are an intrinsic part of the course content shall, in no event, constitute sexual harassment or other form of unlawful harassment or discrimination. It is recognized that an essential function of education is a probing of received opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom ensures the faculty's right to teach and the student's right to learn. Finally, nothing in the District's policy shall be interpreted to prohibit bona fide academic requirements for a specific program, course or activity.

Academic Integrity (Cheating)

Integrity is an essential component of the student academic experience. The academic evaluation a student receives for a course becomes a permanent college record and it is critical that such records be accurate and consistent. The integrity students learn and exhibit at the college will be a model for the professional integrity they practice when they complete the college work. Accordingly, Chaffey College has classified academic dishonesty into the following categories:

- Cheating
- Unauthorized Collaboration
- Facilitating Academic Dishonesty
- Interference or Sabotage
- Plagiarism
- Fabrication
- Retaliation

The entire policy is written in the Student Handbook and available at the Office of Student Life or [online](#).

Americans with Disabilities Act of 1990

The Americans with Disabilities Act (ADA) of 1990 prohibits discrimination against people with disabilities in employment, public services including public and private transportation, public accommodations, and telecommunications services. Support services for students with disabilities are provided through Disability Programs and Services (DPS). Anyone needing information about services for students with disabilities should contact Disability Programs and Services at (909) 652-6379; if in need of TDD/TTY please contact (909) 652-6393, or email dps.staff@chaffey.edu. The toll-free numbers for the California Relay Service are 1-800-735-2929 or 1-877-735-2929 for TDD/TTY users. Employees (faculty, non-faculty, or student worker) requiring accommodations should contact Susan Hardie, Executive Director, Human Resources, by phone at (909) 652-6531 or by email at susan.hardie@chaffey.edu.

Behavior Code

All members of the Chaffey College community are expected to behave in an ethical and moral fashion, respecting the human dignity of all members of our community and resisting behavior that may cause danger or harm to others which shall include, but not limited to, violence, theft, or bigotry. All members of the Chaffey College community are expected to observe established standards of scholarship and academic freedom by respecting the intellectual property of others and by honoring the right of all students to pursue their education in an environment free from harassment and intimidation. The entire policy is written in the Student Handbook and available at the Office of Student Life or [online](#).

Commitment To Student Equity

The Governing Board has taken action to actively pursue equity for all students. This means that our programs and services strive to provide access, opportunity, and fairness to all students, of all ages, disabilities, diverse cultures, and alternative lifestyles. It means being sensitive to the personal and professional needs of its diverse populations and cultures. Expect to find an expression of the commitment to equity in our curriculum and student programs and services. The governing board, administration, faculty, and staff want you to learn in a respectful and supportive climate. It is our commitment to you.

Compliance

Students are responsible for compliance with the regulations published in the college catalog, the schedule of classes, course syllabi, and in department rules and regulations.

Computer Use and Internet Access

Chaffey College owns and operates a network and a variety of computer systems for use by its faculty, students, and staff. Chaffey College encourages the use of its network and computer systems for education, academic development, and other approved purposes. When using the Chaffey College network and computer systems, all users are required to abide by the Policy for District Network and Computer Use established by the Governing Board and the associated procedures and to use the system in an ethical and lawful manner. The Policy for District Network and Computer Use is published in the Student Handbook.

Disciplinary and Grievance Appeal Procedures

Procedures for grievance appeal hearings are written in the Student Handbook and available at the Office of Student Life or [online](#).

Institutional Learning Outcomes

Chaffey College strives to develop lifelong learners who exhibit the following:

Communication

Students will practice effective communication and comprehension skills and strategies. Examples will include, but are not limited to, the following:

- Comprehend, analyze, and respond appropriately to oral, written, and visual information.
- Effectively communicate/express both qualitative and quantitative information through oral, written, visual, and other appropriate modes of communication/expression.
- Ask questions and utilize appropriate resources to continually expand comprehension and oral, written, and visual communication skills.

Critical Thinking and Information Competency

Students will demonstrate critical thinking skills in problem solving across the disciplines and in daily life. Examples will include, but are not limited to, the following:

- Identify vital questions, problems, or issues and evaluate the plausibility of a solution. Compute and analyze multiple representations of quantitative information, including graphical, formulaic, numerical, verbal, and visual.
- Apply scientific processes to solve problems and measure and observe natural phenomena.
- Select sources of information based on analysis and evaluation of accuracy, credibility, relevance, and reasonableness of information.
- Analyze and assess assumptions, biases, and multiple perspectives to develop a well-informed, valid argument.

Personal, Academic, and Career Development

Students will assess their own knowledge, skills and abilities; set challenging and appropriate personal, educational, and career goals and persist in pursuing these goals; develop effective strategies for both individual and group work; and choose pathways that develop personal, academic, social, and financial responsibility. Examples will include, but are not limited to, the following:

- Demonstrate professional and ethical responsibilities of the individual in society.
- Demonstrate the ability to use technology to assess, evaluate, and present information.
- Set short and long-term goals, seeking and utilizing various personal, academic, psychological, and social services in pursuit of these goals.
- Seek and utilize feedback to assess learning and progress toward goals.
- Demonstrate resilience by viewing challenges and obstacles as opportunities for growth.

Community/Global Awareness and Responsibility

Students will demonstrate knowledge of and strategies to consider significant social, cultural, environmental and aesthetic perspectives. Examples will include, but are not limited to, the following:

- Identify and apply the social and ethical responsibilities of the individual in society.
- Demonstrate social and ethical responsibility within a community.
- Demonstrate commitment to active citizenship by recognizing and evaluating important social, ecological, economical, and political issues.
- Demonstrate an understanding and appreciation for individual, social, and cultural diversity.

Open Courses

It is the policy of the district that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the College and who meets such prerequisites as may be established pursuant to regulations contained in sections 55003 and 58106 of division 6 of title 5 of the California Code of Regulations.

Probation

A student who has **attempted** at least twelve semester units at Chaffey College will be subject to:

Academic Probation – If earned cumulative grade point average is below 2.00.

A student who has **enrolled** in a total of at least twelve semester units at Chaffey College will be subject to:

Progress Probation – When the percentage of W, I, and/or NC grades reaches or exceeds 50% of all units in which the student has enrolled.

Students placed on either academic or progress probation may be subject to a block from registration.

Dismissal

A student who is on academic probation shall be subject to **academic dismissal** if the student earns a cumulative grade point average of less than 2.00 in all units attempted in each of three consecutive semesters, excluding summer session.

A student who has been placed on progress probation shall be subject to **probation dismissal** upon receipt of recorded grades of W, I, and NC in 50% or more of all enrolled units during three consecutive semesters, excluding summer session.

Students receiving notice of dismissal as a result of fall grades will be dismissed the following fall semester, and for spring grades, will be dismissed the following spring semester.

If the grade point average of a student who is receiving Veterans educational benefits remains below the graduation requirement of 2.0 for more than three consecutive terms, the student will not be certified for VA educational benefits until his/her academic status is restored to good standing.

Reinstatement

A student who has been dismissed may apply for readmission after one semester following the date of dismissal. Contact the Opening Doors to Excellence (ODE) office for more assistance at openingdoors.staff@chaffey.edu. A student may appeal a dismissal or apply for readmission by filing a petition for readmission. This petition will be reviewed by a scholastic standards committee.

A student readmitted after academic dismissal will remain on that status until the student's GPA reaches 2.00, or the percentage of units for which grades of W, I, or NC drops below 50%.

For the purpose of this section on academic dismissal, semesters are considered consecutive on the basis of student enrollment.

Rights And Privacy (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. These rights include:

- The right to inspect and review the student's education records within 15 days after the date Chaffey College receives a written request for access.
- The right to request amendment of education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
- The right to direct the college to withhold release of directory information to persons not employed by or an agent of the Chaffey College District. Directory Information **may** include, but is not limited to: student's name, address, phone number, dates of attendance, major field of study, awards and degrees received, most recent institutions attended, participation in official college activities and sports, weight and height (for members of athletic teams), and part-time and/or full-time enrollment status. Directory information **does not** include your Social Security Number.

Contact the Admissions and Records Office at (909) 652-6600 or admissions@chaffey.edu for more information.

Section 504 - Rehabilitation Act

In accordance with Section 504 of the Rehabilitation Act, Chaffey College abides by the regulation that "no otherwise handicapped individual" shall be excluded from participation in programs and services offered by the College "solely by reason of the handicap." Jacob Peck serves as the 504/508/ADA Coordinator and may provide information and answer questions regarding access for students with disabilities. Send correspondence to Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737-3002; by phone at (909) 652-6126 or by email to jacob.peck@chaffey.edu.

Section 504/508 Complaint Procedure

If a student has a complaint under the provisions of Section 504 of the Rehabilitation Act, the complaining party should first discuss the complaint with the individual(s) involved or with the Chaffey College 504/508 and/or the ADA Coordinator. The 504/508/ADA Coordinator will contact all parties concerned, if appropriate, and attempt to reach resolution. Contact: (909) 652-6379, or dps.staff@chaffey.edu. If the complaint cannot be resolved within ten working days, the complainant may then proceed to file a formal complaint with the Office of Human Resources, Susan Hardie, Executive Director, Human Resources, at (909) 652-6531, or email susan.hardie@chaffey.edu.

Sexual Harassment

It is the policy of the Chaffey Community College District to provide for all students and employees, an educational, employment, and business environment free of all forms of harassment, exploitation, intimidation, or unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct or communications of a sexual nature as defined and otherwise prohibited by the California Fair Employment and Housing Act, California Education Code, and State and Federal rules, regulations, statutes and laws prohibiting sexual harassment and retaliation.

The District is strongly opposed to sexual harassment and expressly forbids sexual harassment of its students and employees by faculty, managers, staff, students or members of the general public. The College will take whatever appropriate action to prevent, correct, and, if necessary, discipline inappropriate behavior.

Sexual harassment shall be immediately reported to the District's Compliance Officer, Tomeika Carter, Acting Executive Director, Student Support Services, at (909) 652-6536, email tomeika.carter@chaffey.edu, or at Chaffey College, 5885 Haven Avenue, Rancho Cucamonga, CA 91737, or to any dean, director, or manager for immediate reporting to the District's Compliance Officer, or designee. Every effort will be made to ensure that confidentiality is maintained.

Smoking

Smoking of any form of tobacco or non-tobacco products is prohibited inside of any building, including restrooms and corridors; within 20 feet of a main exit, entrance, or operable window of any college-owned, leased, or operated buildings; and in any college-owned, leased, or operated vehicles.

Statement of Equal Opportunity/Non-Discrimination and Prohibition of Harassment

The Chaffey Community College District is committed to providing equal educational and employment opportunity. The District affirms its commitment with policies that include fair and equitable treatment of students and employees, and prohibits discrimination in its admission, access, and treatment in College programs and activities, and application for and treatment in College employment on the basis of race, religion, color, sex (including gender, gender identity, gender expression, pregnancy, and breastfeeding), sexual orientation, national origin, ancestry, marital status, age, medical condition, genetic characteristics or information, military and veteran status, physical or mental disability or the perception that a person has one or more of these perceived characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

In accordance with Title IX regulations, the District offers equal academic, occupational, and extracurricular opportunities regardless of the sex/gender of the individual. The Title IX Compliance Officer, Tomeika Carter, Acting Executive Director, Student Support Services, may be contacted at (909) 652-6536 or email to tomeika.carter@chaffey.edu, or at 5885 Haven Avenue, Rancho Cucamonga 91737. The District, authorized under federal law to enroll non-immigrant and alien students, and, in accordance with title 5 regulations, affirms that the lack of English language skills will not be a barrier to admission and participation in the District's programs.

Persons who seek information and/or resolution of alleged acts of unlawful discrimination, retaliation, or harassment are directed to contact the District's Compliance Officer.

Student Right-to-Know

In accordance with the Code of Federal Regulations, Title 34, Part 668, Sections 668.41 through 668.50 (the "Student Right-to-Know and Campus Security" Act), institutions participating in any Title IV, HEA program shall make available to current and prospective students and high school counselors the completion and transfer-out rates of first-time, full-time, degree seeking students who entered the institution on or after July 1, 1996. This information is posted in all Student Service Offices, and is currently available online at the [California Community College's Student Right-To-Know Disclosure website](#). Annual campus security reports can be obtained online at Chaffey's [Jeanne Clery Disclosure webpage](#).

How to Read the Schedule of Classes

Course Numbering

- 1-99:** Lower-division transfer and baccalaureate degree level courses that are comparable to those offered in the first two years of a four-year college or university. Courses transferable to the California State University are marked **Transfer: CSU**; courses also transferable to the University of California are marked **Transfer: CSU; UC**. Some transferable courses have credit limitations at either CSU or UC (or both); students should consult a counselor for details on these limitations.
- 400-499:** Associate degree level courses may be applied to the Associate in Arts and Associate in Science degrees, and certificates.
- 500-599:** Non degree applicable foundational and college preparatory courses are not part of the associate degrees nor certificates, although they may be prerequisites to required courses. College credit is assigned and courses may be included in the student educational plan. These courses may be letter grade or pass/no-pass. If graded, the grades are not included in students' degree applicable grade point average computation.
- 600-699:** Non-credit courses provide foundational, developmental, occupational, and general education opportunities. They do not earn unit credit and are not considered part of collegiate-level study. These courses may be letter grade, not graded, or have a pass/no-pass grading schema.

Limitations on Enrollment

Some courses have limitations on enrollment. These limitations may require corequisites (concurrent enrollment in other courses), prerequisites (successful completion of other courses or specified placement for English, math, and/or English as a second language), performance criteria, health and safety conditions, or prior acceptance into specified programs. Students who do not fulfill these requirements may be unable to register for or may be dropped from any class for which requirements have not been met. See the "Limitations on Enrollment" section elsewhere in this Schedule of Classes for more information. Advisories are recommendations for courses or competencies that students are encouraged – but not required – to meet.

Course Identification Number (C-ID)

The C-ID Numbering System is a statewide common number identifying specific courses that participating California colleges and universities have deemed comparable in scope and content, regardless of each institution's unique numbering system. Because courses may be updated, added to, or removed from the C-ID database throughout the year, students are advised to consult www.assist.org and meet with an academic counselor to verify how C-ID qualified courses apply to the four-year college or university to which they plan to transfer.

Instruction Methods: A key to understanding how classes are taught

- On campus:** The course always meets on one of our three campuses with required meeting times, as displayed in the course schedule; Canvas (the college's online course management system) may be used as a resource for grades, handouts, submitting assignments, etc.
- Online:** The course takes place completely online in Canvas and all work is completed and submitted online. Some online courses have required live meeting times, as displayed in the course schedule. Online courses without required live meeting times will have weekly work and deadlines.
- Hybrid:** The course takes place partially online and meets partially on campus; attendance and participation in both are required. The on-campus portion will have required meeting times, as displayed in the course schedule.

COURSE NUMBER	COURSE TITLE	NUMBER OF UNITS	LIMITATIONS ON ENROLLMENT; DESCRIPTION; C-ID; TRANSFER APPLICABILITY			
ART-16	Introduction to Painting	(3.00 Units)	Introduction to painting in acrylic media including the fundamentals of color theory and composition as applied to painting. Exploration of traditional and contemporary approaches and techniques in Western and non-Western painting. Development of painting as a means of self-expression. (C-ID ARTS 210) Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU; UC. Grading: Letter grade only

Spring Classes

Class offerings, particularly instructor assignment, location, and whether a class will use ZTC or LCT materials, may change without notice after the publication of this schedule. You can find the most up-to-date, live, and complete class details by visiting the [Schedule of Classes webpage](#), where you have access to two convenient resources: *Search and Register for Classes* via the MyChaffey Portal and the *Current Status of Classes* list.

Zero Textbook Cost (ZTC): Course uses materials (textbooks, workbooks, articles, library resources, software/hardware, supplies, etc.) that are free to students. Total material costs for the course are \$0.

Low-Cost Textbook (LCT): Course uses materials where the combined total cost of all required materials (textbooks, workbooks, articles, library resources, software/hardware, supplies, etc.) is \$50 or less.

Accounting (ACCTG)

ACCTG-1A: Financial Accounting (4.00 Units)

Advisory: Completion of BUSTEC-63 or CIS-1. Development and communication of financial information that is useful to investors, creditors, and others to make decisions. Course material covered includes the accounting environment, accounting cycle, application of generally accepted accounting principles, ethics, financial statements, operating, investing, and financing activities. (C-ID ACCT 110) Transfer: CSU; UC. Grading: Letter grade only

ANTHRO-3: Introduction to Social and Cultural Anthropology (3.00 Units)

Placement Level: Eligibility for ENGL-1A as determined by the Chaffey College placement process. This course explores how anthropologists study and compare human culture. Cultural anthropologists seek to understand the broad arc of human experience focusing on a set of central issues: how people around the world make their living (subsistence patterns); how they organize themselves socially, politically and economically; how they communicate; how they relate to each other through family and kinship ties; what they believe about the world (belief systems); how they express themselves creatively (expressive culture); how they make distinctions among themselves such as through applying gender, racial and ethnic identity labels; how they have shaped and been shaped by social inequalities such as colonialism; and how they navigate culture change and processes of globalization that affect us all. Ethnographic case studies highlight these similarities and differences, and introduce students to how anthropologists do their work, employ professional anthropological research ethics and apply their perspectives and skills to understand humans around the globe. May be offered as an Honors course. (C-ID ANTH 120) Transfer: CSU; UC. Grading: Letter grade only

Arabic (ARABIC)

ARABIC-1: Elementary Modern Standard Arabic I (4.00 Units)

Introduction to the four basic language skills in functional modern Arabic - aural, oral, reading, and writing. Students learn the basics of Arabic script and pronunciation while building a foundational vocabulary. Arabic cultural norms, values, and customs are explored and serve as a basis for additional skill-building practice. This course may also require completion of supplemental assignments. Corresponds to the first year of high school Arabic. Transfer: CSU; UC. Grading: Letter grade only

ART-89: Student Invitational Exhibition (4.00 Units)

Limitation on Enrollment: Student must pass faculty review of creative project proposal and portfolio in November for the Spring course and exhibition. Interested students should contact an art or photography faculty member no later than September 1st. Portfolios and applications are due in early November. Honors course for highly motivated studio art, digital media, and photography students who meet portfolio requirements. This course involves in-depth independent research involving critical evaluation of concepts and ideas in the context of contemporary artistic expression, as well as rigorous exploration of media and techniques. In collaboration with the Wignall Museum of Contemporary Art Director/Curator and discipline faculty, selected students cooperatively undertake all phases of mounting a professional quality exhibition of their artworks. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

ARTGD-63: Introduction to Graphic Design (4.00 Units)

Formerly ART-63. An introduction to visual communications in the field of graphic design. The course includes: concept development, the creative design process, production, and presentation techniques through the development of design projects on various media using Adobe Photoshop and Illustrator. The course covers design and production skills, including beginning computer software skills. Students develop conceptual and technical abilities to amplify content through composition, image, typography, symbolism, and experimentation. Emphasis will be placed on the application of basic design principles to graphic design problems in visual communications. Design solutions will explore the potential of strategy, concept, and design, utilizing composition, layout, illustration, photography, typography, and symbology. Exercises emphasize the different aspects of analytical and creative design through typical media. For example: a brochure, poster, or billboard advertising. Topics include: Fundamental studies in the history, theories, techniques, and practices of professional graphic design, and developing graphic design projects for traditional and emerging technologies. AUTOTEC-15: Automotive Electricity and Electronics (2.00 Units)

Basic automotive electricity and electronics. Diagnosis of typical automotive electrical concerns using wiring diagrams/schematics and various testers. Emphasis on the use of digital multimeters for troubleshooting. Foundation course for electrical and electronic subject matter found in other automotive technology courses. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

AUTOTEC-416: Basic Automotive Air Conditioning Systems (2.00 Units)

Advisory: Completion of AUTOTEC-10 and AUTOTEC-15. Operation, service, and repair of automotive heating, ventilation, and air conditioning systems, with emphasis on environmental protection, including refrigerant recycling. Course provides the information necessary to qualify for refrigerant recovery, recycling, and handling certification by the United States Environmental Protection Agency (EPA), and prepares students to take the Automotive Service Excellence (ASE) A7 Technician Certification exam. Grading: Letter grade only

Location: Fontana High School

40457	02:30pm-04:00pm	MTWTH	FHS-P101	J. Hudson		Course Materials	Short-Term
	Start Date: 03/10/25	End Date: 05/08/25	Last Day to Add: 01/27/25				

Section 40457: Instructor consent required.

