

AP 4040 Library and Learning Support Services

The Governing Board provides Library and learning support services for students and faculty of the District, including access and services at District owned and operated locations.

The Library complies with standards, rules, and regulations adopted by the Board of Governors, California Community Colleges.

Library services are provided to all currently enrolled students with ID cards, full-time faculty, contract staff, and part-time faculty. Hours of operation are provided to the campus community, including at District owned and operated locations, on a semester basis. Supervision by certificated personnel occurs during all hours that District owned and operated locations are open to students.
