Club Report

The club is doing well. Our dental career discussion panel event last week was a success. We're in the works of doing an egg scavenger event at Rancho Cucamonga next week if everything goes well. More details of the event will be out if this goes through, on flyers and our Instagram page. The club is still in discussion on finalizing the event of community service we're doing. We're probably going to an elementary school for it.

Club Report	<p>Club has been doing fine. Before spring break we have been doing activities, like games, board games, and charades. For the week of Spring Break, we made plans to include everyone and welcome everyone to attend a hangout ta Victoria Gardens Friday at 3 pm. All were invited, Afterwards, we were not able to have a club meeting due to an advisor having a meeting that day. SO yesterday, we had arts and crafts day where club members were able to draw step by step their favorite anime characters off YouTube videos. We decided we will like to do more game days and anime showcase days for the club. We are also deciding if we should do a cosplay party at the end of the year, but it is still in the idea category.</p>

Club Report Our club is doing good. We haven't had a lot of students who have been joining our meetings, but it has been nice to work with our officers and professor in order to find more ways to attract more students. We filled out all of our club positions so we are finally on track!

Club Report	Club is doing good. Trying to currently figure out what our last events will be like since the end of the semester is approaching. We are still tutoring Monday-Tuesday-Wednesdays for Bio, Chem and Anatomy/Physiology classes. We also still have our speakers every other week who come talk to us about their career, other options in the medical field, advice, etc.
Upcoming Club Events	We are in the process of trying to figure out if we want to do a drive and collect food/ other things to take to first responders to thank for their services. Maybe a potential blood drive at school with a company and raise money through it. All of this still in the works and will be discussed fully next week.