AUTOTEC-429: Advanced Automotive Electrical Systems (4.00 Units)

Prerequisite: AUTOTEC-15 or AUTOTEC-455. Operation and service of automotive electrical systems. Emphasis on reading wiring diagrams and using test equipment to diagnose and troubleshoot electrical/electronic systems. Prepares students to take the Automotive Service Excellence (ASE) A6 Technician Certification exam or the BAR California A6 Equivalent exam. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39641	05:30pm-08:40pm	TTH	ATL-121	J. Polidano		Course Materials	Full-Term

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

AMT-15C: Introduction to Aviation Maintenance for Airframe and Powerplant Laboratory (6.50 Units)

Corequisite: AMT-15A (may be taken previously). Formerly AMT-15B. Aerospace materials, hardware, manufacturing practices and safety, blueprint reading, inspection techniques, aircraft servicing, cleaning and corrosion control and FAA regulations as required for an FAA Airframe and/or Powerplant Technician's License. Includes aircraft mathematics, physics, aerodynamics and flight controls, weight and balance calculations and basic AC and DC electricity required for an FAA Airframe and/or Powerplant Technician's License. General Aeronautics laboratory hours are included to fulfill FAA practical aeronautical applications in aerodynamics, physics, weight and balance, FAA and manufacturers' publications, aircraft materials and processes, blueprint reading, aircraft servicing, electricity and mathematics. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

40606	08:00am-03:05pm	M	AERO-1A	J. Caliva & C. Byars	 	Course Materials	Full-Term

BIOL-22: Human Physiology (4.00 Units)

Prerequisite: BIOL-20, and CHEM-9, CHEM-10, or one year of high school chemistry. The dynamic nature of life processes in the human body, including the physiology of the cell and the functions and interrelations of the organ systems. The course includes the study of the physiological principles, function, integration and homeostasis of the human body at the cellular, tissue, organ, organ system, and organism level. The Lab emphasizes experimentation and scientific reasoning. (C-ID BIOL 120B) Transfer: CSU; UC. Grading: Letter grade only

Location: Fontana Campus and Online

BIOL-40: Introduction to Cell and Molecular Biology (4.00 Units)

Prerequisite: CHEM-10 or 1 year high school chemistry. Advisory: Completion of ENGL-1A. Placement Level: Eligibility for MATH-25 as determined by the Chaffey College placement process. An intensive course designed to prepare students for upper division courses in cell and molecular biology. This course covers the principles and applications of prokaryotic and eukaryotic cell structure and function, biological molecules, homeostasis, cell reproduction and its controls, molecular genetics, classical/Mendelian genetics, cell metabolism including photosynthesis and respiration, and cellular communication. The philosophy of science, methods of scientific inquiry and experimental design are foundational to the course. Laboratory includes experimental design, a variety of techniques (e.g. microscopy, spectrophotometry, electrophoresis), and data analysis. (C-ID BIOL 190, and 135 S when combined with BIOL-62) Transfer: CSU; UC. Grading: Letter grade only

Broadcasting (BRDCAST)

BRDCAST-3: Introduction to Electronic Media (3.00 Units)

Survey the history, structure, function, economics, content and delivery systems of radio, television, motion pictures, the Internet, streaming media systems, and other emerging digital formats. The study of the past and present socio-cultural, political, regulatory, ethical, technical, and occupational impacts of electronic media. Explore the past, present, and future representations of women, people of color, and other underrepresented groups. Examine issues of diversity, equity and inclusion in the media and entertainment industry. This survey course focuses on the evolution of electronic media, with a special emphasis on A.I. trends and innovations. Students will examine how A.I. has shaped electronic media content, distribution, and audience engagement. Transfer: CSU. Grading: Letter grade only

BRDCAST-55: Beginning Audio Production (3.00 Units)

This course serves as an introduction to the theory and practice of audio production for radio, television, film, and digital recording applications. Principles of digital audio production, digital recording, microphone use and placement, sound effects, audio mixing and sound design and aesthetics. Practical experience with microphones, multi-track digital audio recording and mixing, editing, mastering, and control-board cueing. Digitizing and mixing compact disc, DVD, audio/video, and analog sources with music, spoken word, voice-over narration, and sound effects. Integration of sound design in motion pictures, television and the media arts. General F.C.C. rules and regulations pertinent to the broadcast industry. This course introduces students to the fascinating synergy between audio production, sound design, and generative A.I. technologies. Students will explore how A.I. can be used to create and manipulate soundscapes, sound effects, and music. They will gain practical skills in using generative A.I. tools to produce unique audio experiences. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. (C-ID FTVE 120) Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

BRDCAST-62: Beginning TV Studio Production (3.00 Units)

Advisory: Possession of basic computer skills. This course introduces theory, terminology and operation of a simulated and virtual multi-camera television studio and control room. Topics include studio signal flow, directing, theory and simulated operation of virtual camera and audio equipment, including switcher operation, fundamentals of lighting, graphics, video control and video recording and virtual video production. Additional topics may include: simulated lighting board operation, video signal engineering, multi-camera line switching techniques for live broadcasts. Students coordinate cameras and on-screen performers, and collaborate with production crew members and master control-room personnel, to produce, direct, and edit virtual multi-camera studio productions. In this course, students will master the art of multi-camera studio production with the aid of A.I. systems. They will explore A.I.-driven camera tracking, automated shot selection, and real-time graphics, ensuring dynamic and professional studio productions. (C-ID FTVE 135) Transfer: CSU. Grading: Letter grade only

BRDCAST-74: High Definition Cinematography (3.00 Units)

Other: Basic computer skills are recommended. Visual theory and methodology of high-definition cinematography applied to the production of dynamic broadcasting and streaming video content. Integration of Advanced Television Systems Committee (ATSC) broadcast technologies with widescreen videography, including 4K HD mobile devices. Emphasis on camera placement, angles, movement, the visual arrangement of compositions, and framing techniques. Writing, production, and editing of a news story and short documentary. Students may collaboratively produce and/or edit several high-definition video projects. Students in this course will learn to create high-definition and documentary videos with the assistance of A.I. tools. They will discover how A.I. can help with video stabilization, scene recognition, and automated captioning, enabling them to produce compelling and professional content. Transfer: CSU. Grading: Letter grade only

Section 40040: Zero Textbook Costs (\$0).

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

ENGL-1A: Composition (3.00 Units)

Careful study and practice of narrative, explanatory, argumentative, research and/or other kinds of writing and reading. Incorporates texts that celebrate diverse identities, communities, and experiences, and that engage with difference, with the ultimate goal of preparing students to succeed in college and careers, and to participate in broader societal discourse. A minimum of 5,000 written words is required over the term. Three hours for supplemental learning through a Success Center that supports this course are required. May be offered as an Honors course. Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Men

40604	05:30pm-08:20pm	T	CIM	S. Metz		Full-Term
	Start Date: 01/13/25			End Date: 05/22/25		

Section 40604: Enrollment limited to students enrolled through the California Institution for Men (CIM).

ESC-1L: Earth Science Laboratory (1.00 Unit)

Corequisite: ESC-1 (may be taken previously). Optional laboratory for Earth Science. Use the tools and methods of science to image, measure and observe phenomenon in geology, oceanography, astronomy and meteorology. (C-ID GEOL 120L) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Men

40465	05:30pm-08:20pm	T	CIM	A. Foutz	 	Full-Term
	Start Date: 01/13/25			End Date: 05/22/25		

Section 40465: Enrollment limited to students enrolled through the California Institution for Men (CIM).

Section 40465: Zero Textbook Costs (\$0).

ENGL-1C: Introduction to Literature (3.00 Units)

Prerequisite: ENGL-1A. This course introduces representative works from major genres, develops students' close reading and analytical writing skills, and promotes appreciation and critical understanding of the cultural, historical, and aesthetic qualities of literature. Introduces the central literary genres: novel, short story, poem, and play. Close reading of the literature guides inexperienced readers toward greater understanding and appreciation of imaginative literature, and provides more experienced readers with new perspectives through the analysis of the techniques and purposes of specific writers. Students are taught how to organize and compose the literary essay. May be offered as an Honors course. (C-ID ENGL 120) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Men

40504	05:30pm-08:20pm	T	CIM	C. Phipps		Full-Term
	Start Date: 01/13/25			End Date: 05/22/25		

Section 40504: Enrollment limited to students enrolled through the California Institute for Men (CIM).

ETHN-1: Introduction to Ethnic Studies (3.00 Units)

This survey course is a comparative and interdisciplinary examination of the lived-experiences and social struggles of African American, Arab American, Asian American, Chicana/Latina, Native American, and Pacific Islander American groups in the United States. The course will interrogate categories of identity and power such as race, ethnicity, class, gender, and sexuality and explore theoretical concepts and socio-historical processes, including colonization and immigration; the development of race as a social category; political conditions; economics, labor and the persistence of social inequalities; cultural expression and resistance; and social justice movements. Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Men

40378	05:30pm-08:20pm	M	CIM	P. Zavala Rodriguez	 	Full-Term
	Start Date: 01/13/25			End Date: 05/22/25		

Section 40378: Enrollment limited to students enrolled through the California Institution for Men (CIM).

Section 40378: Zero Textbook Costs (\$0).

GEOG-6: Environmental Geography (3.00 Units)

Global perspectives on environmental geography. Geographical approach to the biosphere: environmental principles, economics and environment, human impact, extinction and biodiversity, food/population crises, the social environment, global tampering, global climate change, and contemporary values in global environmental issues. Transfer: CSU; UC. Grading: Letter grade only

Section 40033: Enrollment limited to students enrolled through the California Institution for Men (CIM).							

SOC-33: Introduction to Social Justice Studies (3.00 Units)

Inter-disciplinary study of dominant and minority group relations, with emphasis placed on sociological perspectives. Examines the emergence of social justice movements to address oppression on the basis of race, sex, religion, gender, social class and ability in the United States to provide a basis for a better understanding of the socio-economic, cultural and political conditions among key social groups. (C-ID SJS 110) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Men

40031	05:30pm-08:20pm	W	CIM	J. Moronez			Full-Term
Section 40031: Enrollment limited to students enrolled through the California Institution for Men (CIM). Section 40031: Low-Cost Textbooks (below \$50).							

STAT-10: Elementary Statistics (4.00 Units)

Placement Level: Eligibility for STAT-10 as determined by the Chaffey College placement process as of March 2019, which will result in more students being able to enroll directly in STAT-10, or completion of MATH-542. Advisory: Concurrent enrollment in STAT-510 (previously STAT-610). The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Introduction to descriptive and inferential statistics. Topics include: frequency distribution, measures of variation and central tendency, discrete and continuous random variables and probability distributions, sampling distributions, interval estimations of population parameters, hypothesis testing, analysis of variance, chi square and t-test analysis, and linear regression and correlation. Application of technology for statistical analysis including the interpretation of the relevance of statistical findings. Applications using data from various disciplines such as: business, physical sciences, social sciences, psychology, life science, health science, and education. A specific statistical graphing & computing utility is required. See instructor before acquiring. May be offered as an Honors course. The Math department strongly recommends that any student wanting or needing extra support for this course to consider enrolling in STAT-610 to be taken concurrently with STAT-10. There is a 1 hour supplemental learning requirement that can be satisfied through the success centers. (C-ID MATH 110) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: California Institution for Men

40538	05:30pm-07:20pm	TF	CIM	J. Meekins			Full-Term

COMSTD-72: Logic and Argumentation (3.00 Units)

Prerequisite: ENGL-1A. The study of argumentation as an oral and written skill with an emphasis on the principles of critical thinking and sound reasoning. Examination of quality and types of evidence, identification of faulty and misleading arguments, and development of techniques for defending and refuting arguments. Social and political issues are the basis for research, analysis, and evaluation. (C-ID COMM 120) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40041	05:00pm-07:50pm	W	CIW	K. Hydanus		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40041: Enrollment limited to students enrolled through the California Institution for Women (CIW).
Section 40041: Zero Textbook Costs (\$0).

GEOG-4: Physical Geography (3.00 Units)

This course is a spatial study of the Earth's dynamic physical systems and processes. Topics include: Earth-sun relationships, weather, climate, water, landforms, soil, and the biosphere. Emphasis is on the interrelationships among environmental and human systems and processes and their resulting patterns and distributions. Tools of geographic inquiry are also briefly covered; they may include: maps, remote sensing, Geographic Information Systems (GIS) and Global Positioning Systems (GPS). Broad-based course with an interdisciplinary outlook. (C-ID GEOG 110) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40460	05:00pm-07:50pm	T	CIW	L. Pitts		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40460: Enrollment limited to students enrolled through the California Institution for Women (CIW).
Section 40460: Zero Textbook Costs (\$0).

GEOG-6: Environmental Geography (3.00 Units)

Global perspectives on environmental geography. Geographical approach to the biosphere: environmental principles, economics and environment, human impact, extinction and biodiversity, food/population crises, the social environment, global tampering, global climate change, and contemporary values in global environmental issues. Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40461	05:00pm-07:50pm	TH	CIW	L. Pitts		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40461: Enrollment limited to students enrolled through the California Institution for Women (CIW).
Section 40461: Zero Textbook Costs (\$0).

PS-1: American Politics (3.00 Units)

Advisory: Completion of ENGL-1A. Study of the American political process and institutions. Topics include: social and political institutions, major American linkage institutions, the politics of public policy, the struggle of under-represented groups for equality, and other current problems. Analysis of the organization and function of California's state and local governments. May be offered as an Honors course. (C-ID POLS 110) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40567	05:00pm-07:50pm	M	CIW	R. Cohen		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40567: Enrollment limited to students enrolled through the California Institution for Women (CIW).

SOC-10: Introduction to Sociology (3.00 Units)

Placement Level: Eligibility for ENGL-1A as determined by the Chaffey College placement process. Advisory: Completion of ESL-475. This class introduces students to basic concepts, theoretical approaches and methods employed in Sociology. This class will examine, analyze and explain social structure, group membership and dynamics, socialization and the self, social stratification, culture and diversity, social change and globalization. Students should be able to apply the sociological framework to everyday life upon taking this course. (C-ID SOCI-110) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40030	05:00pm-07:50pm	T	CIW	J. Moronez		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40030: Enrollment limited to students enrolled through the California Institution for Women (CIW).
Section 40030: Zero Textbook Costs (\$0).

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

SOC-14: Sociology of Gender (3.00 Units)

Advisory: Completion of SOC-10. Gender roles and statuses in society. Topics include historical constructs and practices; sex and gender stratification; cross-cultural variances; impact of political and economic changes on societal expectations, family dynamics, education and laws; socialization processes; media influences; as well as sex and gender debates. Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40245	05:00pm-07:50pm	T	CIW	J. Simmers		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40245: Enrollment limited to students enrolled through the California Institution for Women (CIW).

SOC-70: Social Problems (3.00 Units)

Advisory: Completion of SOC-10. An examination of contemporary social problems with emphasis on how issues come to be defined as social problems, the causes and consequences of social problems, as well as an evaluation of solutions. (C-ID SOCI 115) Transfer: CSU; UC. Grading: Letter grade only

Location: California Institution for Women

40029	05:00pm-07:50pm	M	CIW	P. Snyder		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40029: Enrollment limited to students enrolled through the California Institution for Women (CIW).

Section 40029: Low-Cost Textbooks (below \$50).

STAT-10: Elementary Statistics (4.00 Units)

Placement Level: Eligibility for STAT-10 as determined by the Chaffey College placement process as of March 2019, which will result in more students being able to enroll directly in STAT-10, or completion of MATH-542. Advisory: Concurrent enrollment in STAT-510 (previously STAT-610). The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Introduction to descriptive and inferential statistics. Topics include: frequency distribution, measures of variation and central tendency, discrete and continuous random variables and probability distributions, sampling distributions, interval estimations of population parameters, hypothesis testing, analysis of variance, chi square and t-test analysis, and linear regression and correlation. Application of technology for statistical analysis including the interpretation of the relevance of statistical findings. Applications using data from various disciplines such as: business, physical sciences, social sciences, psychology, life science, health science, and education. A specific statistical graphing & computing utility is required. See instructor before acquiring. May be offered as an Honors course. The Math department strongly recommends that any student wanting or needing extra support for this course to consider enrolling in STAT-610 to be taken concurrently with STAT-10. There is a 1 hour supplemental learning requirement that can be satisfied through the success centers. (C-ID MATH 110) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: California Institution for Women

40539	05:00pm-06:50pm	MTH	CIW	J. Meekins		Full-Term
	Start Date: 01/13/25	End Date: 05/22/25				

Section 40539: Enrollment limited to students enrolled through the California Institution for Women (CIW).

Section 40539: Low-Cost Textbooks (below \$50).

Chemistry (CHEM)

If you are taking a chemistry lecture and/or lab course in person, you must attend the first class meeting on campus or you will be dropped. All chemistry lab students must purchase a lab manual or lab manual access, approved safety goggles, and a protective lab coat (available at the campus bookstores), and bring them to the second lab meeting.

