## Graduate Exit Survey - Spring 2023 Semester

Overview: Each year, the Office of Institutional Research distributes an online survey instrument via Qualtrics to collect feedback from all students who earned a Degree or Certificate from the college during the academic year. Respondents rate their satisfaction with their experiences at the college, provide information about future plans, and answer behavioral and attitudinal Likert scale questions. The survey was completed by 468 respondents in May of 2023. With 2,513 award earners in 2022-23, the response rate can be generalized to the graduating student population with approximately a 98.3% confidence level (+/- 4.09).

of graduates indicated that if they were to begin their college career again, they would still choose Chaffey College
