

## **Meet the Faculty!** **(You've got this!)**

**Purpose:** One of the best ways to understand the career options related to a major is to discuss them with experts in that major, in this case, one of our Chaffey College faculty. This is also an opportunity to develop mentoring and/or advising relationships with your instructors and get more information about a career field, such as associations, events, clubs, organizations and even volunteer or internship prospects. They've been in your shoes and can offer very important, practical information on how to be successful in college and ultimately, life!

**Directions:** Reach out and meet with a faculty member who teaches in the major you are interested in pursuing and ask the interview questions in STEP 3. You can choose faculty you've had a class with, or check in the department office for faculty members or use the Chaffey College directory at: <http://www.chaffey.edu/contacts/dept.php>

**STEP 1: What major are you interested in?** \_\_\_\_\_

\_\_\_\_\_

**STEP 2: Who are you meeting with?**

Name: \_\_\_\_\_

Faculty Contact information (phone & email): \_\_\_\_\_

What Chaffey College Department are they a part of? \_\_\_\_\_

What classes does this faculty teach? \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_