CHEM-9: Health Science Chemistry (5.00 Units)

Prerequisite: MATH-542 or higher level math course, or eligibility for MATH-25 as determined by the Chaffey College placement process. Advisory: Completion of MATH-25. This course is for students completing a certificate program or associate degree in a health science such as Vocational Nursing, Radiological Technology, and Associate Degree Nursing. The course is an introduction to the principles of chemistry including inorganic chemistry, organic chemistry, and biochemistry. Topics covered include measurements, properties and classification of matter, atomic structure, bonding and nomenclature, chemical equations, stoichiometry, gas laws, solutions, acids, bases and pH, equilibrium, nuclear chemistry, and organic and biochemical structure and reactions. Laboratory work will provide hands-on activities to teach laboratory skills and support the concepts presented in the lecture. This course is not intended for science majors. Transfer: CSU; UC credit limitations. Grading: Letter grade only

CHEM-12: Elementary Organic and Biochemistry (4.00 Units)

Prerequisite: CHEM-10. This course is primarily intended for transfer students pursuing degrees in health science areas such as bachelor degrees in Nursing, Dental Hygiene, Dietitian, and other health science related degrees. The course is a survey of organic chemistry and biochemistry with a focus on biological applications and an emphasis on cellular and organism chemistry. Topics covered include organic functional groups, nomenclature, structure and reactions of organic compounds, structure and biological importance of carbohydrates, lipids, amino acids, proteins, nucleic acids, DNA, and RNA. Laboratory work will provide hands-on activities to teach laboratory skills and support the concepts presented in the lecture. This course is not intended for science majors. (C-ID CHEM 102) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

CHEM-24A: General Chemistry I (5.00 Units)

Prerequisite: CHEM-10, or successful completion of one year of high school chemistry, and Algebra II, Integrated Math 3, or equivalent. First semester General Chemistry for Science and Engineering students. Topics include: atomic structure and periodic properties; types and structure of matter; thermochemistry; chemical reactions; stoichiometry; nomenclature; bonding models and theories; gas, liquid, solid, and solution properties. Laboratory with hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use the scientific methods of inquiry. (C-ID CHEM 110 and 120S when combined with CHEM-24B) Transfer: CSU; UC. Grading: Letter grade only

CHEM-24B: General Chemistry II (5.00 Units)

Prerequisite: CHEM-24A. Second semester General Chemistry for Science and Engineering students. Topics include kinetics, equilibrium, acid/base/buffers, thermodynamics, electrochemistry, nuclear chemistry, descriptive chemistry, and organic chemistry. Laboratory provides hands-on activities to reinforce lecture concepts, develop chemical laboratory techniques, and use of the scientific method of inquiry. (C-ID CHEM 120S when combined with CHEM-24A) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

CHEM-76A: Organic Chemistry I (4.00 Units)

Prerequisite: CHEM-24B. This is the first semester in a year-long course in organic chemistry designed for students majoring in science and engineering. Topics cover major classes of organic compounds: aliphatic hydrocarbons; alkyl halides; alcohols; and ethers. This includes nomenclature, structure and stereochemistry, properties, reactions, mechanisms, and spectroscopy. Laboratory provides hands-on activities on the basic techniques of organic chemistry including synthesis, separation, purification, and analysis by using various spectroscopic methods. (C-ID CHEM 150, and 160S when combined with CHEM-76B) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

CHEM-76B: Organic Chemistry II (4.00 Units)

Prerequisite: CHEM-76A. This course is a continuation of CHEM-76A expanding the study of organic chemistry to include aromatic compounds, introduction to organometallic compounds, aldehydes and ketones, carboxylic acids and their derivatives, enolates, amines, and introduction to biochemistry. Topics include nomenclature, structure and stereochemistry, properties, reactions, and mechanisms. Laboratory work emphasizes the techniques of organic synthesis, purification, qualitative analysis, and analysis by using various spectroscopic methods. (C-ID CHEM 160S when combined with CHEM-76A) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39242	08:00am-09:15am 09:30am-12:20pm Start Date: 01/13/25	TTH T End Date: 05/22/25	ZH-122 CHEM-103	S. Tjandra		Course Materials	Full-Term

Child Development & Education (CDE)**CDE-1: Principles & Practices in Early Childhood Education (3.00 Units)**

Other: Proof of a negative tuberculosis test within the past 12 months may be required for some site visits. Developmentally appropriate practices applied to programs and environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative, and intellectual development for all children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics, and professional identity. (C-ID ECE 120) Transfer: CSU. Grading: Letter grade only

CDE-2: Child Growth and Development (3.00 Units)

Other: Proof of negative tuberculosis test within the past 12 months may be required for some site visits. This introductory course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development of various stages. (C-ID CDEV 100) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Chinese (CHIN)

CHIN-1: Elementary Mandarin Chinese I (4.00 Units)

Introduction to Mandarin Chinese, taught within the context of Chinese culture. Introduction to the customs, cultural practices, and geography of China through lectures, films, web activities, and reading assignments. Focus on the four major skills of language learning - listening comprehension, speaking, reading, and writing - and the grammar and vocabulary necessary to acquire these skills. This course may also require completion of lab assignments. This course corresponds to the first year of high school Chinese. Transfer: CSU; UC. Grading: Letter grade only

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

CHIN-2: Elementary Mandarin Chinese II (4.00 Units)

Prerequisite: CHIN-1 or one year of high school Chinese. Continuing study of Mandarin Chinese, taught within the context of Chinese culture. Customs, cultural practices, and geography of China are explored through lectures, films, web activities, and reading assignments. Focus on the further development of conversation, reading, and writing skills. Review of basic structures and expanded knowledge of verbs, grammar, and vocabulary. Emphasis on the communicative approach to language acquisition with emphasis on the appreciation of the culture. This course may also require completion of lab assignments. This course corresponds to the second year of high school Chinese. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

38218	Online hours	Canvas	Y. Mao	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 38218: Low-Cost Textbooks (below \$50).

CHIN-4: Intermediate Mandarin Chinese II (4.00 Units)

Prerequisite: CHIN-3. This course is the fourth semester of Mandarin Chinese, taught within the context of Chinese culture. Customs, cultural practices, and geography of China are explored through lectures, films, web activities, and reading assignments. Focus on the development of conversation, reading, and writing skills. Development of idioms and more advanced grammar. Emphasis on the communicative approach to language acquisition with special attention to the appreciation of the Chinese culture. This course may also require completion of supplemental assignments. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

38219	Online hours	Canvas	J. Liu	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 38219: Low-Cost Textbooks (below \$50).

CHIN-18: Modern Chinese Popular Culture (3.00 Units)

Uncover the exciting world of modern Chinese pop culture! No prior knowledge of Chinese is required. From literature to film, music to MTV, and traditional Kung Fu to Martial Arts, explore the trends and transformations that have shaped China, Taiwan, Hong Kong, and overseas Chinese communities over the past century. Engage with dynamic readings, movies, field trips, and interactive discussions. Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online

Cinema (CINEMA)

CINEMA-20: Screenwriting - Cinema (3.00 Units)

Comprehensive overview of screenwriting for motion pictures and other cinematic formats. Students employ writing theory and critical analysis of classical literature to formulate story ideas, develop storytelling techniques, arrange narrative structures, and write polished screenplays. Various screenwriting software applications are utilized to format, chart, outline, storyboard, and write dynamic stories for motion pictures. Overview and examination of historically excluded cultures, ethnicities, gender, and persons of color that are disproportionate to the real-life U.S. population. This course combines the art of screenwriting with A.I. assistance. Students will explore how A.I. can aid in script analysis, idea generation, and even character development. They will gain insights into how to integrate A.I. into the creative screenwriting process while preserving the human touch. Transfer: CSU. Grading: Letter grade only

Location: Online

40138	Online hours	Canvas	C. Holmes	 	Course Materials	Early 14-Week

Section 40138: Low-Cost Textbooks (below \$50).

CINEMA-22: Introduction to Media Writing (3.00 Units)

Advisory: Basic keyboarding skills are recommended. Introductory course in writing for motion pictures, television, documentary and other electronic media formats. Emphasis on preparing screenplays using industry standard writing formats, including technical, conceptual, and stylistic issues related to writing fiction and non-fiction screenplays for industrial and entertainment purposes in television and electronic media. In this course, students will discover how artificial intelligence can augment media writing. They will learn to use A.I. to analyze data, trends, and audience insights to inform their writing and reporting. Students will also explore A.I. tools for content generation and optimization, enhancing their skills as media writers. Transfer: CSU. Grading: Letter grade only

CINEMA-25: Survey of World Cinemas (3.00 Units)

Historical introduction and development of motion pictures as an art form through the study and viewing of international works of cinema. Overview of early silent motion pictures and major cinematic movements: German Expressionism, Soviet Montage, Italian Neorealism, Postwar Japanese Cinema, French New Wave, and other culturally diverse and innovative cinemas across the world. Examines the semiotics of both the visual and sound elements portrayed in world cinema. Explores the representation and contribution of women and people of color, including significant producers, directors, writers, cinematographers, and actors, from diverse cultures and governmental systems. This course provides students with a global perspective on cinema history, complemented by A.I. analysis. Students will use A.I. algorithms to study international film movements and their impact on world cinema, gaining a deeper understanding of cultural influences. Transfer: CSU; UC. CINEMA-30: Beginning Motion Picture Production (3.00 Units)

An introduction of the theory, terminologies, and processes of motion picture production for broadcasting and streaming media outlets. Basic understanding and application of black & white and color film stocks, f-stop exposures, reflected and incident light meter systems, camera composition, lighting, location sound, audio mixing, and editing. Screenwriting and classic movie-making techniques are combined with the use of the Pro 8mm movie camera, emulating motion picture footage through the use of mobile devices, filtering apps and other media technologies to achieve a 'cinematic look' to assigned projects. In this course, students will explore how A.I. innovations can be integrated into motion picture production. From autonomous drones for cinematography to predictive analytics for film marketing, students will gain insights into the broad applications of A.I. in the film industry. (C-ID FTVE 150) Transfer: CSU. Grading: Letter grade only

CINEMA-80: Producing for Broadcast and Cinema (3.00 Units)

An in-depth exploration and discussion on producing media content for the broadcast and cinema industries. Topics include various programming in the radio, television, motion picture, streaming services, corporate, and entertainment industries. Students create professional cover letters and resumes. Prepares students to plan and achieve educational and career goals in the media and entertainment industry. Students will explore the role of A.I. in producing content for both broadcasting and cinema. They will learn how A.I. can optimize production schedules, assist in budgeting, and even help in casting decisions, ensuring efficient and successful productions. Transfer: CSU. CIS-15: Introduction to Database & Database Management Systems (3.00 Units)

Prerequisite: CIS-1. An introduction to the core concepts of data and information management focusing on modern database technologies and techniques. Emphasis on the core skills of identifying organizational information requirements, using conceptual data modeling techniques, converting conceptual data models into relational data models and verifying structural characteristics with normalization techniques, and implementing a relational database using an industrial-strength database management system and language. Includes coverage of basic database administration tasks and key concepts of data quality and data security. Develops an understanding of the dependence of large-scale packaged systems on the use of Database Management Systems (DBMSs). Introduction to data and information management technologies that provide decision-support capabilities under the broad business intelligence umbrella. (C-ID ITIS 180) Transfer: CSU. CIS-421: Social Media Technology (1.50 Units)

Social Media technologies enable individuals to create, collaborate, and share information with audiences of all sizes. Students will explore the possibilities and limitations of social media in the business and Career and Technical Education environments and will gain hands-on experience with several forms of social media technology. Students will learn to use social media effectively and have a framework for understanding and evaluating new tools and platforms. Grading: Letter grade only

Location: Online

39498	Online hours	Canvas	D. Henderson	 	Course Materials	Fast-Track 2
	Start Date: 03/24/25	End Date: 05/15/25	Last Day to Add: 03/28/25			

Section 39498: Low-Cost Textbooks (below \$50).

CIS-460: Fundamentals of Coding (1.50 Units)

A foundation for exploring what coding is, why it is needed, and how it is used in controlling digital technology such as creating computer software, apps, Websites, and the interfacing of devices for the Internet of Things (IoT). Topics include introduction to coding concepts and terminology, types of programming languages, logic, syntax, debugging, hardware, documentation, Internet of Things (IoT), careers in programming, and others. Grading: Letter grade only

Location: Online

39468	Online hours	Canvas	R. Loya	 	Course Materials	Fast-Track 1

CIS: Hardware & Support (CISHDSP)

CISHDSP-40: Microcomputer Hardware (3.00 Units)

Prerequisite: CIS-1. This course provides an introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level ICT professionals. The fundamentals of computer hardware and software as well as advanced concepts such as security, networking, and the responsibilities of an ICT professional will be introduced. Provides current and relevant computer technical skills required for entry level PC Technician positions and/or preparation for computer industry certification. Topics include basic analysis of microcomputers and related equipment including computer hardware installations, configuring (upgrading) computers, troubleshooting techniques and the interaction between computer hardware and software. Preparation for the CompTIA A+ certification exams. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online

CIS: Internet & Web Development (CISIWEB)

CISIWEB-72: Web Page Development and Publishing (3.00 Units)

Advisory: Completion of CIS-68. Basic web page development using HTML (Hypertext Markup Language) and CSS (Cascading Style Sheets). Topics include web site planning, responsive Web page creation, hyperlinks, formatting, graphics, multimedia, tables, scripting, dynamic page creation, and Web publishing. Transfer: CSU. Grading: Letter grade only

Location: Online

40537	Online hours Start Date: 01/13/25	Canvas	K. Devlin		Course Materials	Fast-Track 1
		End Date: 03/07/25	Last Day to Add: 01/17/25			

Section 40537: Low-Cost Textbooks (below \$50).

CISIWEB-74: Creating Dynamic Applications Using Javascript (3.00 Units)

Prerequisite: CISIWEB-72. Creating dynamic multimedia content using Javascript, HTML5, CSS, Canvas, and JQuery. Topics include: integrating JavaScript and HTML, coding, testing, debugging, enhancing the use of images, media, and Web Page objects; and developing online dynamic content and client-side Web applications. Transfer: CSU. Grading: Letter grade only

Location: Online

40549	Online hours Start Date: 03/24/25	Canvas	H. Novoa		Course Materials	Fast-Track 2
		End Date: 05/15/25	Last Day to Add: 03/28/25			

Section 40549: Low-Cost Textbooks (below \$50).

CISIWEB-424: WordPress Web Development (1.50 Units)

Advisory: Completion of CIS-68. Development of Websites using the WordPress Content Management System (CMS). Includes wordpress.com and wordpress.org, WordPress codex, installation, using the dashboard, navigation, themes, plugins, widgets, organizing content, multimedia, blogs, security, Search Engine Optimization (SEO), troubleshooting, modifying with HTML and CSS, and other topics. Grading: Letter grade only

Location: Online

39471	Online hours Start Date: 01/13/25	Canvas	D. Henderson		Course Materials	Fast-Track 1
		End Date: 03/07/25	Last Day to Add: 01/17/25			

Section 39471: Zero Textbook Costs (\$0).

CIS: Networking (CISNTWK)

CISNTWK-11: Microsoft Network Server (3.00 Units)

Prerequisite: CIS-50 or CISCO-1. In-depth study of Microsoft network server software and the administration of a network. Topics include: installation and configuration, active directory, file system management, and security. Helps prepare students for the Microsoft Certified Professional (MCP) and Microsoft Certified Systems Engineer (MCSE) exams. Transfer: CSU. Grading: Letter grade only

Location: Online

40361	Online hours Start Date: 01/13/25	Canvas	J. Lee		Course Materials	Early 14-Week
		End Date: 04/25/25	Last Day to Add: 01/17/25			

CISNTWK-70: Virtualization, Cloud Essentials and Amazon Web Services (AWS) (4.00 Units)

Prerequisite: CIS-50 or CISCO-1, and CIS-4. Using lecture and hands-on labs, this course introduces students to the various cloud models and technologies used in public, private and hybrid clouds. Topics include cloud deployment methods, service models, cloud infrastructure, and key considerations in migrating to cloud computing. Amazon AWS will be the focus for the public cloud model as AWS has revolutionized IT infrastructure and students will be able to spin up actual AWS resources. For the private cloud and hybrid cloud portions of the course, students will setup hardware, networking, hypervisors and virtual machines. This course will cover various cloud technologies and essential domains including compute, storage, networking, security, applications, databases, Infrastructure as a Service, Platform as a Service, and Software as a Service. This course prepares students for multiple certifications including the AWS Academy Cloud Foundations and the CompTIA Cloud+ exams. Transfer: CSU. Grading: Letter grade only

Location: Online

39445	Online hours	Canvas	A. Nimri	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 39445: Low-Cost Textbooks (below \$50).

CISNTWK-435: Introduction to the Linux Operating System (3.00 Units)

Prerequisite: CIS-50 or CISCO-1. This course introduces functions and features of the UNIX/Linux operating system, including origin and evolution, hardware and software, both command-line and graphical user interface, files and file system structure, system services, processes, background processing, scheduling, file security, the vi editor, file sharing, and redirection and piping. Students are also introduced to shell programming and a variety of UNIX/Linux command-line and graphical tools. Grading: Letter grade only

Location: Online

39442	Online hours	Canvas	J. Kamansky		Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

CISNTWK-471: AWS Academy Cloud Computing Architecture (4.00 Units)

Prerequisite: CISNTWK-70. This course is an Amazon Web Services (AWS) Academy curriculum designed to help further develop technical expertise in cloud computing. Building from the Cloud Computing Foundations level, CISNTWK-70, this course will focus on the knowledge needed to deliver optimized services using best practices and value. Students will gain the skills necessary to use and deploy cloud infrastructure, services, and computer resources. This course prepares students to sit for the AWS Solutions Architect - Associate Certification Exam. Grading: Letter grade only

Location: Online

39443	Online hours	Canvas	G. Sirlopu		Course Materials	14-Week

Criminal Justice (CJ)

CJ-1: Introduction to the Criminal Justice System (3.00 Units)

This course introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces which have shaped those principles and approaches. Although justice structure and process is examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. (C-ID AJ 110) Transfer: CSU; UC. Grading: Letter grade only

Culinary Arts (CUL)

CUL-15: Sanitation, Safety, and Equipment Management (3.00 Units)

Safety, sanitation, and proper equipment management issues in the food service industry. In-depth coverage of industry-based sanitation and safety standards that prevent contamination and food-borne illness, forestall on-the-job accidents and injuries of workers, and preclude equipment misuse and damage. Disaster planning fire prevention, and basic first aid procedures are highlighted. Special emphasis on the local, state, and federal agencies and programs - such as OSHA, HACCP, and Serv-Safe - having regulatory oversight in food service workplaces. (C-ID HOSP 110) Transfer: CSU. CUL-17: Principles of Food Preparation (3.00 Units)

Prerequisite: CUL-15. Principles and techniques in professional food preparation, including science and technology of the kitchen, food service safety and sanitation policies and procedures, recipe specifications, and kitchen equipment use and maintenance. This course also covers nutritional components of foods under review. These components include the digestion, absorption and metabolism of nutrients. Culinary concepts include mise en place, dry and moist cookery, appropriate use of produce, dairy and dry goods, and sustainability using local sourcing. Includes demonstrations of hands-on professional food preparation techniques and how they apply to a culinary team. (C-ID HOSP 160) Materials Fee: \$40.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

CISCYBR-404: Certified Information Systems Security Professional (CISSP) Certification Preparation (4.00 Units)

Prerequisite: CISCYBR-1. The CISSP exam is the gold standard of certifications for security professionals and is aligned to (ISC)² standards. This certification is internationally recognized as the highest professional certification sought after by government agencies, businesses, and cybersecurity organizations. This course will help students prepare to take the CISSP exam, develop expertise in designing, building and maintaining a secure information system, and learn appropriate countermeasures for security situations. The course approaches the CISSP from the lens of an organization that wishes to secure its operations, while also providing the student with the basic knowledge required to prepare for the CISSP certification. Grading: Letter grade only

Location: Rancho Cucamonga Campus

Dental Assisting (DENTAL)

DENTAL-455: Dental Office Procedures (2.00 Units)

Prerequisite: DENTAL-405, DENTAL-415, DENTAL-415L, DENTAL-425, DENTAL-425L, DENTAL-435, DENTAL-435L, DENTAL-445, and DENTAL-445L. *Corequisite:* DENTAL-460, DENTAL-465, DENTAL-465L, DENTAL-475, DENTAL-475L, DENTAL-480, DENTAL-480L, DENTAL-490, and DENTAL-490L. Instruction in the application of skills and responsibilities of a business assistant in a dental office practice. Fundamentals in basic computer and dental software, oral and written communication skills, business ethics and jurisprudence, inventory systems and supply ordering, management of patient information, recall system and appointment scheduling, dental insurance billing, employment protocols and preparation and basic bookkeeping skills. Instruction includes integration of materials through lecture and the use of computers. Grading: Letter grade only

Location: Online

Drafting (DRAFT)

DRAFT-20: Computer-Aided Drafting and Design (4.00 Units)

Introduction to Computer Aided Drafting and Design (CADD) technology, terminology, and application, using an industry-standard program. Drawing creation; detailing and dimensioning; management of drawing files; management of user environment; producing hardcopy output of drawings; introduction to parametric sketching; Emphasis on two-dimensional working drawings. Coursework will be completed using the AutoCAD software. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Online

39246	Online hours		Canvas	Staff		Course Materials	Full-Term
	Start Date: 01/13/25		End Date: 05/20/25	Last Day to Add: 01/27/25			

Location: Rancho Cucamonga Campus

	Start Date: 01/13/25		End Date: 05/19/25	Last Day to Add: 01/27/25			

DRAFT-21: Mechanical Design I (3.00 Units)

Prerequisite: EGTECH-10 or one year experience using SolidWorks or similar feature-based modeling software. Advisory: Completion of DRAFT-20. Engineering graphics for product design, manufacturing and construction. Emphasis on production of layouts and engineering drawings. Orthographic projection of primary views, section views, detail views and auxiliary views. Detailing of drawing views including dimensions, tolerancing, notes/labels and drawing formats. Assignments will be completed using the SolidWorks CAD software. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Online

36277	Online hours		Canvas	J. Iniguez		Course Materials	Full-Term
	Start Date: 01/13/25		End Date: 05/22/25	Last Day to Add: 01/27/25			

DRAFT-41: Mechanical Design and Drafting II (4.00 Units)

Prerequisite: EGTECH-10 or one year experience using SolidWorks. Advisory: Completion of DRAFT-21. Advanced mechanical design/drafting with an on interpretation and preparation of part and assembly drawings. Emphasis on application of ASME Y14.5 geometrical and positional tolerancing and Six-Sigma tolerance stacking/analysis practices. Additional topics will include techniques for automating and customizing application software. Coursework will be completed using the SolidWorks software. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Online

36285	Online hours		Canvas	J. Iniguez		Course Materials	Full-Term
	Start Date: 01/13/25		End Date: 05/22/25	Last Day to Add: 01/27/25			

DRAFT-43: Advanced CAD Modeling and Applications (3.00 Units)

Prerequisite: EGTECH-10 or one year SolidWorks experience. Advanced concepts and development of three-dimensional solid models. Emphasis on using 'best practices' principles and techniques for part and assembly modeling using feature-based, parametric CAD solid modeling. Students are prepared for and take the CSWA (Certified SolidWorks Associate) Exam. Coursework is done using the SolidWorks CAD software. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Online

36287	Online hours		Canvas	Staff		Course Materials	Full-Term
	Start Date: 01/13/25		End Date: 05/22/25	Last Day to Add: 01/27/25			

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

DRAFT-50: Architectural Design I (3.00 Units)

Advisory: Completion of DRAFT-20. Intro to Revit Architecture software. Projects of simple residential and commercial buildings will be employed. Student drawings will reflect the integration of topics concepts and the various plans needed for a complete set of working drawings, including floor plans, elevations, section views, schedules and other construction documents are covered. Hands-on exercises will be used to reinforce the functions of Revit. Coursework will be completed using REVIT Architecture software. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

36278	05:15pm-07:25pm	MW	VSS-102	S. Hall		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/19/25		Last Day to Add: 01/27/25			

Section 36278: Linked with DRAFT-53, Section 36288

DRAFT-53: Architectural Applications of CAD (4.00 Units)

Prerequisite: DRAFT-51. In-depth use of parametric three-dimensional for Building Information Modeling (BIM), building design and production of working drawings using Revit Architecture Software and exploring creating families. This will build upon the skills developed in Drafting 51 and will also include a light version of Revit MEP and Structure in order to create and modify three-dimensional topography and buildings, parametric building walls with floor and roof slabs, creating floor reflected ceiling plans, generating building elevations and sections, and creating professional quality renderings. Hands-on exercises will be used to reinforce the functions of Revit. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

36288	05:15pm-09:10pm	MW	VSS-102	S. Hall		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/19/25		Last Day to Add: 01/27/25			

Section 36288: Linked with DRAFT-50, Section 36278

DRAFT-78: Advanced Mechanical Design Applications (4.00 Units)

Prerequisite: EGTECH-10 or 2 years experience using SolidWorks or similar feature-based modeling software. Advisory: Completion of DRAFT-43. Advanced modeling/drawing of machine parts in the various stages of manufacturing with required back-up items such as jigs, fixtures, weldments, tooling, molds and dies. Advanced topics such as surfacing may also be included. Students will be prepared for and take the CSWP (Certified SolidWorks Professional) Exam. Coursework will be completed using the SolidWorks software. Materials Fee: \$5.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

Economics (ECON)

ECON-1: Introduction to Economics (3.00 Units)

Provide an overview of basic economic theories and models and apply them to analyze contemporary economic issues. Topics include the U.S. economic system, domestic and international economic issues, e.g. wealth and income distribution, sustainable economic growth, health and health care reform, unemployment, globalization, environmental issues, regulation, deregulation, inflation, interest rates, discrimination, corporations and labor unions and contemporary labor issues. Transfer: CSU; UC credit limitations. Grading: Letter grade only

ECON-2: Principles of Macroeconomics (3.00 Units)

Placement Level: Eligibility for MATH-542 or higher-level math course as determined by the Chaffey College placement process. An introductory course focusing on aggregate economic analysis. Topics include: market systems, aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics, and economic growth. U.S. economic systems and institutions and their origins will be examined including: theories and policies concerning economic growth and development, business cycles, unemployment, full employment, inflation, taxation, deficits, the national debt, public choice, money, banking, interest rates, international trade and finance, and competing economic views (e.g. Classical, New Classical, Keynesian, Monetarism, Sustainable Growth Theories, and Human Scale Economics). Education (ED)

ED-10: Introduction to Elementary Classroom Teaching (3.00 Units)

Limitation on Enrollment: Proof of a negative TB test within past 12 months and legal fingerprint clearance through the Chaffey College Human Resources Department are required for fieldwork placement. Prerequisite: CDE-2. Corequisite: ED-10W. Placement Level: Eligibility for ENGL-1A as determined by the Chaffey College placement process. Course explores concepts and issues related to teaching diverse learners in today's schools, Kindergarten through grade twelve (K-12). Topics include teaching as a profession, historical and philosophical foundations of the United States education system, contemporary educational issues, and California's standards for both student curriculum and teacher performance. (C-ID EDUC 200) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

Emergency Medical Technician (EMT)

EMT-11: Emergency Medical Technician (7.00 Units)

Limitation on Enrollment: Student must be 18 years or older at the start of the course, and possess a current American Heart Association Health Care Provider CPR card. Prerequisite: EMT-405. Other: Students should possess good dexterity and have good physical condition with the ability to lift 150 pounds and work in confined areas and in different positions (e.g. on the ground or floor). This course will provide EMT students with training to recognize the signs and symptoms of illness and traumatic injuries, as well as instruction on how to perform life-saving skills. This course meets requirements as defined in the California Code of Regulations (CCR) Title 22, and is approved by the State of California EMS Authority, and local EMSA Inland Counties EMS Agency (ICEMA). This course includes lecture and laboratory experiences. Students must be a minimum of 18 years of age prior to beginning field experience. A minimum of 24 hours of field experience is included in the course, which consists of clinical rotation at Hospital, and/or ambulance ride along as required in CCR Title 22. Upon successful completion of the course, students are eligible to register for the National Registry licensing examination which is taken off campus at an approved testing site. Students upon successful completion of EMT 405 and EMT 11 may pursue the Emergency Medical Provider Certificate of Achievement. This Certificate prepares students for future entrance into a Paramedic Program. Transfer: CSU. Grading: Letter grade only

EMT-405: Emergency Medical Technician Preparation Services (3.00 Units)

Other: Students should possess good dexterity and physical condition, have the ability to lift and carry up to 150 pounds, and be able to work in confined spaces and different positions (e.g. on the ground or floor). This course provides students with a foundation in CPR, medical terminology, anatomy, physiology, legal issues, pharmacology, and patient assessment. This course is a prerequisite for EMT 11 - Emergency Medical Technician course, which fulfills California Code of Regulations Title 22 requirements. Emergency care knowledge and skills are required for Emergency Medical Technicians, Professional and Volunteer Firefighters, and Peace Officers. Course meets the American Heart Association CPR prerequisite and recommended preparation for admission to the EMT program, and is approved by the Inland County Emergency Medical Agency (ICEMA). Grading: Letter grade only

Engineering (ENGIN)

ENGIN-30: Engineering Applications of Digital Computation (3.00 Units)

Prerequisite: MATH-65A. Structured programming concepts applied to engineering problem types, such as center of mass, ballistics, column buckling, design, and reduction of experimental data. Structured approach used, with applications to flow charts and computer programming. Mathematical techniques include iterative solution, bisection, Raphson-Newton, statistics, and matrix operations. Computer techniques include formatted input and output, selection, loops, functions, pointers, arrays, and characters. Transfer: CSU; UC. Grading: Letter grade only

Engineering Technology (EGTECH)

EGTECH-10: Introduction to Engineering Design/ Graphics (4.00 Units)

Survey of engineering graphics and the design process as applied to engineering and related fields. Emphasis is on use of 3-D Feature-Based, Parametric Solid modeling as the foundation of that process. Coursework is done using SolidWorks software. Additional topics include: interpreting ANSI standard engineering drawings, visualization, sketching, geometric relations, assembly modeling, and creating ANSI standard part and assembly drawings. Special emphasis is placed on understanding and developing sound Modeling Strategies/Plans based on 'best practices.' Students also are introduced to 3D-Printing technology and produce physical models from their own CAD models. Transfer: CSU; UC. Grading: Letter grade only

English (ENGL)

ENGL-1A: Composition (3.00 Units)

Careful study and practice of narrative, explanatory, argumentative, research and/or other kinds of writing and reading. Incorporates texts that celebrate diverse identities, communities, and experiences, and that engage with difference, with the ultimate goal of preparing students to succeed in college and careers, and to participate in broader societal discourse. A minimum of 5,000 written words is required over the term. Three hours for supplemental learning through a Success Center that supports this course are required. May be offered as an Honors course. Transfer: CSU; UC. Grading: Letter grade only

ENGL-1B: Advanced Composition and Critical Thinking (3.00 Units)

Prerequisite: ENGL-1A. This course is designed to develop critical thinking, reading, and writing skills beyond the level achieved in English 1A to prepare students for upper division research and writing. This course will focus on the development of logical reasoning, analysis, argumentation, and information literacy through the use of primarily non-fiction texts. Students will write arguments using various types of rhetorical techniques and engage in academic discourse that explores diverse experiences and current issues. A minimum of 6,000 written words is required over the term. May be offered as an Honors course. (C-ID ENGL 105)
Transfer: CSU; UC. Grading: Letter grade only

Location: Online

ENGL-1C: Introduction to Literature (3.00 Units)

Prerequisite: ENGL-1A. This course introduces representative works from major genres, develops students' close reading and analytical writing skills, and promotes appreciation and critical understanding of the cultural, historical, and aesthetic qualities of literature. Introduces the central literary genres: novel, short story, poem, and play. Close reading of the literature guides inexperienced readers toward greater understanding and appreciation of imaginative literature, and provides more experienced readers with new perspectives through the analysis of the techniques and purposes of specific writers. Students are taught how to organize and compose the literary essay. May be offered as an Honors course. (C-ID ENGL 120) Transfer: CSU; UC. Grading: Letter grade only

ETHN-5: Introduction to Asian American Studies (3.00 Units)

This course examines how U.S. institutions ideologically constructed the category of Asian-ness and materially engaged with people from East Asia, Southeast Asia, South Asia, Central Asia, West Asia (five regions of Asia), and the Pacific Islands within the United States and its territories. Ethnic Studies theory will be applied to describe critical events in Asian American histories, cultures, immigration experiences, settlement patterns and intellectual traditions including an examination of how "Asian" communities interact with each other and other racialized/ethnicized communities. This includes a focus on topics ranging from self-determination to imperialism in a move toward building a just and equitable society. Special attention will be given to major Asian communities in the Inland Empire (Filipinos, Cambodians, Laotians, Hmong, Indonesians, and Thai). Transfer: CSU; UC. Grading: Letter grade only

ETHN-6: Race, Ethnicity, and Politics in America (3.00 Units)

This course explores the role of race and ethnicity in modern American politics. It focuses on social science approaches to measuring the effects of race, both at the individual level and more broadly. Topics include race and representation, measurement of racial and ethnic identities, voting rights and electoral districting, protest and other forms of political participation, and the meaning and measurement of racial attitudes. An examination of United States institutions of social, political and economic power from the history and experiences of African Americans, LatinX, Native Americans, Women, Asian Americans, and Immigrants. Other emphases will be on diverse forms of political participation and how it influences U.S. institutions at the local, state and federal levels in movements towards building a diverse, just, and equitable society beyond the classroom, achieving social justice and a sense of self awareness. Fire Technology (FIRETEC)

FIRETEC-1: Principles of Emergency Services (3.00 Units)

This course provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. This course is identified by the National Fire Academy and FESHE as an approved course as listed in the National Fire Academy FESHE Model Curriculum Associate's document produced in 2011. Revised in 2014, 2016, and 2019. The course units are transferable into the CSULA Bachelors Program. (C-ID FIRE 100X) Transfer: CSU. Grading: Letter grade only

Location: Online

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

FIRETEC-2: Fire Behavior and Combustion (3.00 Units)

This course explores the theories and fundamentals of fire causation, spread, and control. In-depth study of fire chemistry and physics, characteristics of combustible and flammable substances, unique dangers of hazardous materials, types of extinguishing agents, and fire control techniques. This course is identified by the National Fire Academy and FESHE as an approved course as listed in the National Fire Academy FESHE Model Curriculum Associate's document produced 2011, Revised 2014, 2016, and 2019. This course is included as part of the articulation between CSU and Community Colleges and by standardized CID numbers. The course units are transferable into the CSULA Bachelors Program. FIRETEC-4: Building Construction for Fire Protection (3.00 Units)

Components of building construction relating to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. Evolution of building and fire codes, developed in response to historical fires, in residential, commercial, and industrial occupancies. This course is identified by the National Fire Academy and FESHE as an approved course as listed in the National Fire Academy FESHE Model Curriculum Associate's document produced 2011, Revised: 2014, 2016, and 2019. This course is included as part of the articulation between CSU and Community Colleges and by standardized CID numbers. The course units are transferable into the CSULA Bachelors Program. FIRETEC-420: Fire Inspector 1A: Duties and Administration (2.00 Units)

Advisory: Completion of FIRETEC-1 and FIRETEC-5. Other: Individuals who are currently working in the Fire Service or Emergency Services may enroll in this course; course assumes familiarity with firefighting procedures and protocols, as it is designed for entry level personnel. Provides fundamental information regarding the responsibility and authority for fire inspections, principles and procedures used to correct fire hazards, and occupancy classifications. Course assumes familiarity with firefighting procedures and protocols, as it is designed for certified fire personnel. Non-firefighters are permitted to take the course, however they are ineligible to apply for the State Fire Marshall CFSTES certificate upon successful completion of the course. The Fire Prevention Inspector courses are designed for (1) Students who are seeking a career as a Fire Inspector working within a fire department fire prevention bureau, (2) Fire Professionals preparing for the California State Board of Fire Service for Fire Inspector Certification, and (3) Individuals seeking employment as an inspector within Corporate Industry. Upon successful completion of Fire 420-423 with a score of 80% or higher on the final examination, the student and fire professional will receive a Certificate of Completion from The California Fire Service Training and Education System (CFSTES). To become certified as a Fire Inspector I the applicant must meet all requirements as set forth by the Office of the State Fire Marshall, State Fire Training. Grading: Letter grade only

Location: Fontana Campus

Geography (GEOG)

GEOG-1: World Regional Geography (3.00 Units)

Survey of the world's culture regions and nations as interpreted by geographers, including physical, cultural, and economic features. Emphasis on spatial and historical influences on population growth, transportation networks, and natural environments. Identification and importance of the significant features of regions. Use of maps and regional analysis to interpret world patterns of demography, economies, resources, religions, and languages in relation to landforms and climate. Current world events discussed in an international framework. (C-ID GEOG 125) Transfer: CSU; UC. Grading: Letter grade only

GEOG-2: Global Climate Change: An Introduction to Weather and Climate (3.00 Units)

This course provides a survey of the scientific and societal issues associated with weather and climate variability and change. The course will examine physical phenomena observed in the Earth's weather and climate. Topics include atmospheric structure and composition, solar radiation and energy balances, temperature, seasonal changes, atmospheric moisture, clouds and fog, precipitation, air pressure, winds, air masses and fronts, cyclones, weather forecasting, climate and climate change. The course will also review the current debate on climate change from a scientific point of view, with a focus on those aspects that have the largest potential impact on global society. GEOG-4: Physical Geography (3.00 Units)

This course is a spatial study of the Earth's dynamic physical systems and processes. Topics include: Earth-sun relationships, weather, climate, water, landforms, soil, and the biosphere. Emphasis is on the interrelationships among environmental and human systems and processes and their resulting patterns and distributions. Tools of geographic inquiry are also briefly covered; they may include: maps, remote sensing, Geographic Information Systems (GIS) and Global Positioning Systems (GPS). Broad-based course with an interdisciplinary outlook. (C-ID GEOG 110) Transfer: CSU; UC. Grading: Letter grade only

GUID-507: Opening Doors to Student Effectiveness (3.00 Units)

Designed for returning and continuing students to address the academic and personal challenges of student effectiveness. Various assessment tools are employed to identify and evaluate student preparation and attitude for a successful college experience. Positive growth and self-motivation strategies are explored, with a special focus on developing an educational plan and life goals. Students address previously employed learning skills and methods to evaluate their effectiveness. New and improved methods of study, time management, and the utilization of college support programs are mastered and applied. This course is designed for students in the Opening Doors to Excellence program. Not degree applicable. Grading: Letter grade only

Heating, Ventilation, Air Conditioning and Refrigeration (HVACR)

HVACR-603: Environmental Protection Agency Certification (0.00 Units)

This class prepares students for the EPA certification test, and contains all the information a technician will require to successfully complete the test. Non-credit. Grading: Pass/No Pass

Location: Chino Valley Adult School							
40299	08:00am-02:50pm	MTWTH	CVAS-TC	A. Caceres Jr.	 	Course Materials	Short-Term
Section 40299: This class is located at Chino Valley Adult School, 12970 3rd Street, Chino, CA 91710.							
Section 40299: Zero Textbook Costs (\$0).							

HVACR-605: HVAC Heat Pumps and Basic Troubleshooting (0.00 Units)

This course introduces students to air cooled heat pumps and basic troubleshooting. Non-credit. Grading: Pass/No Pass

Location: Chino Valley Adult School							
40271	08:00am-02:40pm	MTWTH	CVAS-TC	A. Caceres Jr.	 	Course Materials	Short-Term
Section 40271: This class is located at Chino Valley Adult School, 12970 3rd Street, Chino, CA 91710.							
Section 40271: Zero Textbook Costs (\$0).							

HVACR-606: HVAC Air Distribution, Installation, Flues and Ducts (0.00 Units)

Advisory: Completion of HVACR-605. This course introduces students to duct installation, air distribution, and air balance. Non-credit. Grading: Pass/No Pass

Location: Chino Valley Adult School							
40276	08:00am-01:45pm	MTWTH	CVAS-TC	A. Caceres Jr.	 	Course Materials	Short-Term
Section 40276: This class is located at Chino Valley Adult School, 12970 3rd Street, Chino, CA 91710.							
Section 40276: Zero Textbook Costs (\$0).							

HVACR-607: HVAC Gas Heat (0.00 Units)

Advisory: Completion of HVACR-606. This course introduces students to gas heat furnaces, and low nox gas furnaces. Non-credit. Grading: Pass/No Pass

Location: Chino Valley Adult School

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

HIST-21: The Sixties in American History (3.00 Units)

Issues and events of one of the most turbulent decades in American history - the 1960s, such as Civil Rights and the Vietnam War. May be taught in lecture or seminar format. Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

38864	12:30pm-01:45pm	MW	SS-102	O. Dphrepaulezz	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25		Last Day to Add: 01/27/25			

Section 38864: Zero Textbook Costs (\$0).

HIST-25: Women in United States History (3.00 Units)

Survey of the history of women in America from the colonial period to the present with emphasis on relevant political, economic, and social factors. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

27755	Online hours	Canvas	K. Calahane	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25	Last Day to Add: 01/27/25			

Section 27755: Zero Textbook Costs (\$0).

HIST-37: California History (3.00 Units)

Survey of the history of California from pre-Columbian times to the present. Topics will include Native cultures, Spanish colonization, the mission system, Mexican rule, the Mexican war, the gold rush, the state constitution, Progressive-era political reforms, and immigration. Course meets subject matter and state/local government state code requirements for students pursuing an Elementary Education degree in preparation for teaching grades K-8. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

40084	Online hours	Canvas	I. Baldwin	 	Course Materials	Early 14-Week
	Start Date: 01/13/25	End Date: 04/25/25	Last Day to Add: 01/17/25			

Section 40084: Low-Cost Textbooks (below \$50).

27757	Online hours	Canvas	I. Baldwin	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 27757: Low-Cost Textbooks (below \$50).

HIST-50: African-American History I (3.00 Units)

African-American experience from the seventeenth-century African heritage to the American Civil War. Focuses on two great transitions: from Africa to New World slavery and from slavery to emancipation. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

27761	Online hours	Canvas	K. Calahane	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 27761: Zero Textbook Costs (\$0).

HIST-51: African-American History II (3.00 Units)

African-American experience from emancipation to the present. Focuses on legal and extra-legal racial and gender discrimination in rural and urban settings after emancipation; migrations to northern industries and western lands; and black contributions to United States polity and economy. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

27763	Online hours	Canvas	O. Dphrepaulezz	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25	Last Day to Add: 01/27/25			

Section 27763: Zero Textbook Costs (\$0).

HIST-70: Chicanos: Common History of Mexico and the US (3.00 Units)

The study of the historical relationship between Mexico and the United States from their common Native American roots to present-day. Examination of pivotal events and their outcomes, such as the Spanish and British colonial systems, processes of independence and nation-building, the Mexican-American War, the 1910 Mexican Revolution, the Oil Crisis of the 1970's, NAFTA, and present border conflicts. Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

27767	09:30am-10:45am	TTH	SS-113	L. Fernandez	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25	Last Day to Add: 01/27/25				

Section 27767: Low-Cost Textbooks (below \$50).

HIST-71: Chicanos: the Chicano Minority in the United States (3.00 Units)

Historical development of a Mexican-American community and the emergence of a Chicano cultural identity. Social, cultural, political and economic issues and conflicts affecting the Chicano minority from the nineteenth century to the present. Transfer: CSU; UC. Grading: Letter grade only

Location: Online

40085	Online hours	Canvas	L. Fernandez	 	Course Materials	Early 14-Week
	Start Date: 01/13/25	End Date: 04/25/25	Last Day to Add: 01/17/25

Hotel and Food Service Management (HOTFS)

HOTFS-10: Introduction to Hospitality Management (3.00 Units)

Overview of structure, accounting, and financial performances of hospitality industry; food and lodging, resorts, tourism enterprises, attractions and related operations. Focus on orientation to customer service, cultural/economic trends and career opportunities. (C-ID HOSP 100) Transfer: CSU. Grading: Letter grade only

Location: Online

40170	Online hours	Canvas	D. Bentum	 	Course Materials	Early 14-Week
Start Date: 01/13/25		End Date: 04/25/25		Last Day to Add: 01/17/25		

Section 40170: Zero Textbook Costs (\$0).

HOTFS-21: Purchasing, Cost Controls, and Menu Planning (3.00 Units)

Analyzing and managing: food, beverage, labor and other costs within a hospitality operation. Emphasis on problem solving, applying cost control techniques to maximize profits while managing expenses. Topics include: establishing standards, cost-volume-profit-analysis, forecasting, purchasing and storage controls, menu costing and pricing, theft prevention and labor control. Principles, policies, and procedures associated with the procurement and conveyance of food and beverages in the food service industry. Deals with markets, federal and trade grades, government regulations, packaging, comparative versions of price buying, yields and quality control. Focus on systems for selecting product, appropriate receipt and storage, inventory controls, menu item specification development, commercial menu costing strategies, and descriptive menu design and marketing. Fundamentals of menu writing, types of menus, layout, design, and food merchandising. Analyze menus for effectiveness. (C-ID HOSP 120) Transfer: CSU. Grading: Letter grade only

Location: Chino Campus

37889	02:00pm-05:05pm	TTH	CHCM-206	D. Bentum	 	Course Materials	Fast-Track 1
Start Date: 01/14/25		End Date: 03/06/25		Last Day to Add: 01/17/25			

Section 37889: Zero Textbook Costs (\$0).

HOTFS-42: Hotel Operations (3.00 Units)

Operation and organization of a variety of lodging facilities for the hospitality industry. Covers front office, housekeeping, food and beverage, human resources, property maintenance, revenue management and forecasting, pricing and inventory. (C-ID HOSP 140) Transfer: CSU. Grading: Letter grade only

Location: Online

37896	Online hours	Canvas	D. Bentum	 	Course Materials	Fast-Track 1
Start Date: 01/13/25		End Date: 03/07/25		Last Day to Add: 01/17/25		

Section 37896: Low-Cost Textbooks (below \$50).

HOTFS-431: Hospitality Marketing Management (3.00 Units)

The application of basic marketing principles in the hospitality service product. Students will develop and present strategic marketing plans for a hospitality organization. Identification of the market, image development, advertising, sales promotions, public relations, and the administration and control of a marketing plan. Grading: Letter grade only

Location: Online

37898	Online hours	Canvas	D. Bentum	 	Course Materials	Fast-Track 2
Start Date: 03/24/25		End Date: 05/15/25		Last Day to Add: 03/28/25		

Section 37898: Zero Textbook Costs (\$0).

HOTFS-482: Industry Internship: Hospitality Management (1.00 Unit)

Limitation on Enrollment: Consent of instructor is required prior to registration. Supervised work experience in a hotel, restaurant, or commercial kitchen. Includes front office, housekeeping, marketing and kitchen experience. Student will spend a minimum of 60 hours (if unpaid) or 75 hours (if paid) on the work site. Grading: Letter grade only

Location: Location(s) to be Determined

37900		TBD	D. Bentum	 	Course Materials	Full-Term
Start Date: 01/13/25		End Date: 05/22/25		Last Day to Add: 01/27/25		

Section 37900: 60-75 hours arranged work experience.

Section 37900: Zero Textbook Costs (\$0).

IET: Electromechanical Technology (IETELMT)

IETELMT-432: Electrical Control of Hydraulic Systems (2.00 Units)

Advisory: Completion of IETELMT-430. Principles of electrical control of hydraulic systems, electrical concepts of ladder diagrams, functional systems of electrical/hydraulic sequencing of cylinders, industrial applications, and troubleshooting electrically-controlled hydraulic systems. Grading: Letter grade only

Location: InTech Center

[39563](#) 08:00am-11:10am MW INTC-L3 M. Romero  [Course Materials](#) [Fast-Track 1](#)

Section 39563: Low-Cost Textbooks (below \$50).

IETELMT-436: Pneumatics Fundamentals (2.00 Units)

Introduction to pneumatics and familiarization with basic concepts of pressure, volume, force, directional speed control, pilot valves, and pneumatic motor circuits and performance. Grading: Letter grade only

Location: InTech Center

[39376](#) 08:00am-11:10am TTH INTC-L3 M. Romero  [Course Materials](#) Short-Term
Start Date: 01/14/25 End Date: 02/27/25 Last Day to Add: 01/19/25

Section 39376: This class is located at Industrial Technical Learning Center (InTech), 9400 Cherry Avenue, Building A, Fontana, CA 92335.

Section 39376: Low-Cost Textbooks (below \$50).

IETELMT-438: Electrical Control of Pneumatic Systems (2.00 Units)

Advisory: Completion of IETELMT-436, or one year or more of field related work experience. Electrical control of pneumatics, concepts, functional systems, industrial-type electropneumatic circuits, and troubleshooting in electrical control and electropneumatic circuits. Grading: Letter grade only

Location: InTech Center

[39383](#) 06:00pm-09:10pm TTH INTC-L3 M. Romero  [Course Materials](#) Short-Term
Start Date: 03/25/25 End Date: 05/13/25 Last Day to Add: 03/30/25

Section 39383: This class is located at Industrial Technical Learning Center (InTech), 9400 Cherry Avenue, Building A, Fontana, CA 92335.

Section 39383: Low-Cost Textbooks (below \$50).

IET: Mechatronics (IETMECH)

IETMECH-400: Introduction to Mechatronics (4.00 Units)

Prerequisite: IET-401A and IET-401B. Advisory: Completion of IETELMT-430 or general knowledge of electro-mechanical equipment such as hydraulic or pneumatic, as well as PLC programming. Introduction to Mechatronics provides a wide range of manufacturing topics including safety, rigging systems, basic measurements and adjustments, the fundamentals of mechanical drives, fluid power, and electrical concepts. Students will develop a comprehensive understanding of machine functions, of electrical, mechanical, and fluid power and how they are used in real-world applications. Grading: Letter grade only

Location: InTech Center and Online

[39564](#) Online hours Canvas M. Romero  [Course Materials](#) Short-Term
06:00pm-09:30pm MW INTC-L3
Start Date: 03/24/25 End Date: 05/12/25 Last Day to Add: 04/01/25

Section 39564: This class is located at Industrial Technical Learning Center (InTech), 9400 Cherry Avenue, Building A, Fontana, CA 92335.

Section 39564: Zero Textbook Costs (\$0).

IETMECH-403: Robotics Operations and Programming (2.00 Units)

This course covers robotics handling tool operations and programming of servo-robotic assembly systems. This course also covers the safe operation of robot systems including: setup, frames, motion instructions, understanding pendant, creating a program, as well as I/O (Inputs and Outputs) and interfacing. Students will learn to power up and jog the robot, execute production operations and create, modify, and execute a material handling program. A student can earn a Fanuc CERT - Robotics Handling Tool Operations and Programming Certificate. Grading: Letter grade only

Location: Chino Campus

[40503](#) 06:00pm-09:55pm F CHTC-206 W. O'Neil  [Course Materials](#) Short-Term
Start Date: 01/17/25 End Date: 05/16/25 Last Day to Add: 01/27/25

	Start Date: 03/25/25		End Date: 05/15/25	Last Day to Add: 03/28/25			

Section 39353: This class is located at Information Tech Center, 13170 Seventh Street, Chino, CA 91710.

IET-405: National Electric Code (3.00 Units)

Advisory: Completion of IET-401B, or two years or more of field related work experience. Interpretation and application of the National Electric Code (NEC) with emphasis on wire size, conduit, motor load protection, classified areas, grounding, and the latest NEC updates. Grading: Letter grade only

Location: Online

35853	Online hours	Canvas	B. Glenn		Course Materials	Short-Term
	Start Date: 02/03/25		End Date: 05/22/25	Last Day to Add: 02/23/25		

IET-407: Electrical Blueprints (3.00 Units)

Advisory: Completion of IET-401B, or one year or more of field related work experience. Interpretation of basic ladder diagrams, one line diagrams, electrical symbols, schematics, hydraulic symbols and diagrams including pictorials. Grading: Letter grade only

Location: Online

39362	Online hours	Canvas	M. Romero		Course Materials	Short-Term
	Start Date: 02/03/25		End Date: 05/22/25	Last Day to Add: 02/23/25		

IET-411: Programmable Logic Controllers (3.00 Units)

Advisory: Completion of IET-407, or two or more years of field related work experience and basic computer skills. This course covers ladder diagrams, common computer terms, and operation of the programmer logic controller (PLC). Students will connect, configure and program ladder logic for PLC applications. The course gives a foundation application for the format of Module-Defined Tag Names. Students will be able to describe the function and operation of Input/Output diagrams as well as monitor the operation of Input and Output instructions. Program operations download and run a PLC Project that uses XIC and XIO Input Instructions and OTE output instructions. Grading: Letter grade only

Location: Chino Campus

39370	05:45pm-09:35pm	MTWTH	CHTC-300	W. O'Neil	 	Course Materials	Short-Term
	Start Date: 01/13/25		End Date: 02/10/25	Last Day to Add: 01/14/25			

Section 39370: This class is located at Information Tech Center, 13170 Seventh Street, Chino, CA 91710.

Section 39370: Zero Textbook Costs (\$0).

IET-413: Intermediate Programmable Logic Controllers (3.00 Units)

Prerequisite: IET-411. Other: Two or more years of field related work experience including basic knowledge in PLCs. This course covers programming logic controller (PLC), advanced ladder diagrams; operations of the programmer; verifying, editing, and programming of timers, counters, master control relays, math, move (MOV) instructions and jump instructions using computer software. Students will create event sequencing and continuous cycle logic by using event driven sequencing, program the operation of a reciprocating actuator, and design a reciprocating motor PLC project to control a traverse axis. Grading: Letter grade only

Location: Chino Campus

39372	05:45pm-10:00pm	MTWTH	CHTC-300	W. O'Neil	 	Course Materials	Short-Term
	Start Date: 02/11/25		End Date: 03/04/25	Last Day to Add: 02/11/25			

Section 39372: This class is located at Information Tech Center, 13170 Seventh Street, Chino, CA 91710.

Section 39372: Zero Textbook Costs (\$0).

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

IET-417: Electrical Troubleshooting (3.00 Units)

Advisory: Completion of IET-403A, IET-407, and IET-411, or two or more years of field related experience that includes static devices. Application of knowledge of industrial controls, motor controls, and blueprint reading to the development of troubleshooting skills. Analysis of circuits and investigation of problems associated with electrical controls. This course provides skills in building and analyzing industrial electrical control/power circuits to identify faults, and troubleshooting electro-mechanical problems using electrical prints, and a wide range of test equipment as they analyze the systems. Grading: Letter grade only

Location: Chino Campus

[39373](#) 05:45pm-09:35pm MTWTH CHTC-300 W. O'Neil   [Course Materials](#) Short-Term
 Start Date: 03/05/25 End Date: 04/09/25 Last Day to Add: 03/09/25

Section 39373: This class is located at Information Tech Center, 13170 Seventh Street, Chino, CA 91710.
 Section 39373: Low-Cost Textbooks (below \$50).

IET-419: DC Variable Speed Drive (1.50 Units)

Advisory: Completion of IET-403A and IET-403B, or two or more years of field related experience. Function and controls of a DC variable speed drive and its application on the field, including adjustments, settings, tuning, and configuration. Students will study the fundamentals of solid state components that make up the speed drive and power control. This course covers applications of DC spindle, SCR, and pulse width modulation drives. DC motors will operate through a wide range of conditions to test control theories. Grading: Letter grade only

Location: Chino Campus

[40501](#) 06:00pm-09:30pm MTWTH CHTC-312 W. O'Neil   [Course Materials](#) Short-Term
 Start Date: 04/14/25 End Date: 05/01/25 Last Day to Add: 04/14/25

 Section 40501: Zero Textbook Costs (\$0).

IET-421: AC Variable Frequency Speed Drive (1.50 Units)

Advisory: Completion of IET-419, or two or more years of field related experience. Function and controls of an AC variable frequency drive and its application on the field components, including parameter, setting, tuning, and configuration. Students conduct fundamental activities using AC Vector, General-Purpose, and Servo Drives to chart the performance and adjust parameters to change characteristics of the motor performance. Activities include: monitor parameter values using the HIM, perform basic assisted startup routine, configure skip speed reference parameters, program the S-Curve Acceleration, and basic troubleshooting. Grading: Letter grade only

Location: Chino Campus

[40502](#) 06:00pm-09:30pm MTWTH CHTC-312 Staff   [Course Materials](#) Short-Term

 Section 40502: Zero Textbook Costs (\$0).

IET-422: OSHA Safety Training (2.00 Units)

Industry safety and health standards, taught in accordance with Occupational Safety and Health Administration (OSHA) requirements. Course is targeted to entry-level workers. Upon successful completion, students receive the OSHA (30-hour) card. Grading: Letter grade only

Location: Chino Campus

[39365](#) 06:00pm-08:25pm M CHTC-206 K. Mosley  [Course Materials](#) Short-Term
 Start Date: 02/03/25 End Date: 05/19/25 Last Day to Add: 02/23/25

Section 39365: This class is located at Information Tech Center, 13170 Seventh Street, Chino, CA 91710.

IET-460: Introduction to Photovoltaic Installation (3.00 Units)

Introduction to solar, energy, and power. Topics include electricity fundamentals, equipment measurements, installation, controls system, components, electrical and mechanical design considerations, performance standards, troubleshooting basics, system checks and inspections, and industry safety requirements. Grading: Letter grade only

Location: Online

[35904](#) Online hours Canvas M. Romero   [Course Materials](#) Short-Term
 Start Date: 02/03/25 End Date: 05/22/25 Last Day to Add: 02/23/25

Section 35904: Zero Textbook Costs (\$0).

IET-484A: Industrial Electricity Internship (1.00 Unit)

Limitation on Enrollment: Currently employed by industry that can supervise internship candidate whether it is a private or public sector employer. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting. Prerequisite: IET-401A, IET-405, or IET-407. Supervised industry internship in cooperation with private or public sector employers. Provides students expanded, hands-on learning opportunities to apply knowledge and learn new skills directly related to their industrial electricity, electrical systems, or maintenance programs of study, outside of the classroom environment. Placement is arranged by/approved by the instructor. Participation requirements may vary with the job setting. Note: One course unit will equal 60 hours of volunteer/unpaid work OR one unit will equal 75 hours of paid work. Students may earn up to a total of 16 semester credit hours. Grading: Letter grade with option for Pass/No Pass grade

Location: Online

[35905](#) Online hours Canvas W. O'Neil   [Course Materials](#) Short-Term

 Section 35905: Instructor consent required.

Interior Design (ID)

ID-10: Introduction to Interior Design (3.00 Units)

Overview of the interior design field. Topics covered include the interior design profession, history of styles, elements and principles of design, design process, building systems, space planning, visual communication, color, lighting, materials, furnishings, human factors, spatial well-being, cultural influences, and sustainable design concepts. Transfer: CSU. Grading: Letter grade only

Location: Online

40439	Online hours	Canvas	L. Monk	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 40439: Zero Textbook Costs (\$0).

ID-12: History of Architecture and Interiors II (3.00 Units)

Historic overview and investigation of architectural and interior design styles, prominent designers, and furniture globally from Post Renaissance to the Modern World. Transfer: CSU; UC. Grading: Letter grade only

Location: Chino Campus

36488	06:00pm-08:50pm	M	CHCM-201	P. Allen	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25	Last Day to Add: 01/27/25				

Section 36488: Zero Textbook Costs (\$0).

ID-14: Fundamentals of Design for Interiors (3.00 Units)

Exploration of the fundamental design elements and principles as they relate to interior spaces. Topics are presented in a systematic approach to the creative process of solving interior design problems. Formal visual properties of line, shape, form, pattern, texture and color are studied in their relationship to the organizational systems and unifying principles that create balanced designs. Emphasis will be focused on the use of color and modern day color theories as they relate to historic, cultural and aesthetic use in successful interior design solutions. Students will complete beginning level studio design projects consisting of 2D drawings and 3D model building. Transfer: CSU. Grading: Letter grade only

Location: Online

36755	Online hours	Canvas	L. Monk	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 36755: Zero Textbook Costs (\$0).

ID-15: Architectural Drafting for Interior Designers (3.00 Units)

A beginning course focusing on 2D drafting methods used in architecture and interior design including manual drafting and 2D AutoCAD. Emphasis is placed on drafted line quality, lettering, proper drafting techniques, and methods. Students will learn to identify building systems in drawings and learn basic requirements for creating floor plans, furniture plans, elevations, sections, detailing, dimensions, schedules, lighting plans, electrical layouts, and reflected ceiling plans. Students will complete a set of interior working drawings by hand or in AutoCAD, 2020 Design, or other industry-specific drafting programs. Transfer: CSU. Grading: Letter grade only

Location: Online

36759	Online hours	Canvas	J. Hornbeck		Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

ID-16: Quick Sketching for Interior Designers (2.50 Units)

Manual and computer sketching techniques using SketchUp for illustrating interiors. Includes one and two-point perspective drawings of interior spaces, color rendering, shading, textures, and use of a variety of presentation techniques and mediums. Emphasis on quick presentation of ideas. Completed projects become part of a student portfolio. Transfer: CSU. Grading: Letter grade only

Location: Online

40440	Online hours	Canvas	N. Savard	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25	Last Day to Add: 01/27/25			

Section 40440: Zero Textbook Costs (\$0).

ID-17: Lighting for Architecture and Interior Design (3.00 Units)

Basic principles of lighting and their application in terms of visual perception, properties of light and color, light sources, luminaires, lighting design process, lighting techniques, elementary calculations, specifications, and documentation for construction. Students learn how to integrate energy-efficient lighting practices, applicable lighting codes, and human-centered design. Written and graphic design documents will be produced. Transfer: CSU. Grading: Letter grade only

Location: Online

36762	Online hours	Canvas	P. Allen	 	Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

Section 36762: Zero Textbook Costs (\$0).

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

ID-21: Space Planning (3.00 Units)

Advisory: Completion of ID-10, ID-14, and ID-15. Other: Familiarity with AutoCAD or other computer drafting programs, interior floor plans, and design fundamentals. This course provides fundamental skill development in space planning for interiors. Students will investigate the design process, human factors, accessibility, universal design, spatial relationships, sustainability, codes, and aesthetic considerations for interior layouts. Students will practice the programming of spaces using adjacency studies and diagramming of factors such as circulation, light, and air to meet user needs. This course examines how culture is represented globally and how those representations can affect the design of residential and non-residential projects. Transfer: CSU. Grading: Letter grade only

Location: Chino Campus

[36484](#) 09:00am-12:50pm F CHCM-201 R. Meyer  [Course Materials](#) Short-Term
 Start Date: 02/07/25 End Date: 05/09/25 Last Day to Add: 02/20/25

ID-22: Interior Design Materials (3.00 Units)

Advisory: Completion of ID-10 and ID-15. Materials and treatments used in interior design for commercial and residential installations, including "green" resources. This course is a study of the technical specifications of finishes, furnishings, and equipment needed to complete a variety of interior environments. Emphasis is placed on sustainability. The interior designer's role in the environmental and social impacts of material specifications is investigated. Product knowledge, available resources, industry procedures, and terminology are incorporated. Liabilities and regulations as they pertain to the professional interior designer are covered. Finishes, furnishings, and equipment are estimated and specified and are graphically designated on drafted plans and elevations. This course is designed for students majoring in interior design. Transfer: CSU. Grading: Letter grade only

Location: Online

[36764](#) Online hours Canvas D. Hutson  [Course Materials](#) 14-Week
 Start Date: 02/03/25 End Date: 05/15/25 Last Day to Add: 02/07/25

ID-27: Computer Drafting & Design for Interiors (3.00 Units)

Advisory: Completion of ID-15 or ID-21. Other: Student should possess beginning level knowledge of 2D drafting methods and familiarity with the typical drawings used to present Interior Design, Architecture, or Engineering projects. Computer-aided drafting & design using the professional software, AutoCAD, Revit, and Chief Architect. Other software may be introduced. This course focuses on 3D and BIM software programs typically used in the Interior Design industry. Students will learn the basic skills needed for 3D modeling, digital rendering, and the production of 2D floor plans, furniture layouts, elevations, lighting plans, and perspective views for client presentations. Use of various rendering software, scanners, printers, and plotters will be covered. Transfer: CSU. Grading: Letter grade only

Location: Chino Campus

[36489](#) 06:00pm-09:05pm TTH CHCM-201 I. Sumarsono   [Course Materials](#) 14-Week

ID-30: Interior Design Studio (3.50 Units)

Prerequisite: ID-16, 17, 21, and 22. Advanced course integrating knowledge, problem-solving, conceptual development, visual and oral communication concerning a residential and a non-residential project. The course focuses on the design process, furniture layouts, effective space plans, elevations, reflected ceiling plans, lighting, electrical plans, renderings, and creating models. Additional course emphasis in selecting interior components and materials as well as providing estimates and scheduling for two complete projects. This studio questions how culture is represented globally and how those representations can affect a design project. Projects challenge the student's preconceived notions of interior design and client needs while they work to solve a particular design problem that might initiate global, social, or environmental changes. Transfer: CSU. Grading: Letter grade only

Location: Online

[36757](#) Online hours Canvas D. Hutson  [Course Materials](#) Full-Term
 Start Date: 01/13/25 End Date: 05/22/25 Last Day to Add: 01/27/25

ID-45: Codes and Building Systems (3.00 Units)

This course examines building codes and building systems relative to interior design and architecture. Special emphasis is placed on international, California, and local code requirements in relation to interior design projects. This course also explores the health safety and welfare of building occupants as well as sustainability and universal design aspects of building systems and materials. Students will study the history of and adoption of CalGreen code, ADA law, and California Title 24. This course is designed for students who are majoring in interior design, professional designers who seek to update their knowledge, and those who plan to become Certified Interior Designers. Transfer: CSU. Grading: Letter grade only

Location: Online

Journalism (JOUR)

JOUR-10: Newswriting (3.00 Units)

Placement Level: Eligibility for ENGL-1A as determined by the Chaffey College placement process. This course will provide an introduction to multimedia storytelling with a journalism emphasis. The course will focus on principles of writing news stories with an emphasis on selecting and organizing information in a clear, accurate, coherent, and concise manner. Fundamentals of news copy preparation and format are stressed. The legal and ethical issues facing journalists will be examined. Students will report and write based on their original interviews and research to produce news content. Experiences may include covering speeches, meetings and other events, writing under deadline and use of AP Style. (C-ID JOUR 110) Transfer: CSU; UC. Grading: Letter grade only

Location: Online

Kinesiology: Activity (KINACT)

**Consent for Physical Fitness Program
General Statement of Program Objective and Procedures**

I understand that this physical fitness program may include exercise to build cardio-respiratory system (heart and lungs), the musculoskeletal system (muscle endurance and strength, and flexibility), and to improve body, composition (decrease of body fat in individuals needing to lose fat, with an increase in weight of muscle and bone). Exercises may include aerobic activities (treadmill walking/running, bicycle riding, rowing machine exercise, group aerobic activity, swimming, and other such activities), calisthenics, and weight lifting may also improve muscular strength and endurance, and flexibility exercises to improve joint range of motion.

KINACT-1: Beginning Tennis (1.00 Unit)

Emphasis on court etiquette, history, and fundamental skills for tennis including singles and doubles play, so that students may participate in a lifetime activity. Fundamental instruction includes serving, forehand, backhand, volley shots, and game strategy. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

37671	09:30am-10:45am Start Date: 01/13/25	TTH	G-TEN/CRT	R. Baiz		Course Materials	Full-Term
	End Date: 05/22/25			Last Day to Add: 01/27/25			

Section 37671: Zero Textbook Costs (\$0).

KINACT-2: Advanced Tennis (1.00 Unit)

This course will emphasize the rules, court etiquette, history, and advanced skills of tennis. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

37672	09:30am-10:45am Start Date: 01/14/25	TTH	G-TEN/CRT	R. Baiz		Course Materials	Full-Term
	End Date: 05/22/25			Last Day to Add: 01/27/25			

Section 37672: Zero Textbook Costs (\$0).

KINACT-5A: Beginning Flag Football (1.00 Unit)

The activities in this course provide for instruction in the skills, techniques, strategy, and rules of flag football. The class emphasizes skill improvement, team unity, and safety procedures. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

37673	See note below Start Date: 01/13/25		G-GR/FIELD	B. Buys		Course Materials	Full-Term

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

KINACT-16: Volleyball (1.00 Unit)

Course will emphasize rules, strategy, and basic volleyball skill development such as setting, digging, serving, spiking and team strategies. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

40305	11:00am-12:20pm	TTH	G-GYM	A. Henry	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25		Last Day to Add: 01/27/25			

Section 40305: Zero Textbook Costs (\$0).

KINACT-17: Advanced Volleyball (1.00 Unit)

Other: Previous volleyball experience is recommended. The course will include teaching of the advanced skills of volleyball with emphasis on strategy, skills and complex offensive and defensive schemes. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

40308	11:00am-12:20pm	TTH	G-GYM	A. Henry	 	Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25		Last Day to Add: 01/27/25			

Section 40308: Zero Textbook Costs (\$0).

KINACT-20: Basketball (1.00 Unit)

Rules, court etiquette, basic offensive and defensive positions, and basic passing and dribbling techniques of basketball. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

37676	11:00am-12:50pm	MW	G-GYM	K. Rizea		Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/14/25		Last Day to Add: 02/07/25			

KINACT-24: Cross Training Boot Camp (1.00 Unit)

This course provides a total body workout using a variety of exercises, equipment, weights and workout stations, targeting the entire body including the development of a strong core. Students can expect to see improvements in functional everyday movements, sport performance, balance, endurance, coordination, flexibility, strength, body composition and confidence. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

37678	11:00am-12:50pm	TTH	G-203	P. Peoples	 	Course Materials	14-Week

Section 37678: Zero Textbook Costs (\$0).

KINACT-25: Spinning for Fitness (1.00 Unit)

Use of an indoor cycling bike for improving overall physical fitness and health. Students develop a safe and efficient spinning program designed to meet their fitness goals. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

37679	08:00am-09:15am	TTH	MOD-2	R. Hadaway	 	Course Materials	Full-Term
	Start Date: 01/14/25	End Date: 05/22/25		Last Day to Add: 01/27/25			

Section 37679: Zero Textbook Costs (\$0).

KINACT-26: Beginning Pilates Matwork (1.00 Unit)

This course is an introduction to Pilates mat work. Pilates is a form of mind-body exercise that improves flexibility and endurance while building strength. An emphasis will be placed on strengthening the core, which consists of muscles in the abdomen, low back, and hips. Students can expect to improve coordination and balance in daily activities or for fitness and sport. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Online

37680	Online hours		Canvas	L. Harlow		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25		Last Day to Add: 01/27/25			

KINACT-28A: Beginning Yoga (1.00 Unit)

This course is designed for the beginning students who would like to learn the importance of breath, alignment of postures and relaxation techniques to improve health and fitness of the mind and body. The goal of the course is to improve flexibility, muscle strength, endurance, and coordination through the physical postures of yoga. Introduction to relaxation techniques will be incorporated for stress reduction and mental calm. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Online

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

KINTM-15B: Soccer Team Activity, Women (1.00 Unit)

Limitation on Enrollment: Enrollment based on a successful tryout. Information and practice to develop basic soccer skills, techniques, and strategies. Designed for women interested in playing competitive soccer at the college level. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39214	03:00pm-06:05pm	MW	G-SC/FIELD	D. Fox		Course Materials	Short-Term
	Start Date: 03/24/25	End Date: 05/14/25		Last Day to Add: 04/01/25			

Section 39214: Instructor consent required.

KINTM-44I: Intercollegiate Softball Team, Women (3.50 Units)

Limitation on Enrollment: Enrollment is restricted to student athletes who meet both skill and eligibility requirements. Opportunity for women to compete at the intercollegiate level in softball. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

25601	See note below		G-S/FIELD	J. Tivey		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/15/25		Last Day to Add: 04/08/25			

Section 25601: 175 hours self-paced/open-entry.

Section 25601: Instructor consent required.

Section 25601: Zero Textbook Costs (\$0).

KINTM-47I: Intercollegiate Baseball Team, Men (3.50 Units)

Limitation on Enrollment: Enrollment is restricted to student athletes who meet both skill and eligibility requirements. Opportunity for men to compete at the intercollegiate level in baseball. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

25602	See note below		G-BB/FIELD	A. Smith		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/15/25		Last Day to Add: 04/08/25			

Section 25602: 175 hours self-paced/open-entry.

Section 25602: Instructor consent required.

Section 25602: Zero Textbook Costs (\$0).

KINTM-51I: Intercollegiate Swimming Team, Men and Women (3.50 Units)

Limitation on Enrollment: Enrollment is restricted to student athletes who meet both skill and eligibility requirements. Opportunity for men and women to compete at the intercollegiate level in swimming. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39215	See note below		G-POOL	K. Hurst		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/15/25		Last Day to Add: 04/08/25			

Section 39215: 175 hours self-paced/open-entry.

Section 39215: Instructor consent required.

Section 39215: Zero Textbook Costs (\$0).

KINTM-56BI: Intercollegiate Basketball Team, Women Spring (1.75 Units)

Limitation on Enrollment: Enrollment is restricted to student athletes who meet both skill and eligibility requirements. Opportunity for women to compete at the intercollegiate level in basketball during the spring semester. Information and daily practice to develop a high level of proficiency in basketball skills and techniques during conference play and post-season schedule. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39207	See note below		SPRT-GYM	K. Rizea		Course Materials	Short-Term
	Start Date: 01/02/25	End Date: 03/14/25		Last Day to Add: 01/15/25			

Section 39207: 87.5 hours self-paced/open-entry.

Section 39207: Instructor consent required.

Section 39207: Zero Textbook Costs (\$0).

KINTM-57BI: Intercollegiate Basketball Team, Men Spring (1.75 Units)

Limitation on Enrollment: Enrollment is restricted to student athletes who meet both skill and eligibility requirements. Opportunity for men to compete at the intercollegiate level in basketball during the spring semester. Information and daily practice to develop a high level of proficiency in basketball skills and techniques during conference play and post-season schedule. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

25607	See note below		SPRT-GYM	J. Klein		Course Materials	Short-Term
	Start Date: 01/02/25	End Date: 03/14/25		Last Day to Add: 01/22/25			

Section 25607: 87.5 hours self-paced/open-entry.

Section 25607: Instructor consent required.

Section 25607: Zero Textbook Costs (\$0).

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

KINTM-60A: Volleyball Strength and Conditioning for Athletes (0.50 Units)

Advanced sport-specific drills and exercises designed for volleyball athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning, to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals' capabilities. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39216	11:30am-12:20pm	MW	G-111	M. Holguin		Course Materials	Short-Term
	Start Date: 01/13/25		End Date: 04/21/25	Last Day to Add: 01/28/25			

Section 39216: Instructor consent required.

Section 39216: Enrollment limited to women's volleyball athletes.

KINTM-61A: Basketball Strength and Conditioning for Athletes (0.50 Units)

Advanced sport-specific drills and exercises designed for basketball athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning, to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals' capabilities. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39217	11:30am-12:20pm	TTH	G-111	D. Padilla		Course Materials	Short-Term
	Start Date: 02/04/25		End Date: 05/06/25	Last Day to Add: 02/13/25			

Section 39217: Instructor consent required.

Section 39217: Enrollment limited to women's basketball athletes.

KINTM-62B: Football Strength and Conditioning for Athletes (1.00 Unit)

Advanced sport-specific drills and exercises designed for football athletes. Increased volume, intensity, frequency, and duration of specific activities improve strength, speed, flexibility, and overall conditioning, to enhance athletic performance. Exercises are prescribed by the instructor and are tailored to the physical demands of the sport and individuals' capabilities. Instructor consent required for enrollment. May be taken 4 times. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

 Section 39223: Enrollment limited to men's and women's cross country athletes.

Student Success Centers

Chaffey's virtual and in-person student Success Centers provide free tutoring, workshops, conversation groups, and focused learning activities. Functioning as an "extension of the classroom," the Success Centers strategically design curriculum for every stage of the learning process.

For hours and more information, visit the [Success Centers webpage](#).

Rancho Success Center

English, Language, Humanities, Business & Technology, STEM

Mathematics (MATH)

MATH-4: Mathematical Concepts for Elementary School Teachers (4.00 Units)

Prerequisite: MATH-542 or higher-level math course, or eligibility for MATH-4 as determined by the Chaffey College placement process as of March 2019, which will result in more students being able to enroll directly in MATH-4. Study of mathematical concepts, targeted primarily to students preparing to teach elementary school mathematics. For such students, this course fulfills the same transfer requirement as Math-25 College Algebra. Topics include: real number systems and sub-systems, patterns and sequences, basic set theory, logic, and mathematical induction. Emphasis is on comprehension of concepts and application of logical reasoning and critical analysis in problem-solving. (C-ID MATH 120) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

38968	08:00am-09:50am	TTH	VSS-108	T. Jenkins		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25	Last Day to Add: 01/27/25				

40094	05:30pm-08:00pm	MW	VSS-108	G. Antashyan	 	Course Materials	Early 14-Week
	Start Date: 01/13/25	End Date: 04/23/25	Last Day to Add: 01/17/25				

Section 40094: Low-Cost Textbooks (below \$50).

SECTION	HOURS	DAYS	LOCATION	INSTRUCTOR	INSTR. METHOD	COURSE MATERIALS	SESSION
38970	10:00am-12:20pm Start Date: 02/04/25	TTH	VSS-108	T. Jenkins Last Day to Add: 02/07/25		Course Materials	14-Week

Location: Chino Campus

38967	12:00pm-01:50pm Start Date: 01/13/25	MW	CHMB-201	E. Newton Cannis Last Day to Add: 01/27/25		Course Materials	Full-Term
-----------------------	---	----	----------	---	--	----------------------------------	-----------

MATH-25: College Algebra (4.00 Units)

Prerequisite: MATH-542, or eligibility for MATH-25 as determined by the Chaffey College placement process as of March 2019, which will result in more students being able to enroll directly in MATH-25. Advisory: Concurrent enrollment in MATH-652. Coordinate geometry and graphing techniques; conic sections; solutions to higher degree polynomial equations; functions; polynomial, rational, inverse, exponential and logarithmic functions; systems of nonlinear equations and inequalities; matrices and determinants; sequences and series; binomial expansion; mathematical induction; introduction to mathematical proof. The Math Department strongly recommends that any student wanting or needing extra support for this course to consider enrolling in MATH-652 concurrently with MATH-25. There is a 1 hour supplemental learning requirement that can be satisfied through the success centers. Transfer: CSU; UC credit limitations. Grading: Letter grade only

MATH-45: Explorations in Quantitative Reasoning (4.00 Units)

Placement Level: Eligibility for MATH-45 as determined by the Chaffey College placement process. Advisory: Concurrent enrollment in MATH-545. Skills and techniques for problem solving using mathematical methods and quantitative reasoning. Topics include: elementary logic; set theory; combinatorics and probability; statistics; and finance math. For non-STEM students who do not need Trigonometry, Calculus, or Statistics as part of their major requirement. Transfer: CSU; UC. Grading: Letter grade only

MATH-65A: Calculus I (4.00 Units)

Prerequisite: MATH-61. Advisory: Concurrent enrollment in MATH-565A. This course includes functions, limits, and continuity, differentiation of algebraic, trigonometric, logarithmic, and exponential functions with applications; integration of algebraic, trigonometric, logarithmic, and exponential functions; and the definite integral and some applications, including rectilinear motion and average value. (C-ID MATH 211) Transfer: CSU; UC. Grading: Letter grade only

MATH-81: Linear Algebra (4.00 Units)

Prerequisite: MATH-75. This course develops the techniques and theory needed to solve and classify systems of linear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Investigates the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, and linear transformations. Selected applications of linear algebra are included. (C-ID MATH 250) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39150	12:30pm-02:20pm Start Date: 01/13/25	TTH End Date: 05/22/25	PS-125	L. Crow		Course Materials	Full-Term

MATH-85: Differential Equations (4.00 Units)

Prerequisite: MATH-75. Other: Prior experience with a graphing utility is needed. Methods and theory of solving ordinary differential equations; including existence of solutions, series solutions, and singular points. Laplace transforms and linear systems. Applications primarily in the physical sciences. Students may be required to obtain a graphing utility for the course. (C-ID MATH 240) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39153	02:30pm-04:20pm Start Date: 01/13/25	TTH End Date: 05/22/25	VSS-201	M. Wardak		Course Materials	Full-Term

MUSIC-5: Music Theory and Musicianship I (4.00 Units)

Advisory: Concurrent enrollment in MUSIC-35. This course, through guided composition, analysis, and cultural inquiry, incorporates the following concepts: rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords; basic cadential formulas and phrase structure; dominant seventh; figured bass symbols; and non-harmonic tones; music as science, mathematics, and philosophy in Ancient Greek culture; musical form in the context of poetic, artistic, and architectural form. Students explore the history and evolution of music notation in the context of the growth of European vernacular literacy, and development of skills in handwritten notation is expected. In addition, the musicianship component of this course applies and develops the rhythmic, melodic, and harmonic materials of the first semester of Music Theory through ear training, sight singing, analysis, and dictation, drawing from and examining musical sources from European art music, traditional/folk music from American, European, and non-European cultures, and American popular music. (C-ID MUS 120 and MUS 125) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online Class

36809	04:00pm-05:50pm	W	CAE-101	Staff		Course Materials	Full-Term
Section 36809: Hybrid class.							

MUSIC-6: Music Theory and Musicianship II (4.00 Units)

Prerequisite: MUSIC-5. Advisory: Concurrent enrollment in MUSIC-36. This course incorporates the concepts from Music Theory and Musicianship I. In addition, through guided composition and analysis, the course will include: an introduction to two-part counterpoint; voice leading involving four-part chorale writing; diatonic harmony; and an introduction to secondary/applied chords and modulation. Applies and develops the rhythmic, melodic, and harmonic materials of the second semester of Music Theory through ear training, sight singing, analysis, and dictation. Students continue to explore the history and evolution of music notation and theory, as well as cultural influences thereon, through examination and analysis of historically and geographically diverse musical examples. (C-ID MUS 130 and MUS-135) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online Class

36810	02:00pm-03:50pm	M	CAE-101	Staff		Course Materials	Full-Term
Section 36810: Hybrid class.							

MUSIC-8: Music Theory and Musicianship IV (4.00 Units)

Prerequisite: MUSIC-7. Advisory: Concurrent enrollment in MUSIC-38. This course expands on concepts from Music 7, Music Theory and Musicianship III. In addition, through writing and analysis, the course will include: post-Romantic techniques such as borrowed chords and modal mixture, chromatic mediants, Neapolitan and augmented-sixth chords, 9th, 11th and 13th chords, altered chords and dominants; and 20th century techniques such as: Impressionism, tone rows, set theory, pandiatonicism and polytonalism, meter and rhythm. Applies and develops the rhythmic, melodic, and harmonic materials of the fourth semester of music theory through ear training, sight singing, analysis, and dictation. (C-ID MUS 150 and MUS 155) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online Class

36815	04:00pm-05:50pm	M	TAE-107	Staff		Course Materials	Full-Term
Section 36815: Hybrid class.							

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

MUSIC-15: Introduction to the Music Business (3.00 Units)

Survey of the music industry, with emphasis on individual career options, roles, and responsibilities. Contracts, relationships, and interaction of song writing, publishing, copyright law, recording, broadcasting, managing, booking, licensing, and merchandising. Transfer: CSU. Grading: Letter grade only

Location: Online

36865	Online hours	Canvas	A. Yankee		Course Materials	14-Week
	Start Date: 02/03/25	End Date: 05/15/25	Last Day to Add: 02/07/25			

MUSIC-16: Introduction to Recording Arts (3.00 Units)

Theory and application of contemporary recording concepts, techniques and equipment utilizing modern technology and practice in the recording studio. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online Class

40394	11:00am-01:50pm	TH	TAE-108	G. Kenehan		Course Materials	Early 14-Week
	Online hours		Canvas				
	Start Date: 01/16/25	End Date: 04/24/25	Last Day to Add: 01/17/25				

Section 40394: [Hybrid class](#).
Section 40394: Zero Textbook Costs (\$0).

MUSIC-17: Electronic Music (3.00 Units)

Other: Some keyboard skill and/or experience with computer music production is recommended. Electronic sound synthesis and sound design. Topics include: history of international electronic music, theory of sound, electronic sound manipulation using virtual instruments, sampling, and working with MIDI (Musical Instrument Digital Interface). Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online Class

36866	11:00am-02:20pm	T	TAE-106	G. Kenehan		Course Materials	14-Week

Section 36808: Low-Cost Textbooks (below \$50).

MUSIC-58: Applied Music (0.50 Units)

Limitation on Enrollment: Audition is required. Corequisite: MUSIC-75, 76, 77, or 78. This course consists of individualized study of the appropriate techniques and repertoire for the specific instrument/voice being studied. Emphasis is on the progressive development of skills needed for solo performance. Progress is evaluated through a juried performance. There are 9 hours dedicated to individual instruction on the student's primary instrument. May be taken four times. (C-ID MUS 160) Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

36875	02:30pm-03:50pm	W	CAE-102	P. Aranda & G. Kenehan	 	Course Materials	14-Week
Start Date: 02/05/25		End Date: 05/14/25		Last Day to Add: 02/18/25			

Section 36875: 9 hours per term arranged.
Section 36875: Zero Textbook Costs (\$0).

MUSIC-75: Concert Choir (1.00 Unit)

Limitation on Enrollment: Audition may be required during the first week of class to verify ability to match pitches, sing in tune, and perform simple rhythms. Other: Previous choral experience is desirable. Study and performance of a wide variety of choral music, mostly accompanied with some a cappella. Primary focus is classical, with significant secondary focus on American vernacular and non-European repertoire. Some basic vocal and musical skills are required, but course emphasis is on the development of the ability to perform parts independently as well as key choral performance skills including phrasing, interpretation, diction, breathing, blend, and vocal control. Participation in on- and off-campus public performances and/or activities may be required. May be taken four times. (C-ID MUS 180) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

36811	07:00pm-09:30pm	TH	CAE-101	B. Encina	 	Course Materials	Full-Term
Start Date: 01/13/25		End Date: 05/22/25		Last Day to Add: 01/27/25			

Section 36811: 7 hours per term arranged.
Section 36811: Zero Textbook Costs (\$0).

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

MUSIC-76: Chamber Choir (1.50 Units)

Limitation on Enrollment: Audition may be required the first week of class to determine basic music reading ability, tonal memory, independence in carrying an assigned part, and ability to blend with other voices. Other: Previous significant choral singing experience is desirable. Advanced study and performance of varied choral music, with a focus on a cappella art, folk, and popular music. Requires established vocal and musical skills, including basic music reading, vocal technique, and choral rehearsal practice. Participation in on- and off-campus public performances and/or activities may be required. May be taken four times. (C-ID MUS 180) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus

36812	11:00am-12:15pm	M	CAE-101	Staff		Course Materials	Full-Term
	11:00am-12:50pm	W	CAE-101				
	Start Date: 01/13/25		End Date: 05/22/25	Last Day to Add: 01/27/25			

Section 36812: 18 hours per term arranged.

MUSIC-77: Community Concert Band (1.00 Unit)

Limitation on Enrollment: Students may pre-register, but their ability to play a musical instrument will be assessed by instructor on first day of class. Instrumental music group specializing in training and experience in a wide variety of band repertoire, through rehearsals and performance. Student must provide their own instrument, though some instruments may be available on loan through the Music Department. Participation in and/or attendance at on- and off-campus public performances and/or activities may be required. May be taken four times. (C-ID MUS 180) Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus

36813	07:00pm-09:50pm	W	CAE-102	P. Aranda		Course Materials	Full-Term
	Start Date: 01/13/25		End Date: 05/22/25	Last Day to Add: 01/27/25			

Section 36813: 3 hours per term arranged.

Section 36813: Zero Textbook Costs (\$0).

MUSIC-78: Jazz Band (1.00 Unit)

Limitation on Enrollment: Intermediate to advanced proficiency on one's musical instrument, together with the ability to read music is required. Students may pre-register in class, but instructor will assess students' ability to play musical instrument on first day of class. Audition on the first day of class on the following instruments: trumpet, trombone, saxophone, bass and bass guitar, keyboards, drums, guitar, and auxiliary percussion. Instrumental studio/performing group, emphasizing reading, improvisation and stylistic concepts as they apply to the intermediate/advanced jazz player. In most instances, student is expected to supply their own instrument, though some may be available on loan from the Music Department. Participation in on- and off-campus public performances and/or activities may be required. May be taken four times. (C-ID MUS 180) Transfer: CSU; UC. Grading: Letter grade only

NURADN-35: Nursing Process 3 (7.50 Units)

Prerequisite: NURADN-28, or NURADN-3 and NURADN-3L. This course focuses on the care of adult and older adult patients with medical and/or surgical health alterations. Emphasis is placed on the care of patients with alterations in selected body functions. Concepts of health promotion, health education, evidence-based practice, and interdisciplinary collaboration will be integrated throughout the course. Clinical experiences provide the student an opportunity to apply theoretical concepts and implement safe care to patients and selected groups in a variety of settings. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Clinical Location(s)

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

NURADN-39: Family-Child Nursing (2.00 Units)

Prerequisite: NURADN-28 and NURADN-29. *Other:* Course may be taken before or after NURADN-35 but only after successful completion of NURADN-28 and NURADN-29. May not be taken if NURADN-35 has been failed by the student until the course is passed. Students in the LVN-to-ADN pathway or 30 unit LVN option do not take this course. This course provides an integrative, family-centered approach to the care of children. Emphasis is placed on normal growth and development, family dynamics, common pediatric disorders and the promotion of healthy behaviors in patients. Clinical experiences provide the student an opportunity to apply theoretical concepts and implement safe patient care to children in selected settings. Transfer: CSU. Grading: Letter grade only

NURADN-47: Nursing Process 4 (7.50 Units)

Prerequisite: NURADN-35. This course focuses on advanced concepts of nursing care as they relate to adult and older adult patients with complex, multisystem alterations in health. Emphasis is placed on implementing time management and organizational skills while managing the care of patients with multiple needs and collaborating with the interdisciplinary team. Complex clinical skills, as well as priority setting, clinical judgment, and principles of legal and ethical practice, are integrated throughout the course. Clinical experiences provide the student with an opportunity to apply theoretical concepts and implement safe care to patients and selected groups in a variety of settings. Transfer: CSU. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Clinical Location(s)

Nursing: Vocational (NURVN)

NURVN-403: Fundamentals of Nursing (3.00 Units)

Limitation on Enrollment: Acceptance into the Vocational Nursing Program. Corequisite: NURVN-403L. Fundamental principles and techniques necessary for the beginning vocational nursing student to provide basic nursing care to patients. Leadership focus on the VN role, responsibilities, and skills in extended-care clinical and home settings. Students select and use appropriate components of the nursing process and Maslow's Hierarchy of Needs to promote health, hygiene, nutrition, rest/sleep, safety, relief of pain, and meet the mobility, bowel/bladder, respiratory, sexual, spiritual, psychosocial, and self-esteem needs of adult and geriatric patients. Study of loss/grief concepts, health and disease, stress adaptation, and therapeutic communication styles is included. Includes 12 hours of related pharmacology content. Instructor signature required. Note: Students must achieve a minimum grade of C in NURVN-403 and pass NURVN-403L to meet course and program requirements. Materials Fee: \$3.00 (in-person classes only, unless otherwise noted). Grading: Letter grade only

Location: Chino Campus

Section 39583: Zero Textbook Costs (\$0).

PHYS-20B: Algebra/Trigonometry College Physics II (4.00 Units)

Prerequisite: PHYS-20A. Course is designed for students majoring in a life or medical science, or engineering technology, whose university major does not require calculus-based physics. Topics include: simple harmonic motion, static fluids and fluid flow, zeroth, first and second laws of thermodynamics, sound waves, electric force and field, electric potential energy, electrical potential, capacitance, resistance, electromotive force, magnetic force and field, Faraday's Law, inductors, light waves, and optics. (C-ID PHYS 110, and 100 S when combined with PHYS-20A) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Online

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

PHYS-30A: Physics for the Medical and Life Sciences I (4.00 Units)

Prerequisite: MATH-61, PHYS-5, PHYS-44, or one year of high-school physics. *Corequisite:* MATH-65A (may be taken previously). Course is designed for students majoring in a life or medical science, or engineering technology, whose university major requires calculus-based physics. Position, velocity, and acceleration of objects are described using vectors. The concepts of mass, force, Newton's Laws of Motion, momentum, impulse, work, energy, and power are used to describe straight line motion, projectile motion, circular motion, collisions, and explosions. Rotational motion includes torque, moment of inertia, angular momentum, and static equilibrium. Differential calculus is used to describe velocity and acceleration, and in presenting the laws of conservation of momentum and conservation of angular momentum. (C-ID PHYS 105, and 100 S when combined with PHYS-30B) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus

39545	11:00am-12:20pm 08:00am-10:50am Start Date: 01/13/25	MW W End Date: 05/22/25	HS-143 PS-120	Z. Parsons	 	Course Materials	Full-Term
-----------------------	--	-------------------------------	------------------	------------	---	----------------------------------	-----------

PHYS-30B: Physics for the Medical and Life Sciences II (4.00 Units)

Prerequisite: MATH-65A and PHYS-30A. Course is designed for students majoring in a life or medical science whose university major requires calculus-based physics. Electricity and magnetism, including electric force and field, electric potential energy, potential, capacitance, resistance, electromotive force, magnetic force and field, and Faraday's Law. Inductors, with induced electromotive force presented as a derivative of flux. Power, intensity, and loudness of sound waves. Interference, diffraction, and geometrical optics of light waves. (C-ID PHYS 110, and 100 S when combined with PHYS-30A) Transfer: CSU; UC credit limitations. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online

Section 39548: Zero Textbook Costs (\$0).

PHYS-44: Introduction to Motion (4.00 Units)

Placement Level: Eligibility for MATH-65A or higher as determined by the Chaffey College placement process. *Prerequisite:* MATH-61. Introduction to mechanics for students majoring in a physical science or engineering. Position, velocity, and acceleration of objects are described using vectors. Concepts of mass, force, Newton's Laws of Motion, momentum, and impulse are used to describe straight line motion, projectile motion, circular motion, collisions, and explosions. In the laboratory, microcomputers with motion detectors and force probes are used to study the concepts of velocity and acceleration, and Newton's Laws of Motion. Graphical representations of motion - velocity-time graphs, acceleration-time graphs, and force-time graphs - are emphasized. Transfer: CSU; UC credit limitations. Grading: Letter grade only

Political Science (PS)

PS-1: American Politics (3.00 Units)

Advisory: Completion of ENGL-1A. Study of the American political process and institutions. Topics include: social and political institutions, major American linkage institutions, the politics of public policy, the struggle of under-represented groups for equality, and other current problems. Analysis of the organization and function of California's state and local governments. May be offered as an Honors course. (C-ID POLS 110) Transfer: CSU; UC. Grading: Letter grade only

PS-4: Political Theory (3.00 Units)

Advisory: Completion of ENGL-1A. Introduction to the philosophical underpinnings of historical and contemporary political systems. Analysis of theoretical concepts including the nature of justice, power, freedom, and democracy. Views of theorists such as Plato, Machiavelli, and Marx, as well as non-Western sources are examined. (C-ID POLS 120) Transfer: CSU; UC. Grading: Letter grade only

Location: Rancho Cucamonga Campus and Online

38892	11:00am-12:15pm Online hours Start Date: 01/16/25	TH	SS-104 Canvas	K. Cameron		Course Materials	Full-Term
Section 38892: Hybrid class.							

PS-7: International Relations (3.00 Units)

Advisory: Completion of ENGL-1A. An introduction to international relations theory with an examination of national, international, transnational, and sub-national actors and their institutions, interactions and processes as they relate to global issues. Examination of key IR theories and research methodologies, international security, the global economy, international law and organizations (e.g. UN, WTO), and non-traditional issues of human security - global poverty, pandemics, environment and resource management, and NGOs. Emphases on the foreign policies of major states, areas of conflict and tension, and various aspects of globalization. (C-ID POLS 140) Transfer: CSU; UC. Grading: Letter grade only

Location: Online

PS-10: Comparative Politics (3.00 Units)

Advisory: Completion of ENGL-1A. Introduction to the study of comparative politics by analyzing the political systems of select industrialized democracies, current/former communist states, and developing states. Focus on each state's unique ideological, social, economic, and historical factors, and an examination of how these factors impact their governments and politics. In addition to surveying democratic and non-democratic systems of governance, emphasis on the process of democratization. (C-ID POLS 130) Transfer: CSU; UC. Grading: Letter grade only

Location: Online

Psychology (PSYCH)

PSYCH-1: Introduction to Psychology (3.00 Units)

Advisory: Completion of GUID-2. Psychology is the scientific study of behavior and mental processes. This introductory survey course explores major psychological theories and concepts, core empirical findings, and the methods used in psychological science. Topics include biological basis of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, developmental psychology, personality, social behavior, lifespan development, psychological disorders and their treatment, and applied psychology. May be offered as an Honors course. (C-ID PSY 110) Transfer: CSU; UC. Grading: Letter grade only

Public Health (PH)

PH-10: Personal Health and Wellness (3.00 Units)

This course focuses on the exploration of major health issues and behaviors in the various dimensions of health. Emphasis is placed on individual responsibility for personal health and the promotion of informed, positive health behaviors through a biopsychosocial perspective. Topics include nutrition, exercise, weight management, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety. PH-20: Introduction to Public Health (3.00 Units)

This course provides an introduction to the discipline of Public Health. Students will gain an understanding of the basic concepts and terminologies of public health, and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and institutions, and an in-depth examination of the core public health disciplines is covered. Topics of the discipline include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community including the analysis of the social determinants of health and strategies for eliminating disease, illness and health disparities among various populations; community organizing and health promotion programming; environmental health and safety; global health; and healthcare policy and management. PH-40: Drugs, Health, and Society (3.00 Units)

This course provides an overview of the epidemiology and toxicology of substance abuse and its relevance to personal and public health. Students will be introduced to the concept of substance abuse and dependence, the definition of licit and illicit drugs, and the pharmacologic, neurologic and physiologic effects of selected substances on the human brain. Political, social and economic factors involved in the supply and demand for drugs will be discussed. Epidemiologic data on the prevalence, incidence, and trends of smoking, alcohol, prescription and other drug dependencies in the U.S. will be covered, as well as risk factors associated with the use and abuse of these substances. Current options for recovery and a survey of local resources will be reviewed. (C-ID PHS 103) Transfer: CSU; UC. Grading: Letter grade only

PH-497C: Public Health Career Experience Internship (3.00 Units)

This course provides supervised work experience in public or private agencies, facilities, or organizations. Designed to apply public health knowledge, learn new skills, and provide career-related work experience in community situations. Instructor helps student with placement, and maintains contact with student throughout semester via online tools and resources. Note: One course unit will equal 60 hours of volunteer/unpaid work OR one unit will equal 75 hours of paid work. Students may earn up to a total of 16 semester credit hours. Student repetition is allowed per Title 5 section 55253. May be taken two times. Grading: Letter grade only

Location: Location(s) to be Determined

39706	See note below			A. Davies		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25		Last Day to Add: 01/27/25

Section 39706: Zero Textbook Costs (\$0).

Radiologic Technology (RADTEC)

RADTEC-25: Anatomy and Radiographic Positioning II (3.00 Units)

Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology Program. Prerequisite: RADTEC-10. Corequisite: RADTEC-25L.

This course provides a comprehensive study of radiographic positioning of the vertebral column, special studies, abdominal viscera, contrast studies, and upper airway. Procedural considerations for contrast studies, mobile and surgical radiography, and trauma will be addressed, as well as age-specific considerations, including pediatric and geriatric considerations. There will be an emphasis on associated anatomy, related introductory pathology, radiographic image analysis, communication, and patient care and safety. Radiation protection and evaluation of optimal diagnostic images are stressed. Laboratory experience complements the didactic portion. This course provides the knowledge base and cognitive skills necessary to perform standard and special radiographic procedures, with both cultural and physical conditions addressed. Instructor signature required. Transfer: CSU. Grading: Letter grade only

Location: Rancho San Antonio Medical Plaza

27760	12:00pm-02:50pm	M	RSAM-01	J. Cathcart		Course Materials	Full-Term
	Start Date: 01/13/25	End Date: 05/22/25		Last Day to Add: 01/27/25

Section 27760: Instructor consent required.

RADTEC-25L: Laboratory for Anatomy and Radiographic Positioning II (1.00 Unit)

Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology Program. Prerequisite: RADTEC-10L. Corequisite: RADTEC-25.

This course provides a comprehensive study of applications of radiographic positioning of the vertebral column, special studies, abdominal viscera, abdomen and GI studies, and upper airway. Procedural considerations for contrast studies, mobile and surgical radiography, and trauma will be demonstrated and performed, as well as age-specific considerations, including pediatric and geriatric considerations. There will be an emphasis on associated anatomy, related introductory pathology, radiographic image analysis, communication, and patient care and safety. This course provides the knowledge base and cognitive skills necessary to perform standard and special radiographic procedures, with both cultural and physical conditions addressed, through role-play on simulated patients. Instructor signature required. Materials Fee: \$6.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

RADTEC-34: Radiographic Imaging (3.00 Units)

Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology Program. Prerequisite: RADTEC-20. Corequisite: RADTEC-34L.
 This course provides a comprehensive study of digital imaging systems, including purpose, design, image acquisition, processing, display, archival, and retrieval. A review of diagnostic radiology equipment components, function and operation is included, with emphasis on impact on image quality and patient exposure. X-ray tube circuitry and radiographic grids are studied in depth for purpose, design, function, and proper use. Students will explore the differences and similarities within various digital imaging detectors, including thin-film transistor arrays, charge-coupled devices, complementary metal oxide semiconductors, and photo-stimulable phosphor plates. An in-depth study of radiation protection, health physics, cell radiosensitivity, and radiobiologic effects in humans will be studied. Medical imaging quality management programs are explored, with analysis of HIS, RIS, DICOM and PACS as they relate to digital medical imaging. A brief introduction to fluoroscopy is included, in respect to fluoroscopic quality control. The use of radiographic equipment and accessories is explored; laboratory experiments complement didactic instruction. Instructor signature required. Transfer: CSU. Grading: Letter grade only

RADTEC-34L: Laboratory for Radiographic Imaging (1.00 Unit)

Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology Program. Prerequisite: RADTEC-20L. Corequisite: RADTEC-34.
 This course provides a comprehensive study of the applications of digital imaging systems, including purpose, design, image acquisition, processing, display, archival, and retrieval. Through a process of discussion, demonstration, return demonstration, group sharing and evaluation, students apply radiation theories to the production of quality digital images. Exposure latitude is coupled with patient dose applications through the use of digital imaging equipment in the on-campus live radiography laboratory. The use and misuse of radiographic grids is evaluated, along with the performance and analysis of quality control tests. Beam restriction, centering sensitivity, acquisition errors, and post-processing capabilities of digital imaging are also explored. Image evaluation and critiques aid students in developing the required skills and critical thinking when utilizing digital imaging systems. Instructor signature required. Materials Fee: \$10.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

RADTEC-41: Radiographic Clinical Education II (7.00 Units)

Limitation on Enrollment: Successful completion of the first semester of the Radiologic Technology Program. Prerequisite: RADTEC-31. This course provides content and clinical practice experiences designed for sequential development, application, critical analysis, integration, synthesis, and evaluation of concepts and theories in the performance of radiologic procedures. Using structured, sequential, competency-based 27782d clinical assignments, concepts of team practice, patient-centered clinical practice and professional development are discussed, examined and evaluated. Emphasis is on patient care and assessment, competent performance of radiologic imaging and total quality management. Students will focus on the well-being of the patient prior to, during and following radiologic procedures. Students perform under direct and indirect supervision as appropriate, adhering to all policies and procedures in the Radiologic Technology Student Handbook. Instructor signature required. Materials Fee: \$26.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Clinical Location(s) to be Determined

SECTION HOURS DAYS LOCATION INSTRUCTOR INSTR. METHOD COURSE MATERIALS SESSION

RADTEC-71: Radiographic Clinical Education V (10.00 Units)

Limitation on Enrollment: Successful completion of the 4th semester of the Radiologic Technology Program and in good standing. Prerequisite: RADTEC-61. This course provides continued content and clinical practice designed for sequential development, application, critical analysis, integration, synthesis, and evaluation of concepts and theories in the performance of radiologic procedures. Using structured, sequential, competency-based clinical assignments, concepts of team practice, patient-centered clinical practice and professional development are discussed, examined and evaluated. Emphasis is on patient care and assessment, competent performance of radiologic imaging and total quality management. Students will focus on the well-being of the patient prior to, during and following radiologic procedures with increasingly independent performance. Students perform under direct and indirect supervision as appropriate, adhering to all policies and procedures in the Radiologic Technology Student Handbook. There is a secondary rotation for nine weeks to experience a new facility. Instructor signature required. Materials Fee: \$26.00 (in-person classes only, unless otherwise noted). Transfer: CSU. Grading: Letter grade only

Location: Clinical Location(s) to be Determined

27784	See note below	MTTHF	M. Soto, R. Musharbash, D. Hernandez, S. Apprill, Y. Gomez, R. Castillo, A. Raya, J. Pascoe, & P. Babin	 	Course Materials	Short-Term

Section 27784: 480-540 hours per term arranged clinical.
Section 27784: Instructor consent required.
Section 27784: Zero Textbook Costs (\$0).

RADTEC-77: Radiographic Pathology (3.00 Units)

Limitation on Enrollment: Successful completion of the 4th semester of the Radiologic Technology Program and in good standing. This course provides an introduction to radiographic pathology, with theories of disease causation and the pathophysiologic disorders that compromise health systems. Concepts related to disease and etiological considerations are studied, with emphasis on radiographic appearance of disease and impact on technical factors. Definitions and terminology, causes of disease, radiologic pathology and implications for practice are explored. Radiologic pathology is studied in depth, covering definitions, etiology, examples, sites, complications, prognosis, radiographic appearance, procedural and technical considerations and appropriate imaging modality. Instructor signature required. Transfer: CSU. Grading: Letter grade only

Location: Rancho San Antonio Medical Plaza

SOC-80: Introduction to Research Methods in Sociology (4.00 Units)

Prerequisite: SOC-10. Advisory: Completion of SCSOC-10. Survey of research methods from a sociological perspective - to understand and explain how social forces affect groups within a society. Includes attention to the nature of sociological theory, hypotheses, variables, and ethics of research. Sociological research dealing with quantitative data such as surveys and experiments; qualitative data, such as participant observation, in-depth interviews, case studies, and ethnography; secondary analysis, such as comparative historical research, census analysis, and content analysis. Designed for the sociology major and others who require familiarity with sociological research techniques. Emphasis on student participation in conducting research, analyzing data from a variety of methodological approaches. (C-ID SOCI 120) Transfer: CSU; UC. Grading: Letter grade only

Spanish (SPAN)

For help choosing the Spanish course that best meets your needs and current skill level, visit <https://www.chaffey.edu/acc/acd/acd-academic/spanish.php>.

SPAN-1: Elementary Spanish I (4.00 Units)

This introductory course teaches beginning language acquisition in a cultural context through listening, speaking, reading and writing. The students will interact with authentic language in cultural context. This course corresponds to the first year of high school Spanish. Spanish 1 is not recommended for heritage (native) speakers of Spanish. This course may also require completion of supplemental assignments. (C-ID SPAN 100) Transfer: CSU; UC. Grading: Letter grade only

SPAN-3: Intermediate Spanish I (4.00 Units)

Prerequisite: SPAN-2 or two years of high school Spanish. This course teaches culture and facilitates language acquisition through listening, speaking, reading and writing. Students will continue to interact with authentic language in context. Content is expanded beyond "survival" needs of the immediate environment in order to express personal meaning and to apply different strategies and techniques to go beyond casual conversation and express opinions, make suggestions on familiar topics, as well as some abstract issues and plans. Students demonstrate an increased awareness of cultural norms, values, and culturally relevant appropriate customs and events. Accuracy becomes quite high for high frequency structures and vocabulary but more complex discourse is still developing and requires a somewhat sympathetic listener or reader. Students will demonstrate the ability to think critically by analyzing linguistic structures and reflecting on and making cross-cultural comparisons. This course is taught primarily in Spanish. This course may also require completion of supplemental assignments. (C-ID SPAN 200) Transfer: CSU; UC. Grading: Letter grade only

SPAN-3SS: Spanish for Heritage Speakers I (4.00 Units)

Prerequisite: SPAN-2 or department-determined equivalency (visit <https://www.chaffey.edu/acc/acd/acd-academic/spanish-3ss.php> to provide evidence to challenge this prerequisite). This course is designed for heritage speakers of Spanish or other linguistically qualified students. It provides instruction that builds upon the existing reading, writing, speaking, and listening skills and the cultural heritage and knowledge of these students. The course will increase awareness of linguistic registers and correct diacritical marks and their correct uses. This course introduces the student to the geography, history, and culture of the Spanish-speaking world and encourages students to analyze and appreciate the important literary, philosophical, and historical texts to build global cultural competence. This course is conducted entirely in Spanish. (C-ID SPAN 220) Transfer: CSU; UC. Grading: Letter grade only

Statistics (STAT)

STAT-10: Elementary Statistics (4.00 Units)

Placement Level: Eligibility for STAT-10 as determined by the Chaffey College placement process as of March 2019, which will result in more students being able to enroll directly in STAT-10, or completion of MATH-542. Advisory: Concurrent enrollment in STAT-510 (previously STAT-610). The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Introduction to descriptive and inferential statistics. Topics include: frequency distribution, measures of variation and central tendency, discrete and continuous random variables and probability distributions, sampling distributions, interval estimations of population parameters, hypothesis testing, analysis of variance, chi square and t-test analysis, and linear regression and correlation. Application of technology for statistical analysis including the interpretation of the relevance of statistical findings. Applications using data from various disciplines such as: business, physical sciences, social sciences, psychology, life science, health science, and education. A specific statistical graphing & computing utility is required. See instructor before acquiring. May be offered as an Honors course. The Math department strongly recommends that any student wanting or needing extra support for this course to consider enrolling in STAT-610 to be taken concurrently with STAT-10. There is a 1 hour supplemental learning requirement that can be satisfied through the success centers. (C-ID MATH 110) Transfer: CSU; UC credit limitations. Grading: Letter grade only

STAT-510: Concurrent Support: Elementary Statistics (2.00 Units)

Corequisite: STAT-10. This course is designed to be taken concurrently with Stat 10: Elementary Statistics. The focus of this course is to review core prerequisite skills and concepts for statistical reasoning with an emphasis on critical thinking and problem solving to increase likelihood of success in Stat 10. This course builds quantitative literacy, connecting learning strategies and statistical knowledge necessary for successful completion of Stat 10. Not degree applicable. Grading: Pass/No Pass only

Success Centers (SUCCESS)

SUCCESS-650 provides tutoring assistance to students currently enrolled in another Chaffey College credit or non-credit course. Enrollment in SUCCESS-650 may be accomplished during registration or at any time during the term in any Success Center. A current Chaffey student ID is required to access this service.

SUCCESS-650: Supervised Tutoring (0.00 Units)

Limitation on Enrollment: Referral by course instructor or academic counselor is required. Student must be enrolled in another Chaffey College course. Open-entry/open-exit supervised tutoring course that provides students assistance in understanding college course assignments. Individualized/small group tutoring and Supplemental Instruction (SI) sessions are conducted outside of class time in a learning assistance center and are structured to help students achieve specific course objectives or improve learning and study skills in specific subject matter. The content of this course varies according to the course for which tutoring is sought. May be repeated. Non-credit. Grading: Ungraded

Location: Campus Success Centers

Work Experience (WORKEXP)

WORKEXP-97A: Work Experience Education (1.00 Unit)

Other: Student must be employed or participating in an internship. This work experience course is designed to prepare working students for their future careers by integrating academic and on-the-job learning experiences. In collaboration with the instructor, each student will select learning outcomes to facilitate the successful development of employability skills appropriate in their job and/or their discipline. Students must be employed (either in a paid or volunteer capacity) to enroll in this course. Each unit requires 75 hours of paid work or 60 hours of volunteer work during the semester. Students may earn up to three (3) units each semester and students may earn a maximum of 16 semester credit hours for all types of work experience instruction while at Chaffey College. The volunteer or paid work experience need not be related to the students' educational goals. Transfer: CSU. Grading: Letter grade with option for Pass/No Pass grade

Hybrid & Online Distance Education

Canvas is the course management system used by faculty at Chaffey College for the delivery of both hybrid and online classes.

canvas

BE TECH READY

- Frequent and extended access to either a desktop or laptop computer, or a tablet that is equipped to support varied usage of software is ideal.
- Reliable and extended access to the internet is necessary to complete course work.
- The latest versions of Google Chrome, Mozilla Firefox, and Safari are all compatible with Canvas.

GET FAMILIAR WITH CANVAS

- Students have access to the Student Support Hub, where they can connect with Student Support Services, and access a Canvas self-paced course. This course contains tutorials and instructions to help prepare students on how to use Canvas at Chaffey College. Visit the course at the link below.

[STUDENT SUPPORT HUB](#)

ACCESS YOUR HYBRID OR ONLINE COURSE

- Students enrolled in a hybrid or online class will be granted immediate access to Canvas.
- Students will have access to their class(es) in Canvas on the first day of instruction.

Online education offers a flexible learning environment with on-demand embedded support.

[Learn More Here](#) 

DOWNLOAD THE CANVAS STUDENT APP!

The Canvas Student App allows students to access their courses and groups using a mobile device. Students can submit assignments, participate in discussions, view grades and course materials. The app also provides access to course calendars, To Do items, notifications, and Conversations messages. You can download the app from the Apple App Store or Google Play Store. Search for **Canvas Student**.

Honors Program

Spring 2025

What are the benefits to joining the Honors Program?

- Challenging curriculum and small classes
- Priority access to designated Honors courses
- Preferred registration
- Participation in local, state, and national research conferences
- Access to university libraries and invitations to special events
- Transcript annotation indicating honors credit and grade
- Increased probability of transfer (twice the average) coupled with Honors transfer agreements with designated universities guaranteeing priority consideration/acceptance

Honors Program Office

Dr. Julie Song, Honors Director
Helen Leung, Honors Counselor
Dotty Nevarez, Administrative Assistant II

Phone: (909) 652-6263 / 6478

Email: Honors.Program@chaffey.edu

Online: [Honors Program webpage](#)

Hours: M-TH: 7:30am-2:00pm

F: 10:00am-1:00pm

Who may enroll in an Honors course?

- A student who is a member of the Chaffey College Honors Program
- or, a student who has obtained special permission from the Director of the Honors Program, the Dean of Public Service, Culture, and Society, or the instructor of the course.

Download the Honors Program application from the [Honors Program webpage](#) or pick up a copy in the Honors Office or the Counseling Center. Contact us with questions at Honors.Program@chaffey.edu.

There are 2 ways to achieve Honors credit for a course.

1. Take an Honors course section in the spring:

CAMPUS	COURSE	SECTION	START - END DATE	FACULTY	HOURS	DAYS	LOCATION
ONLINE	ANTHRO-3	24886	1/13/25 - 5/22/25	A. Tripp	Online hours		Canvas
ONLINE	ESC-1	40216	1/13/25 - 4/25/25	J. Lee	Online hours		Canvas
ONLINE	ENGL-1A	38521	1/13/25 - 5/22/25	A. Martinez	Online hours		Canvas
ONLINE	ENGL-1B	38642	1/13/25 - 5/22/25	Staff	Online hours		Canvas
ONLINE	ENGL-75B	40497	1/13/25 - 5/22/25	S. Connelly	Online hours		Canvas
ONLINE	PSYCH-1	27437	1/13/25 - 5/22/25	E. Lozano Castillo	Online hours		Canvas
ONLINE	SOC-32	39040	1/13/25 - 5/22/25	J. Song	Online hours		Canvas
RANCHO	STAT-10	39274	1/13/25 - 5/22/25	S. Khair	12:00PM - 1:50PM	MW	VSS-201

2. Do an Honors Program Contract after meeting with the counselor and mapping out your plan. All transfer-level courses may earn Honors credit through an Honors contract, contingent upon agreement by the individual instructor. Students must be accepted into the Honors Program to be eligible for Honors contracts.

Notes for Full-Term Classes:

- Lab-only classes do not require scheduled finals.
- Lecture/Lab combination classes generally hold finals based on when the lecture portion is scheduled.
- Classes that meet 2 hours per week or less (including hybrids and 1-2 unit courses) hold their final either during the last regular class meeting, or online as appropriate; please consult your instructor.
- If your class regularly meets 3 or more days per week, has TBA or arranged hours, is not listed above and the notes above do not apply, OR you have a conflict, please confirm the exam time with your instructor.
- If you have any questions regarding the time of your final exam, please consult your instructor. Modifications to the final exam schedule are subject to approval by the appropriate Dean.

Notes for Short-Term Classes:

- All classes scheduled less than full term (including Fast Track and 14-week) hold finals during the last regular class meeting.

Notes for Fully Online Classes:

- Fully online classes may have different timeframes for final exams. Please consult with your instructor for more information.
